EDITORIAL

Dear Reader,

now we are proud to present the fourth issue of the special „Lustiges Taschenbuch" (Funny Paperback) in English.
The first books of this series were an experiment
as we thought (and think)
that the great comics tradition
of combining words and pictures is an easy
and entertaining way to learn English.

Due to positive feedback from our readers
we feel encouraged to continue.
So meet all the familiar characters from Duckburg
in the original English version.

To make the language clear and simple all stories
have been re-edited — so you don't need to be
an English language expert to enjoy the very funny stories.
But just in case the dictionary at the end of the book
might come in handy.

Have fun!

Inside Donald Duck
Donald is polishing Uncle Scrooge's "office spillover" for thirty cents an hour...
...which would be easy — except for this!
You've gotta have **snap** to get where I am, nephew!
#1
Yessir! **Snap** and **savvy**! Are you **listening**, Donald?
>Groan!<

But I guess my talents are **rare**! Otherwise, there'd be more **tycoons** around!
Thank heavens there **aren't**!
>Sniff!< Do I catch a whiff of **sour grapes**!
Oh, stop **bragging**! It's **unbecoming**! Even for a **tight-fisted penny-pincher** like you!
Ahh! The **jealousy** of lesser mortals is **sweet**!
Admit it — you **envy** my **financial prowess**!
Prowess, **bunk**! Your **financial luck** comes from **that**!
My old **number one dime**?
#1
Phooey! The dime's merely a **sentimental keepsake**!
Hah! **That's** almost as rich as **you** are!

I've seen you go to pieces when you think it's been lost!
As the first dime I ever earned, it does have a symbolic value...
...but it certainly isn't responsible for my fortune—
Hey! Whoah!
What're you doing?
Polishing it! It's dull!
I like it dull! Put it back!
Why? It's just a sentimental keepsake, isn't it?
Whoops! Kinda slippery!
DONALD!
Give it to me!
And get polish all over you? Just let me finish!

You're jostling me, Uncle Scrooge!
Got it!
>Eep!<
Careful!
I told you it was slippery!
>Uuh!< >Argh!< >Gnash!<
HAW HAW HAW!
Haw ha--
GULP!

DONALD!
>Hak!<
>Kaff!<
>Choke!<
You swallowed it!
>Awk!<
How could you be so stupid? My precious number one dime!
Cough it up!
>Ow!<
Hey!
>Yow!<
Stop fooling around and give me my dime!
I can't. It's stuck. Really stuck!
Feels like it's lodged in my throat.

Remind me to fire you!
Right after I get my dime back
Will I get unemployment?
So —
There's your dime, Mr. McDuck! In your nephew's craw!
Can you get it out?
It's stuck fast — even though it appears to be covered in some slippery substance!
That's polish!
Silver polish? I hope it's not toxic!
Toxic?
Never mind that! Is my dime safe?
Completely unless it falls into his stomach
Then it could dissolve!
Dissolve?!
Yes. Stomach acids are very corrosive!

Doctor! You must operate. Remove that dime at once!
Operate?!
Not on me you're not!
Donald!
don't want this poison pill in me either – but I draw the line at surgery!
HEY! COME BACK HERE!
USURPER! DIME THIEF!
You'll get your dime back – but less drastically!
Wait Donald. Listen!
I'll pay you time and a half through your recovery *
I'll even help out with the hospital bill!
Uncle Scrooge is scalpel-happy! I better get this thing out or he'll have me carved like a Christmas turkey!
* Forty-five cents an hour!

I can't go home – it's the first place he look!
Maybe Daisy can help
Soon –
That's shocking!
How about it Daisy? Any ideas how to get it out?
Well all can think of is ipecac
Ipecac? Sulphic
but I'm desperate
Give it here! I'll swig it down and hope!
Donald!
The bottle says a teaspoonful should do it!
In fact it says not to exceed two teaspoonfuls, or else! You took the whole bottle! How do you feel Donald?

Well
>Oooop
>Blarg!<
No dice
mean no
dime Oooooogh
Well. saw
something on
TV that migh
work!
Ooo
ooo
uhg<
>guh<
Y see.
grab you beneath
your ribs
then
squeeze and
squeeze!
>Boof!<
>Guh!<
>Owl<
Oh
my! That
dime's
really
stuck
I feel
queasy
for some
reason!
Maybe that
toxic polish is
starting to
affect you
Yup!
don t know what else to do.
Donald! Maybe surgery is best!
No!
There s got
to be
another
way!

I'm calling a doctor!
Why is everyone determined to carve me up?
Never mind, Daisy! I'll get it out somehow!
Donald!
Meanwhile, Scrooge has rented a bloodhound —
Clerk! Any bad news? Give it to me straight!
Very well, sir! Your Tuku-Tuvi Tiki factory was destroyed by a volcano!
Whales rammed your shrimp trawlers and devoured the contents of their holds!
Oh, me!
Not to mention your Malaysian Mango plantation has gone sour!
>Moan!< My first dime! My fortune is dwindling without it!
Find Donald, Rudolfo!
Hurry! At this rate, I'll be broke in only twenty years!

Meanwhile, on display at a sporting goods store —
Wow! He's good!
Oooh!
Aah!
That guy is fantastic! We've sold four trampolines in the last five minutes!
Who is he?
My new trampoline salesman. I hope!
The customers love him!
It's no use! I can't shake it out!
The darn thing seems more stuck than ever!
>Ulp!<
Time to go!
Wait!
Donald!

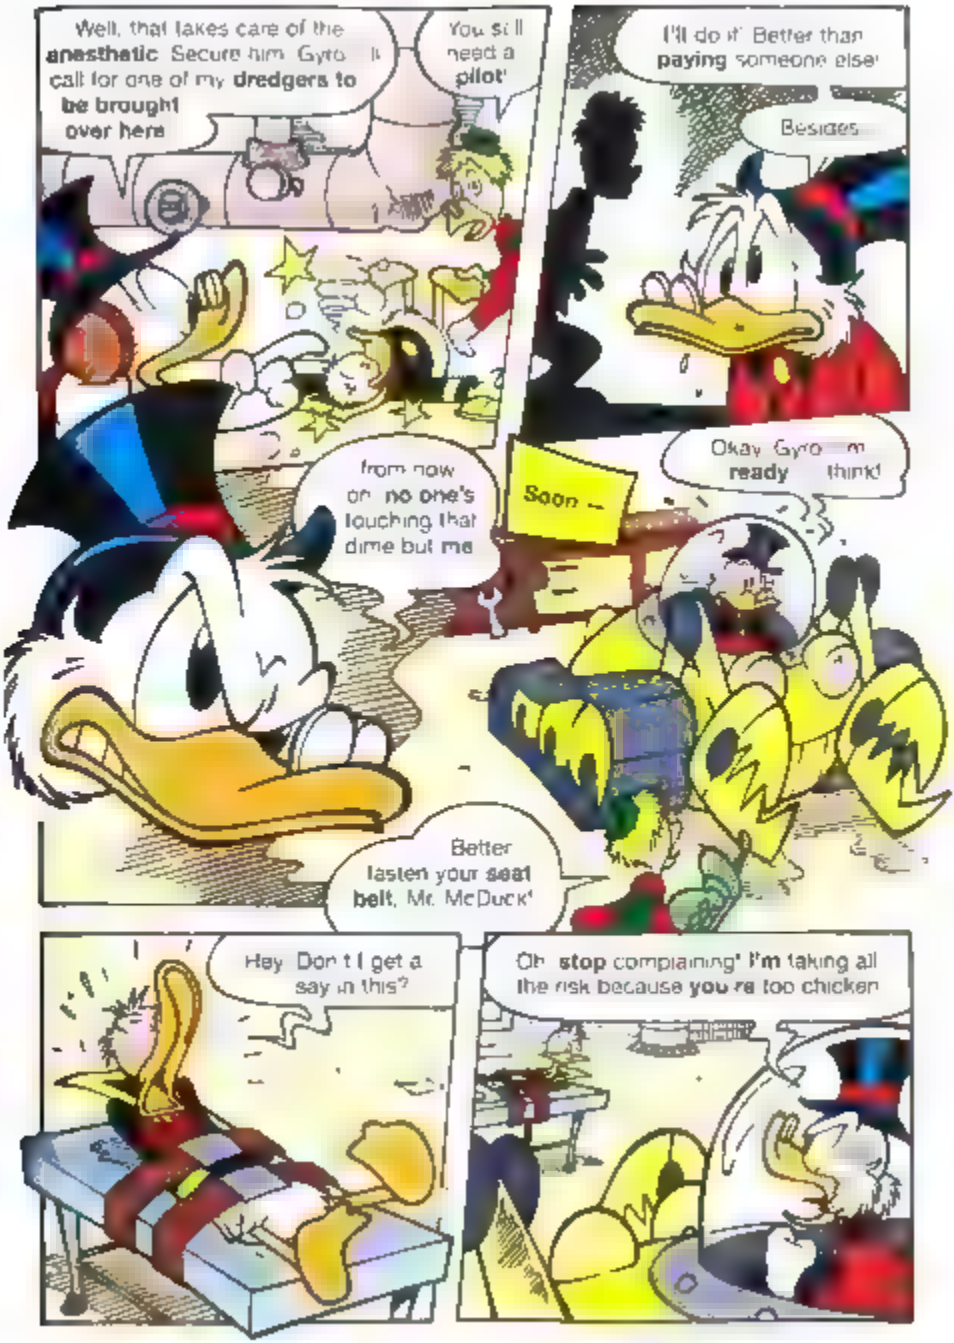
want to hire you! Look!
Here's your commission on the trampolines we just sold!
Not now! I've got a blood-thirsty hound breathing down my neck. And don't mean the dog!
Donald!
Donald! STOP! Listen to me
I've got to jog this diabolical dime loose fast!
I'll try bungee jumping!
'Scuse me fellas, I'm next!
Huh?
You'd bungee better with the bungee cord!
What'd he grab?

My bicycle tether
>YOW!<
Donald! Where'd he go?
Down there - with my bike
DONALD
Hey!
ugh!
What's the idea, bud?
Guess I grabbed a bad bungee! Say What's this I'm tangled up in?
>Gasp!<
It must be the fool from that bank robbery yesterday!
There's a big reward for it
You sure are a lucky duck!

It's the lucky dime in the duck! And Uncle Scrooge won't rest until he gets it back
Donald! Please listen to me!
We can get the dime without surgery
You promise?
Yes promise!
You're sure you have a surgery-less solution?
should've thought of it sooner! We'll get Gyro Gearloose to help!
Gyro! Of course!
Lots cheaper than surgery, too!
Indeed! But –
Hold still, Donald!
>Gah!<
My elongated pincers couldn't get a grip on it
Let's try this narrow-nozzled vacuum cleaner
>Ug-ga-GWACK!<
VROOSH

Still no go! Can't you be a bit more... well... inventive
I tried my patented silver magnet but the dime wouldn't budge so
My super x-ray reveals it's caught in a very tight grip down there!
By Donald's greedy craw! Get it out Gyro
I'm about stumped The safest way might be to find a good surgeon!
You call that safe?
Yes, by comparison! I have one other idea, but it'd be dangerous!
Forget that, then
The danger wouldn't be yours
To shrink one of your undersea dredgers down to pill-size! Then zip down Donald's throat and retrieve the dime
What's your idea, Gyro?

Shrink it? You can do that?
Sure! My miniaturizer can shrink anything!
So you'd pilot my dredger and
Oh, no! Not me!
At that size everything is tremendously magnified!
If Donald sneezed, it'd be like a hurricane!
A hiccup would be an earthquake! You'll have to hire some fearless hero to pilot your dredge!
>Gnash!< Heroes are expensive!
They're also in short supply!
Donald!
No one's invading my gutter! Like a cheesy special effect!
KLONK



Well, that takes care of the **anesthetic**. Secure him, Gyro. I'll call for one of my **dredgers to be brought over here**.
You still need a **pilot**!
I'll do it! Better than **paying** someone else!
Besides...
Okay, Gyro... I'm **ready**... think!
Soon...
from now on **no one's** touching that dime but **me**.
Better **fasten your seat belt**, Mr. McDuck!
Hey! Don't I get a say in this?
Oh, **stop** complaining! **I'm** taking all the risk because **you're** too chicken.

I'll keep in contact by **radio**! Ready?
As **ever** be
Here goes!
Phase one **successful**!
Don't **stare** at me Gyro, it's **unnerving**!
Hold tight I'm loading you into the **injector**!
Injector?
Just a **turkey baster** Donald! **Open wide**!
Now, don't be **difficult**!
Uh-uh!

Looks like a job for my patented dog jaw-locker
Handy for dispensing pills into reluctant pets!
GLORP
Swallow, Donald!
WHOAAH.
>Goolp!<
Whoa! I can't stop
I can't even slow down!

Oh, my soul! I'm going to
CRASH
>UMK <
>HAK-HAK-KAWK!<
The dime!
>Blarg!<

Mr. McDuck! Your dime **came up**!
know Gyro!
The dredger knocked it **loose**
But now I'm stuck
Oh, dear!
Get me **out**, Gyro!
This **isn't good**! What to do? What to do?
I can get Uncle Scrooge out, Gyro!
You can Donald?
Sure. But you'll have to **unstrap** me first
All right! Please **hurry**!
You bet!

Donald!
'll get him out all right! But my way!
Wait! I forgot to tell you why we must hurry!
It's very important!
W-what's going on out there Gyro?
F feels like a r-roller c-coaster
Donald's run off Mr. McDuck!
He said he had a way to get you out!
J-judging from the turbulance, he's speaking to someone!
Wait! What s that?!

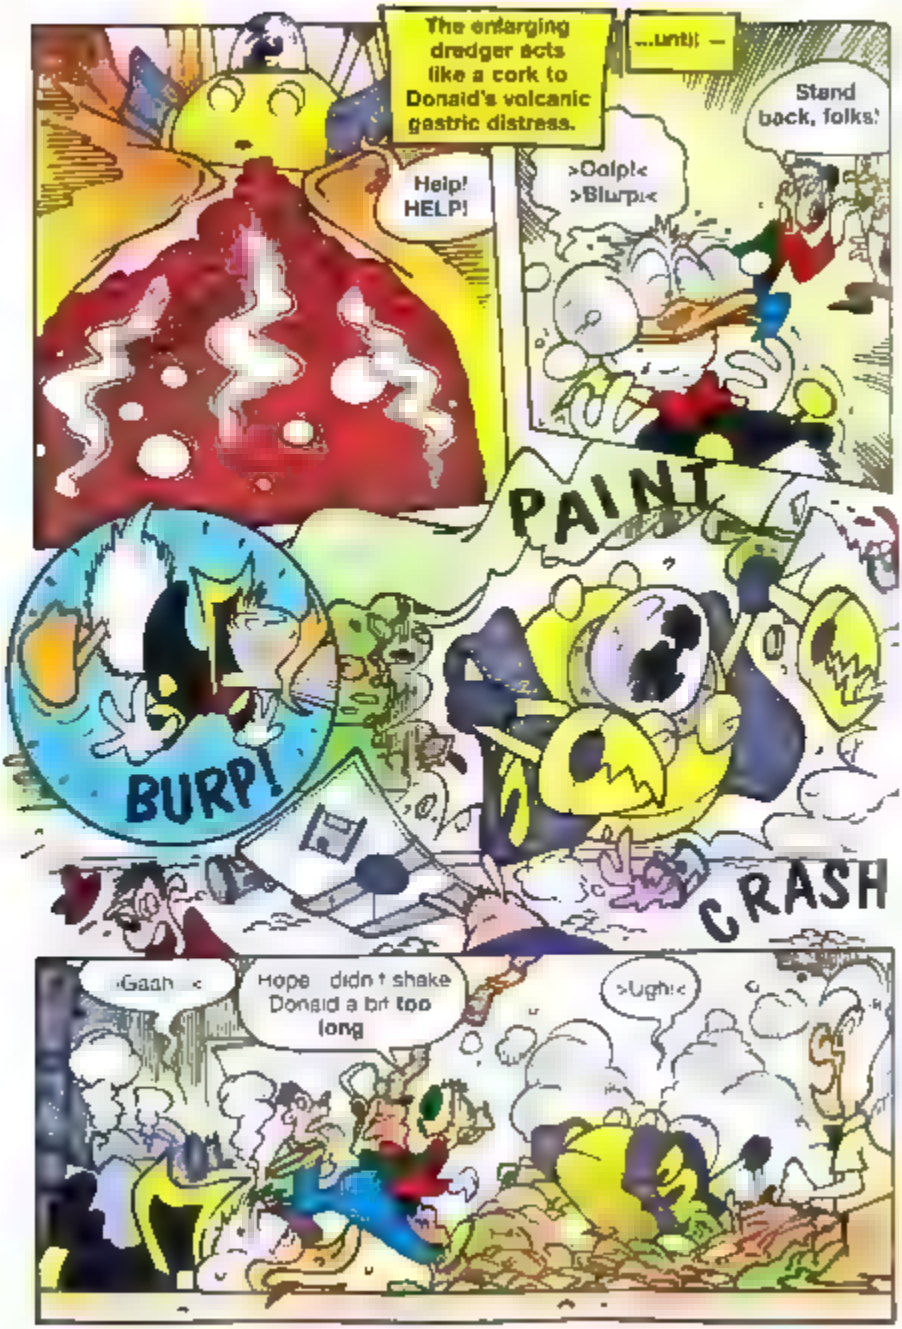
>Ahg!< >Uff!< I'm being bombarded with jalapenos red peppers and tamales!
>Oof!< >Ugh!< BASH! THUNK!
Donald must be in a Mexican restaurant
Exactly so —
Yum. Got anything spicier?
Try this señor!
CANTINA
It's singeing my eyebrows. Perfect.
Heads up, Uncle Scrooge!
Now what?
Looks like molten lava!
Worse! It's Moe's manic hot sauce

m melting and so is he dredger!
Hold on Mr McDuck! I think found the restaurant
SSSSS
But —
The loco gringo ran outta here a minute ago breathing fire!
CANTINA
He must've been desperate for something to cool himself off! But what?
Ice cream Gyro!
Ice cream?
Yes m b-b-b- being inundated in it! -Shiver's
And there's the ice cream parlor!
-B-b-b- brrr's
POP'S ICE CREAM SHOP
Did a duck with a blistered beak come in here?
Sure! Just went out the back

Here you go! The stickiest taffy in town
Ah! Just the thing for an ice cream chaser!
MOLASSES TAFFY TO GO
What're you trying to do?
Donald! No! Not taffy!
Too late, Gyro!
But you don't know the danger!
Taking my dear uncle on a tour of extreme cuisine
Gyro ve been taffied!
M McDuck! Answer me
>Gulp<

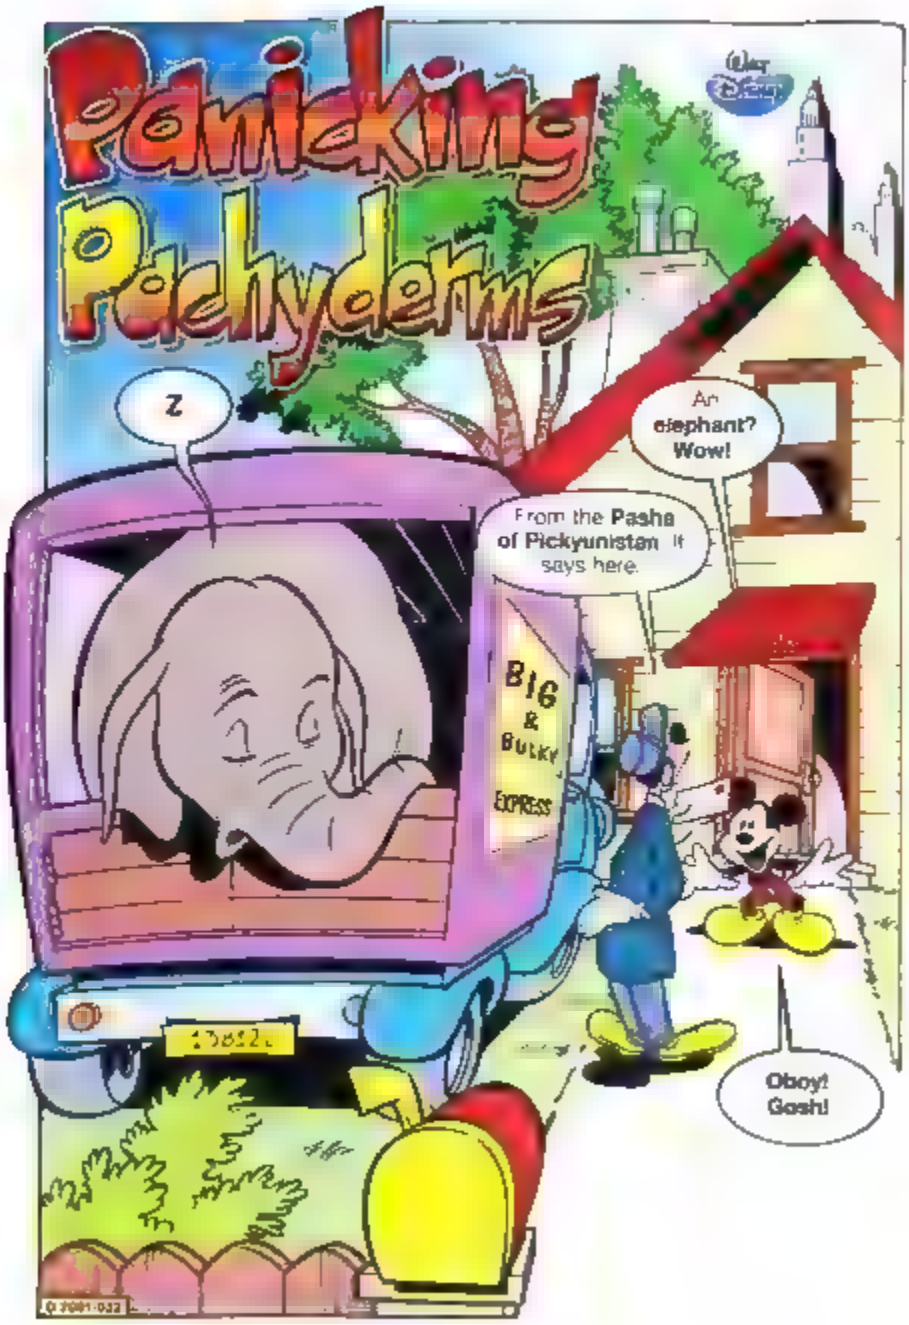
Also, I feel funny like my atoms are tingling!
Uh-oh
Donald! I tried to tell you! My shrinking ray has a time limit
Time limit?
Yes. And it's up right now!
You mean ?
Mr. McDuck and his dredger are growing back to normal!
Skip T could get messy!
It does feel bigger. Gyro! Get him out!
Right, let's try that paint store!
PAINT
What' m not drinking paint
Don't be silly!

Whoa there! need to use your paint shaker pronto!
?
Hey That's not for people!
>Gahk!<
>Sputter!<
>Choke!<
Adapt and adapt!
Don't panic, Donald! This should do it
>Ack!<
>Ngg!<
>Spul!<
WHRRRRR
I'm beginning to see why heroes are so well paid!
Now to let nature and all that rich spicy food take its course!
>Urp!<
>Blick!<

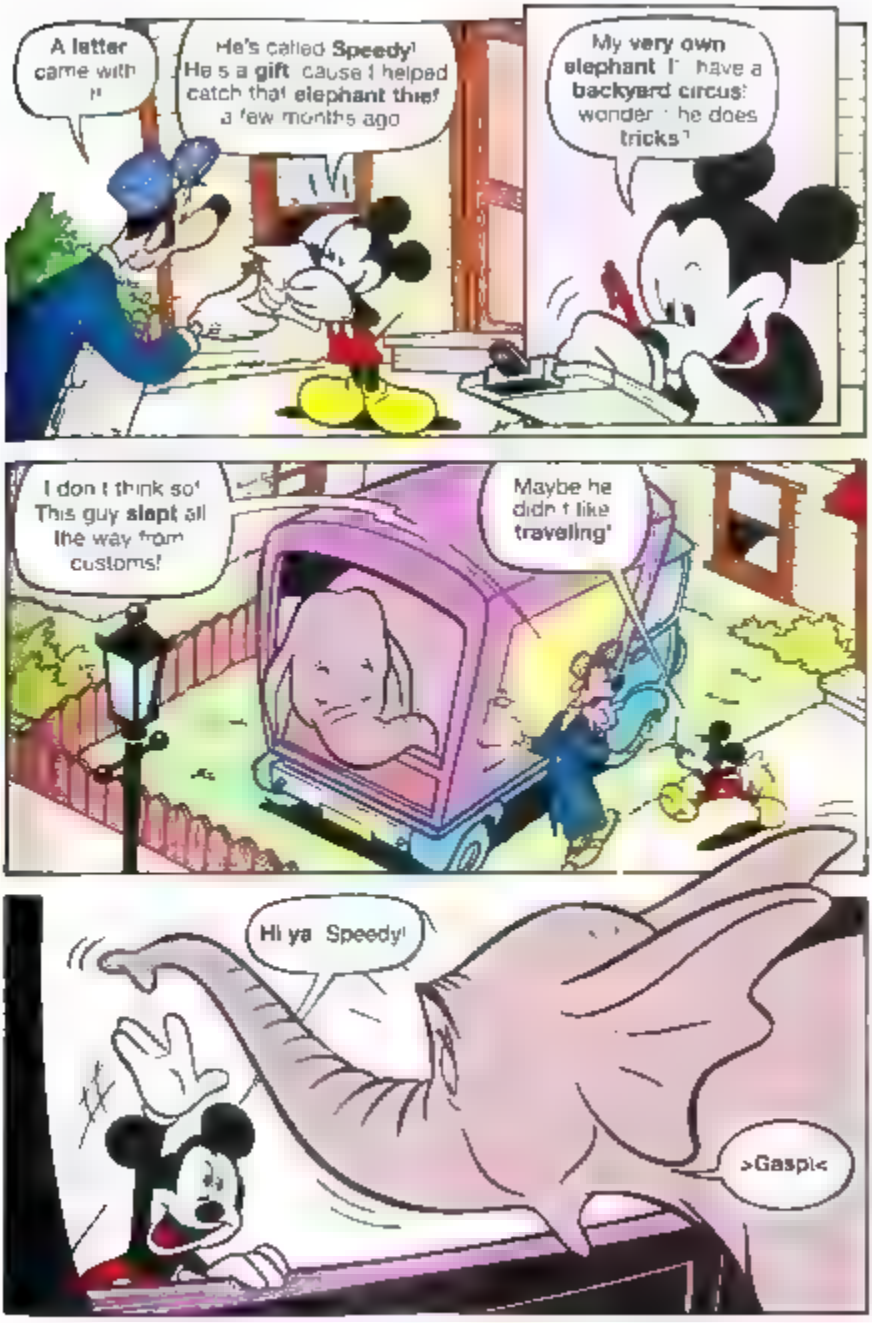


The enlarging dredger acts like a cork to Donald's volcanic gastric distress.
...until —
Help! HELP!
>Oolp!<
>Blurp!<
Stand back, folks!
PAINT
BURP!
CRASH
>Gaah...<
Hope didn't shake Donald a bit too long
>Ugh!<

You okay Mr McDuck?
I'm queasy!
>Tweet!<
>Tweet!<
Wait'll you get the bill for this mess!
Meanwhile, this'll make you feel better!
Oh! Thanks, Gyro!
>Gluti<
The #1 dime!
Ah! I feel better already!
Where's my pill? I'm queasy too!
Sigh... Back to the lab
Feeling heroic. Donald?
Oooglk Always!
END



Panicking Pachyderms
Z
An elephant? Wow!
From the Pasha of Pickyunistan it says here.
BIG & BULKY EXPRESS
Oboy! Gosh!



A letter came with it
He's called Speedy! He s a gift cause I helped catch that elephant thief a few months ago
My very own elephant I have a backyard circus! wonder he does tricks!
I don t think so! This guy slept all the way from customs!
Maybe he didn t like traveling!
Hi ya Speedy!
>Gasp!<

HRANK!
CRASH
Uh-oh
He was so **mild mannered** until
Until he saw me!
As if he was **scared** of you!
But **why**?

<Gulp!<
Oh!
Sorry neighbor
I need some camouflage!
This should do the trick!
Ha it's better

That did it! My face scared him!
Hello!
He's just tired now!
Weird!
Get that monster out of my pool!
So —
Giddyup, Tantor! Kreegah Bundolo Cheer up, Speedy!
Look, it's my pal, Goofy! Let's have some fun with him!
Hi Goofy. How about a drink for my elephant?
Why shore Mick
Elephant? Yipe!
>Ugly<

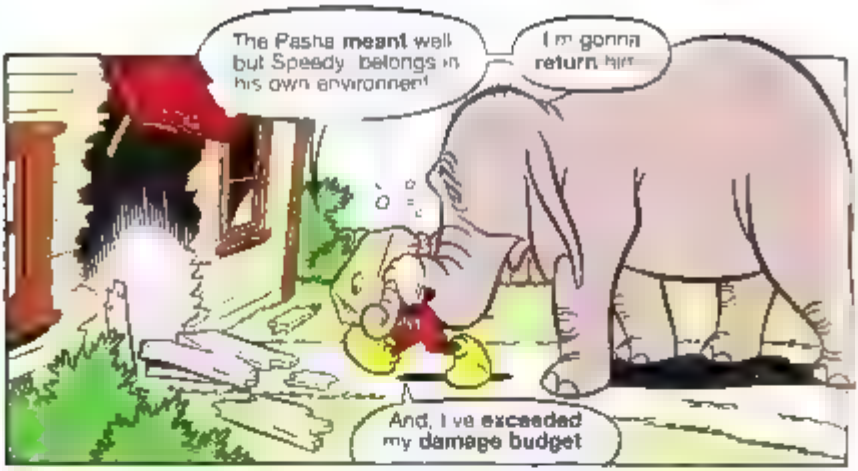
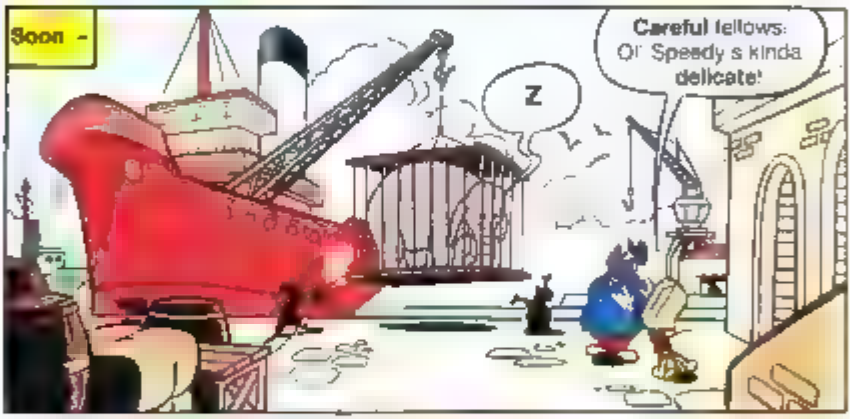
>Ulp!<
>Gasp!<
Speedy **Stop!**
You need a **leash** for that critter, Mick!
No! the **bank!**
KROOM

CITY
Speedy!
BANK
A masked bandit!
And an elephant helper!
No! I'm not a robber!
Police!
I'm just weaning it so the elephant isn't
scared!
HRANK!

Oh Speedy Am I really that scary?
Yes, and ~
What a mess ll be paying damages forever!
We re lucky we didn t get arrested
What is it with you, Speedy? You alternate between terrified and pooped!
Maybe he's depressed! Or he misses his fellow elephants. ?
Z
Of course! He s homesick, poor guy!

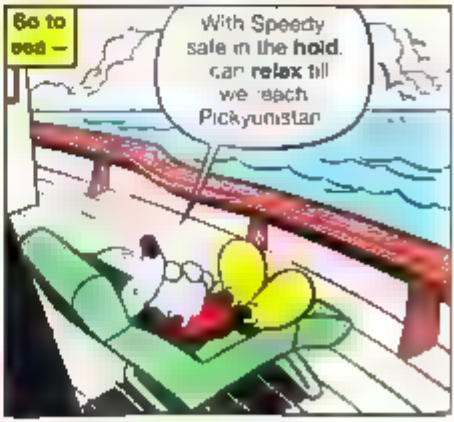


The Pasha **meant** well but Speedy belongs in his own environment!
I'm gonna **return** him
And, I've **exceeded** my **damage budget**

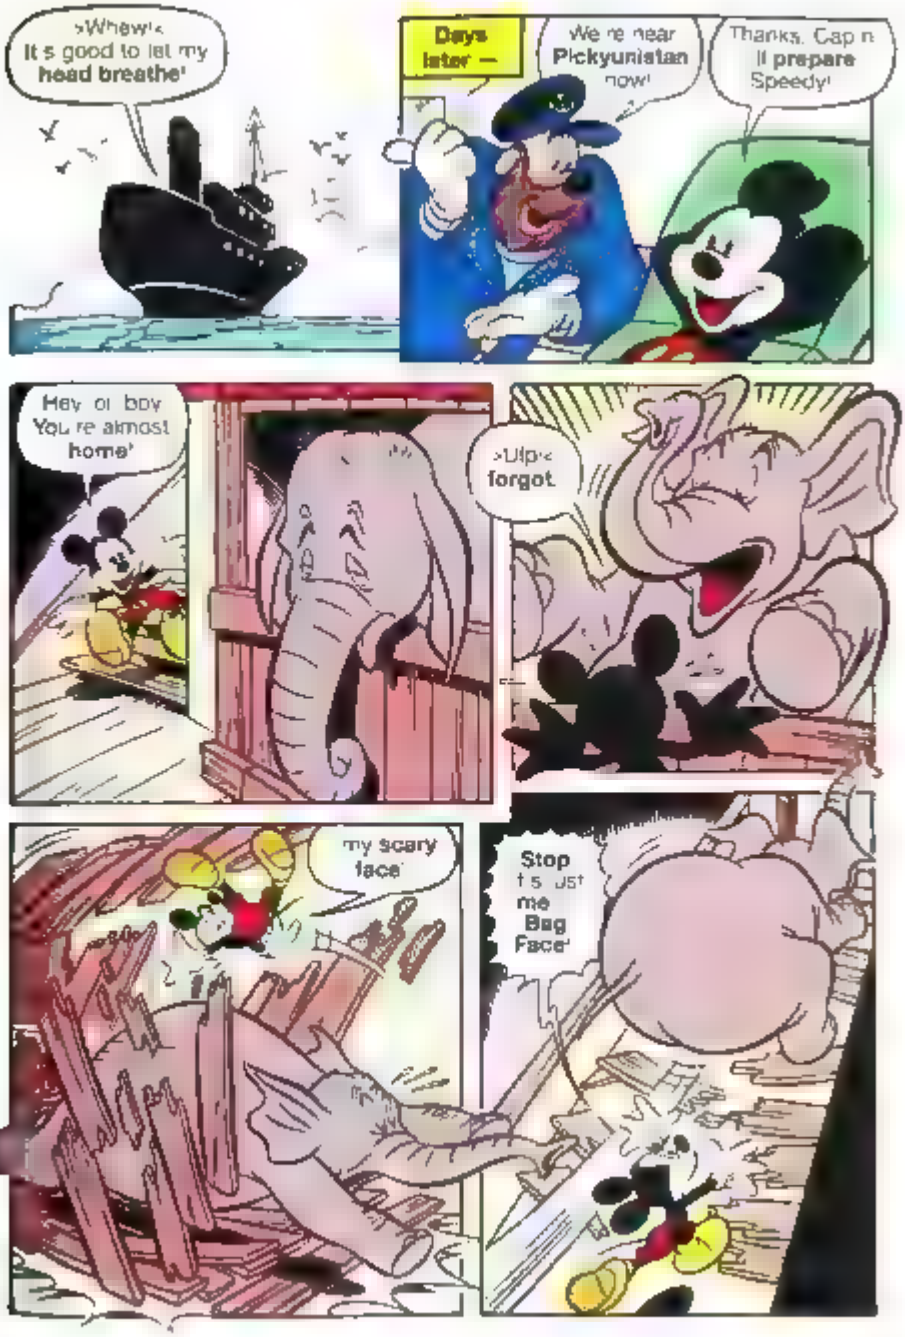


Soon –
Z
Careful fellows: Ol' Speedy's kinda **delicate**!

This is **expensive**!
Luckily the Pasha's **rich**! He'll **reimburse** me after I explain things!



So to sea –
With Speedy safe in the **hold**, can **relax** till we reach Pickyunistan



>Whew!<
It's good to let my head breathe!
Days later —
We're near Pickyunistan now!
Thanks, Cap'n. I'll prepare Speedy!
Hey, ol' boy. You're almost home!
>Ulp!< I forgot.

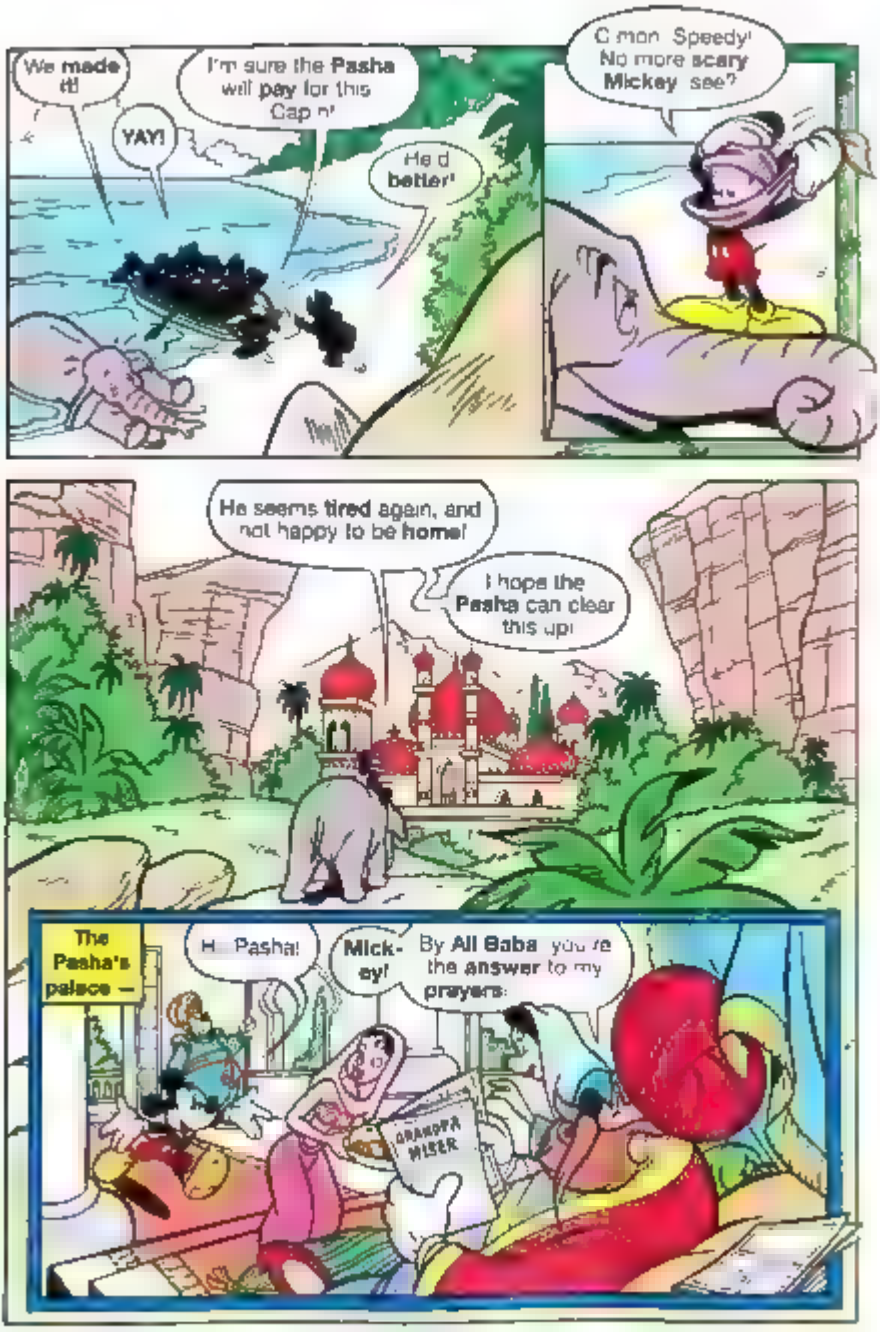
>Aii!<
Yee!
Stay Away!
>ugh!<
Only one lifeboat left! And he'll sink that too! Unless

Spee-dy!
Oh no!
Eek!
Bad elephant!
>Gasp!<
You stopped him, Mickey. He's terrified of you.
I know!
I'm sorry Speedy!
That's it, Speedy. Dog paddle!
Good thing we're so close to shore!



We made it!
YAY!
I'm sure the Pasha will pay for this Cap'n!
He'd better!
C'mon Speedy! No more scary Mickey see?
He seems tired again, and not happy to be home!
I hope the Pasha can clear this up!
The Pasha's palace —
Hi Pasha!
Mick-ey!
By Ali Baba you're the answer to my prayers.
GRANDPA MISER

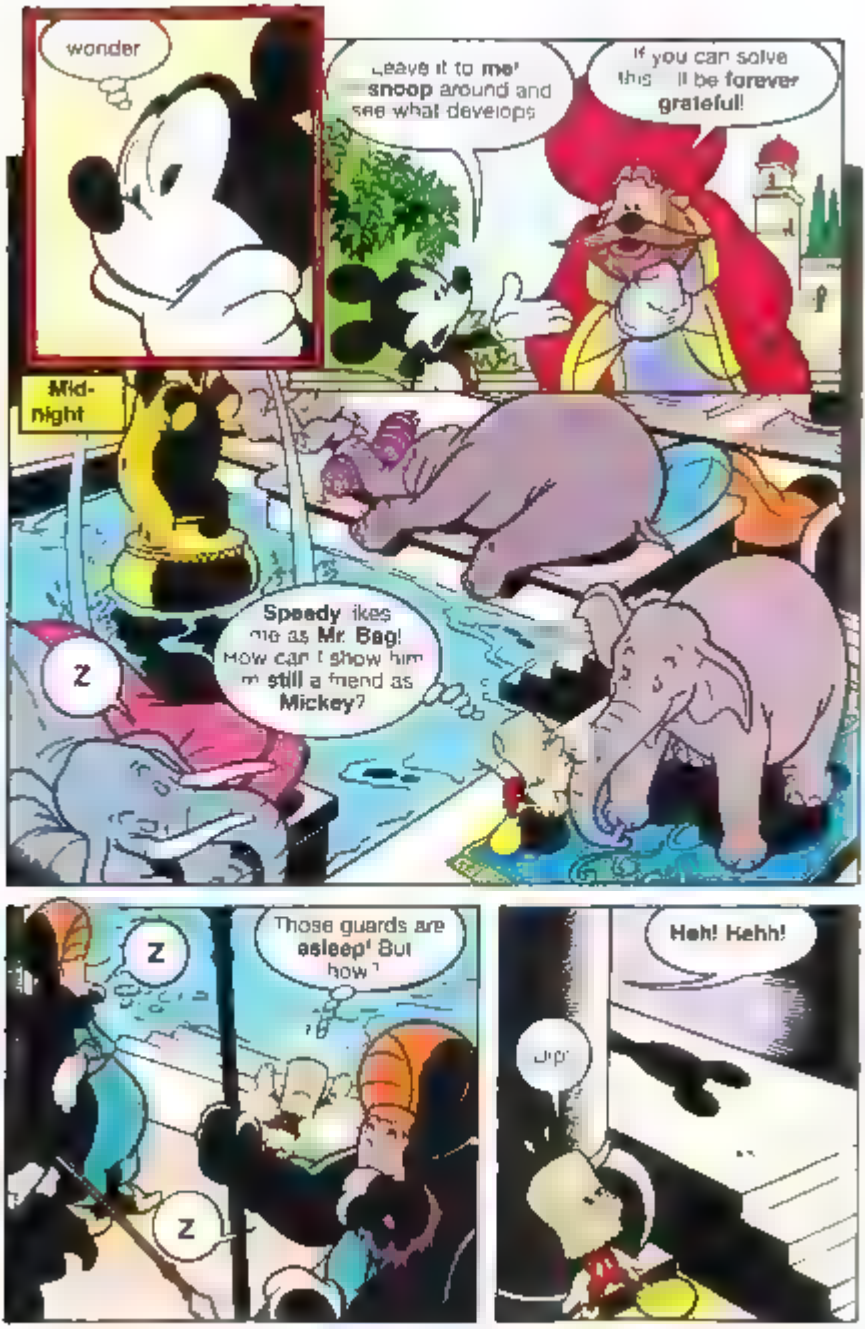
Mickey tells his tale —
I'm so sorry for the trouble my gift caused, Mickey. Of course, I'll pay all the damages
But I have no idea why Speedy is so scared of you!
Huh!
He was always tired too!
By Aladdin! All my elephants are tired, Mickey
They are?
Yes, it's a mystery! And it could prove disastrous for me!
My elephants always win the Pickyunistan Pachyderm Polo Playoffs
But lately, they've been so pooped they can hardly move!
Get up!
Hut hut!

The timing is a disaster
Thinking d win, I bet my most valuable treasure! As did my competitor the Sultan of Sardonica
So the stakes are high!
If I lose— No! I dare not even think it
What did you bet? Not your country hope?
No bu Boo hoo!< can't discuss it! t's just too awful to think of! >Blubber Choke!<
!
It must be pretty darn precious!
Y yes. >Snivel<
Can I help, Pasha?

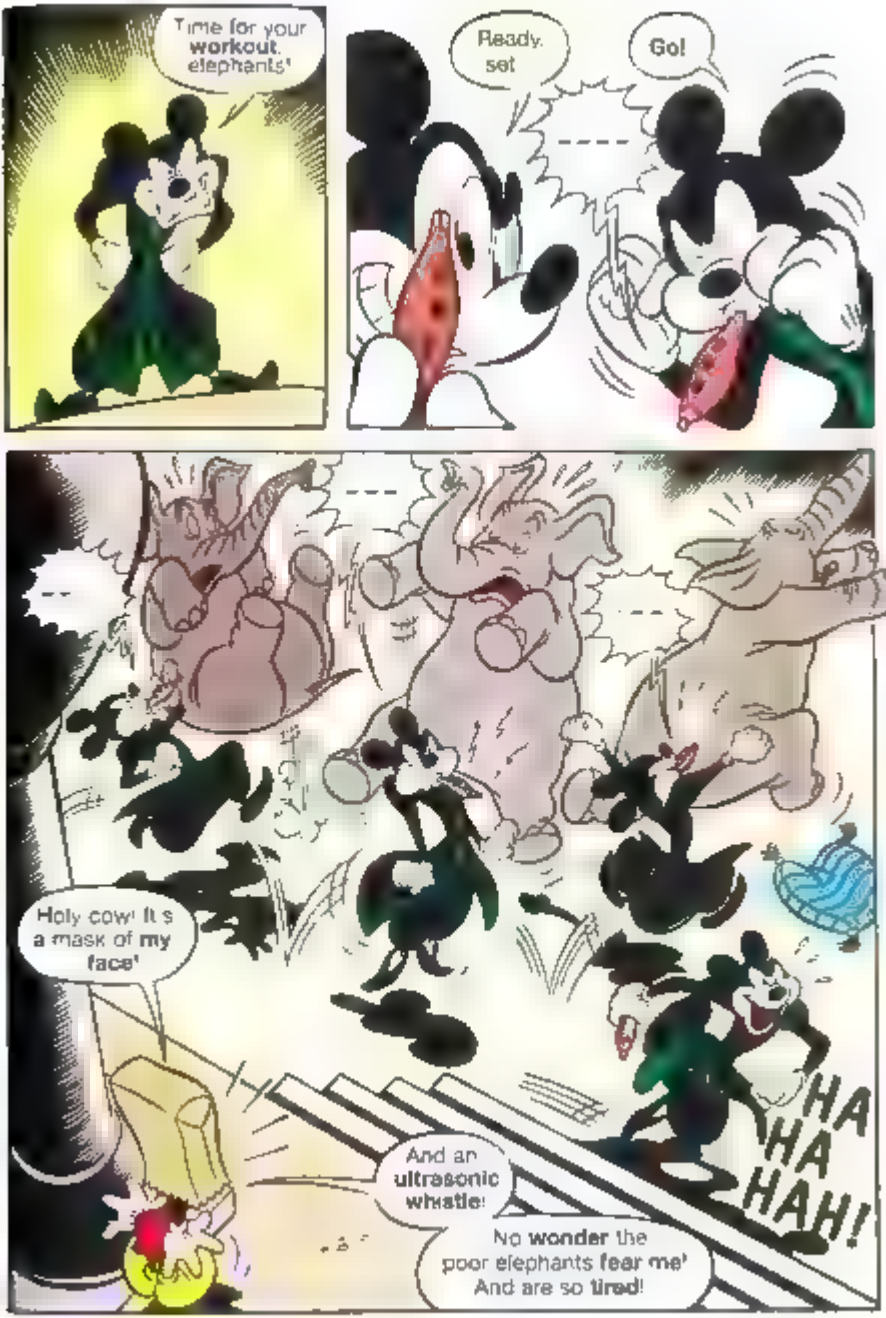
Bless you! I knew I could count on you Mickey
Show me where the elephants are kept
At night they are guarded constantly! Come!
Z
Z
Z
GOURMET ELEPHANT CHOW
They really are pampered!
Pampered? Don't all elephants need perfumed heated bath water? Velvet pillows and gourmet food?
The masseuses may be a bit much, though!

Come meet my crack team of polo-playing pachyderms!
ARO!
HRO!
HRENK!
HANK!
KRASH
I-I don't understand it
It's me Pasha!

All your elephants have Mickey-phobia! I'd better hide my face again
This is strange!
Someone's scaring those elephants Someone with something to gain
I can't believe the Sultan would do it! These events are always friendly!
What happened to the elephant thief I caught last time I was here?
Achmed Ak-Ptui? He's serving time in my mines. Don't worry about him



wonder
Leave it to me! I'll snoop around and see what develops
If you can solve this, I'll be forever grateful!
Mid-night
Speedy likes me as Mr. Bag! How can I show him I'm still a friend as Mickey?
Z
Those guards are asleep! But how?
Z
Z
Heh! Hehh!
Oh!

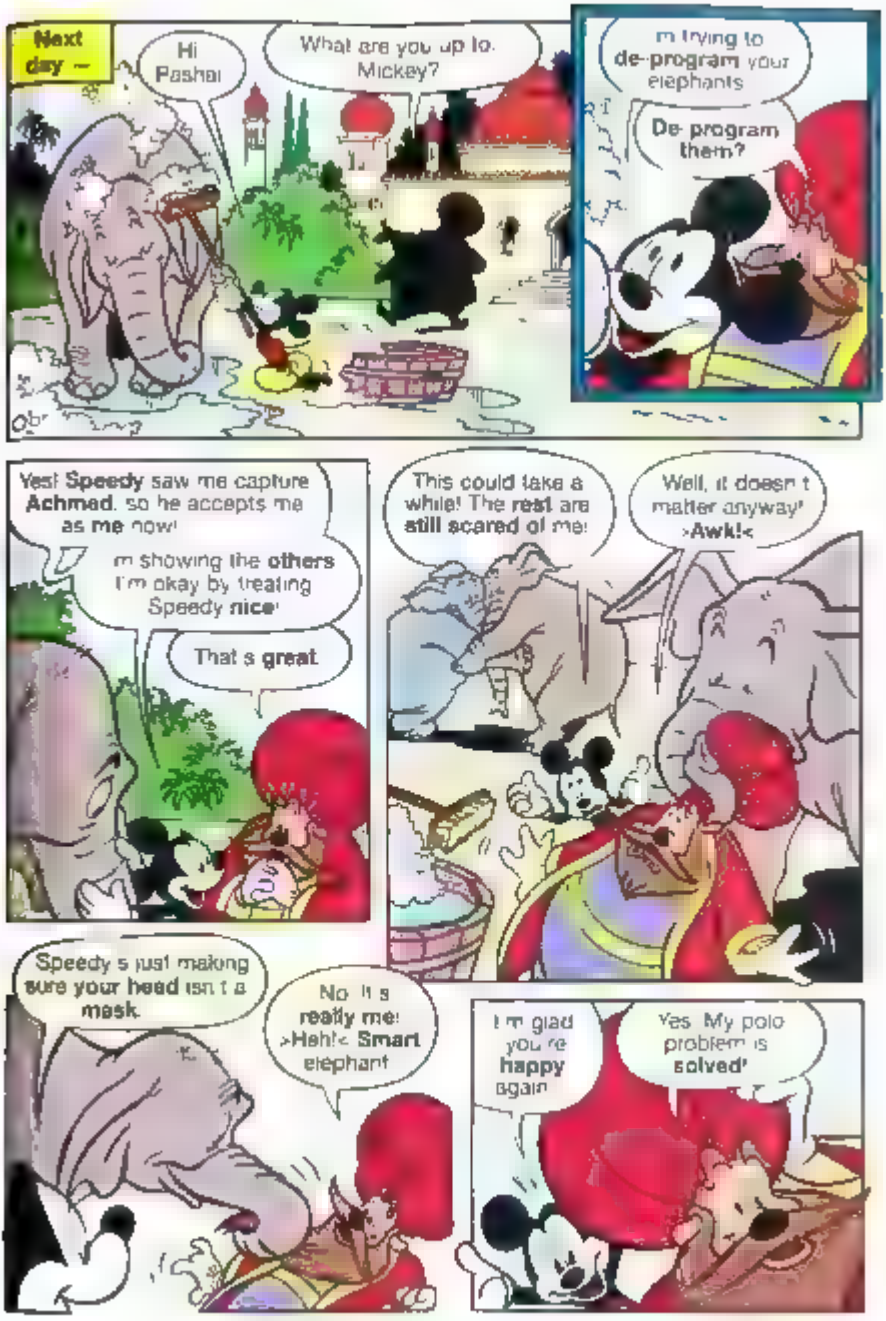


Time for your workout, elephants!
Ready, set
Go!
Holy cow! It's a mask of my face!
And an ultrasonic whistle!
No wonder the poor elephants fear me! And are so tired!
HA HA HAH!

Enough, you bogus Mickey!
How dare you use my face to do your dirty work?
Yipe!
thought so! Achmed Ak Ptui, the elephant thief!
Escaped from the mines, eh, Achmed?
A thousand curses, Mickey! You've foiled me again
?!
You sabotaged the Pasha's elephants so he'd lose the polo playoffs!
Using your face was a pleasure!
I swore the Pasha would pay for his treatment of me! Emerald mines, indeed!
=
=
100

So –
You're great! The mystery is solved
Achmed **drugged** your guards and scared your elephants into **exhaustion**
Obviously my **mines** need tighter **security**
Hiss-
But this **doesn't** solve my polo problem! I'm still stuck with a herd of **pooped** pachyderms
Z
must **even** the **odds** with the Sultan
've **got** it! What if the **Sultan**'s elephants were **tired, too!**
What are you saying

That you go and give the Sultan's elephants the same treatment!
No! There's still one night before the playoffs. Just enough time!
I'm disappointed in you!
It's dishonest and cruel to scare innocent animals! I won't be part of it!
But I'm desperate
Tsk, Tsk. Now what do do?
Maybe
I could be of service. Benelicent One, in exchange for mercy?
Hm. Maybe!

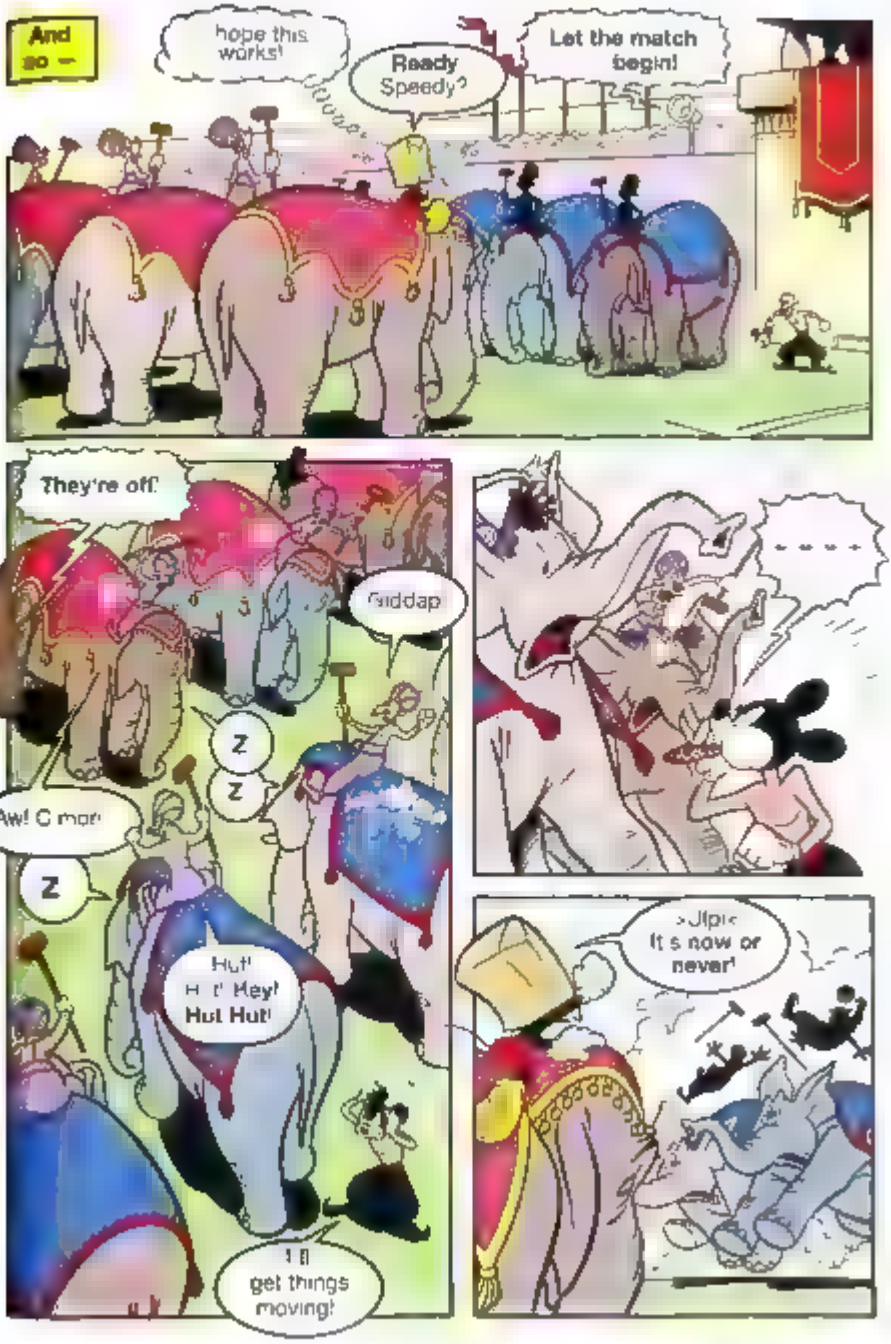


Next day ~
Hi Pashal
What are you up to, Mickey?
I'm trying to de-program your elephants
De-program them?
Yes! Speedy saw me capture Achmed, so he accepts me as me now!
I'm showing the others I'm okay by treating Speedy nice!
That's great.
This could take a while! The rest are still scared of me!
Well, it doesn't matter anyway! >Awk!<
Speedy's just making sure your head isn't a mask.
No, it's really me! >Heh!< Smart elephant!
I'm glad you're happy again.
Yes. My polo problem is solved!

made a deal with Achmed: He'll go free if he wears out the Sultan's herd tonight!
Huh?
You'll be sorry bet
know it's bad sportsmanship, Mickey! But I'm at my wit's end!
I-I can't face losing my most precious treasure!
>Sputter!< Oooh! No! It's unthinkable!
Please don't think too badly of me... I'm just a weak old Pasha
You can't trust Achmed! You'll see!
All I can do is continue my niceness program
I'm a swell guy, fellas! Really!

Next day the potentates meet over the field of battle —
Hello Abdul!
Hello Abn Ben-Beni!
How are your elephants Abn
Very tired, Abdul
Because that creep of yours terrorized them!
>Gasp!< You know?
Oh yes. My elephants are exhausted
But you made a deal with Achmed! He's now working for me as my goalie!

Pasha!
SWOON!
Achmed double-crossed me, Mickey!
You can't trust a thief!
You're right. He'll keep my elephants scared! They'll never score!
He did traumatize the sultan's herd last night, so they'll be scared of you, too!
Mickey! I hate to ask but
No! I won't scare the poor elephants!
But maybe we can.

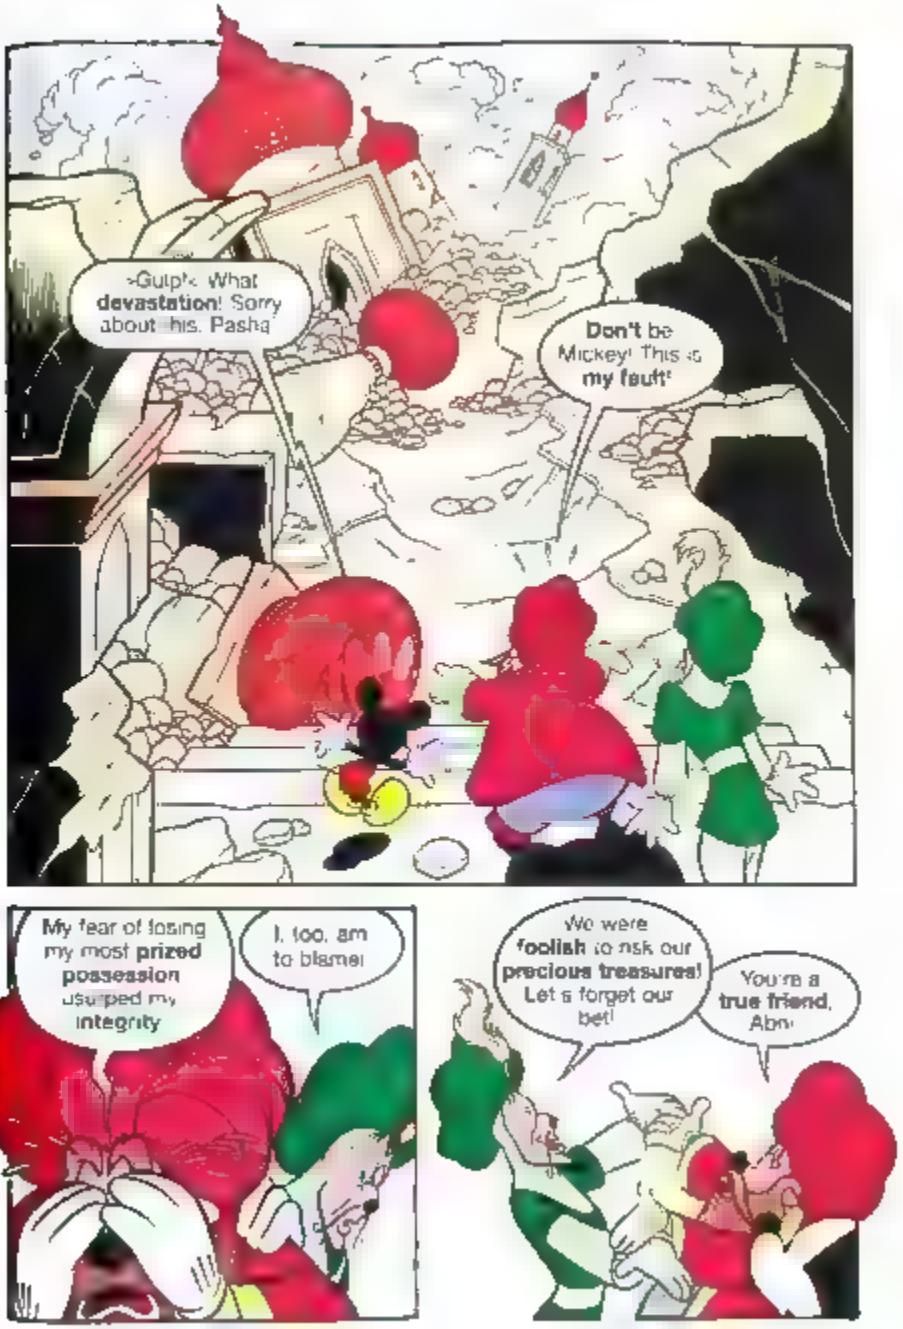


And so —
I hope this works!
Ready Speedy?
Let the match begin!
They're off!
Giddap
Z
Z
Aw! C mon!
Z
Hut! H ! Hey! Hut Hut!
I'll get things moving!
. . . . .
Yipie
It's now or never!

Look Speedy! Bad Mickey!
HNRG!
Woo hoo!
HRANK!
What's your goalie doing?
Saving my bacon?
Take that Achmed!
>Oof!<
AROOOO!
>Eek!<
That's not cricket, is it?
This is polo, Abn!
Of a sort.

Help!
-Mmfl-
Speedy
wait.
Oh no!
EEEEEEEEH!
BBB
when
have
you!
can do
without the
mask

Oh dear Our poor elphants
Caught between Mickey and Achmed s mask there s no escape!
But there is
Yow!
>Eek.<
AROO!
HRANK!
Oh, how bitter taste the dregs of my dishonesty
AROOO!
HRANK!
Bitter bitter dregs. Abdul



>Gulp!< What **devastation**! Sorry about this, Pasha
Don't be Mickey! This is **my fault**!
My fear of losing my most **prized possession** usurped my **integrity**
I, too, am to blame!
We were **foolish** to risk our **precious treasures**! Let's forget our bet!
You're a **true friend**, Abu!

Er maybe **now** you can tell me what it was you two **wagered**?
Hope it wasn't something that got **ruined**!
No!
My **treasure** is safely protected in my **triple reinforced vault**

GIZMOS
MORE GIZMOS

True, Gyro's helper was built for hard work —
He's more than a lamp!
Alright! I know!
But he's more than just microchips and metal.
More pie, Dewey?
Oboy!
...much more.
More batteries helper?
GYRO GEARLOOSE

Thanks, helper! I don't know what I'd do without you!
Gee! Too bad everyone can't have a helper!
Say! Why not?
?!?
And so —
Scrap metal in brand new helpers out!

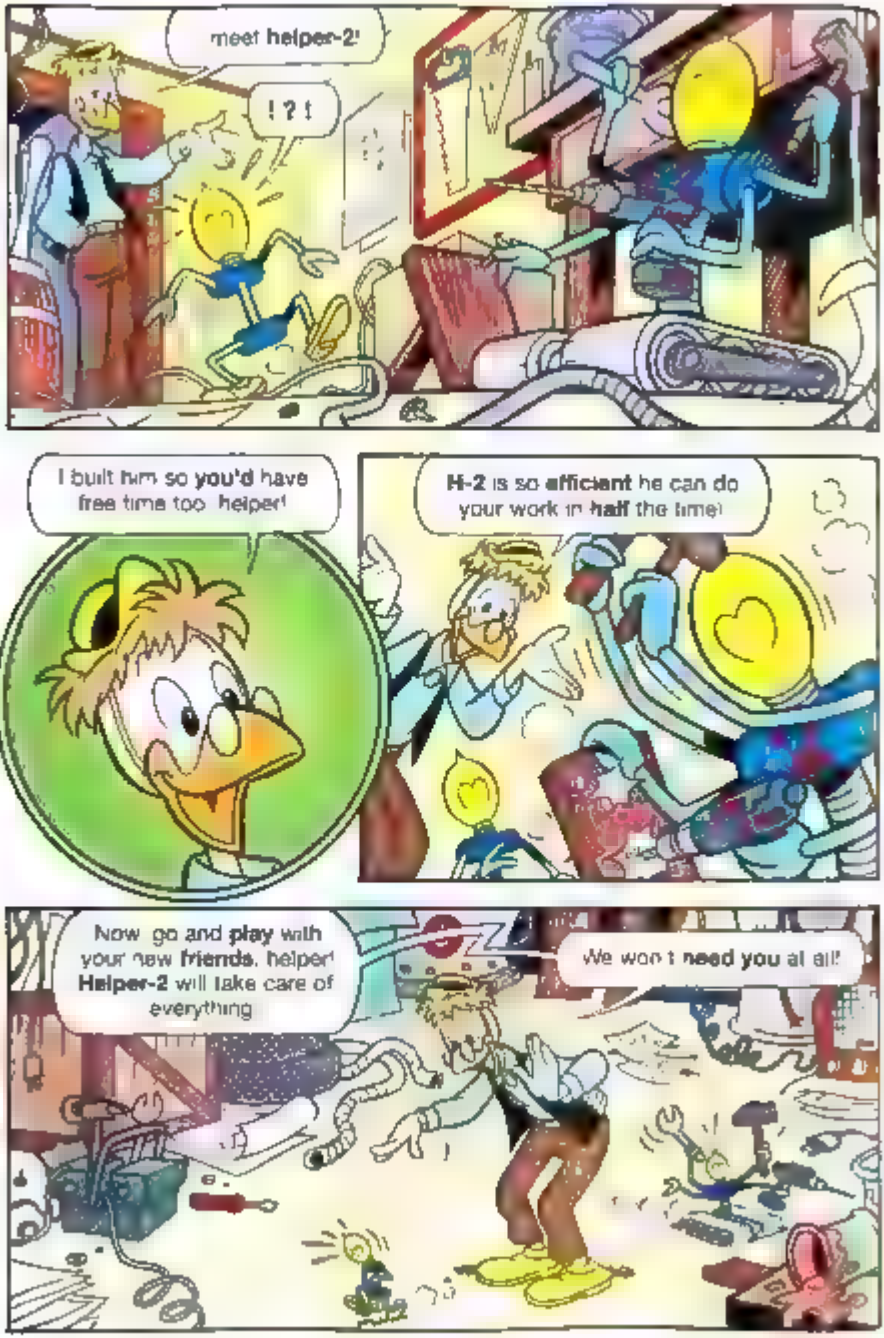
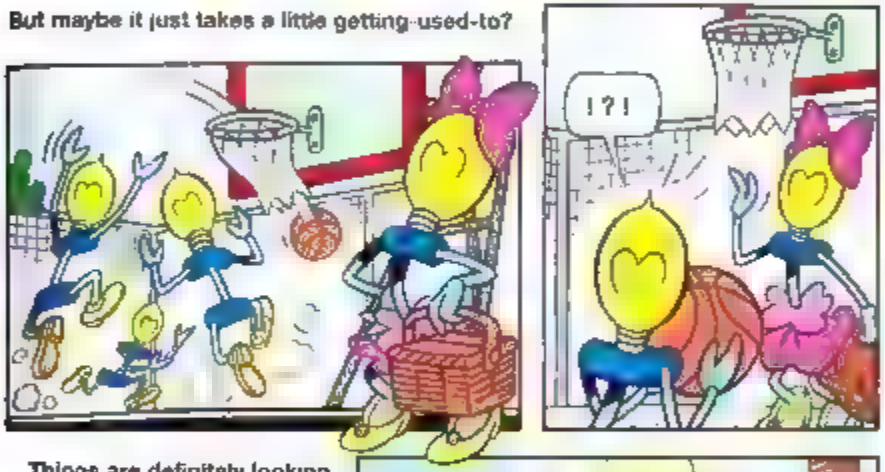
Say, helper -- you should visit your new pals!
I'll come along to see how everyone likes their helpers!
Hi, Daisy! Is that pie smell?
Gyro! Come on in and have a piece!
We just baked it, me and my helper
It's such fun to dress her up!
Yep, Daisy's delighted! And Donald too --
Channel 33, Helper Don't Now 14! Ah, this is the life!
Channel-surfing used to be so strenuous. <Sigh>
Haw!

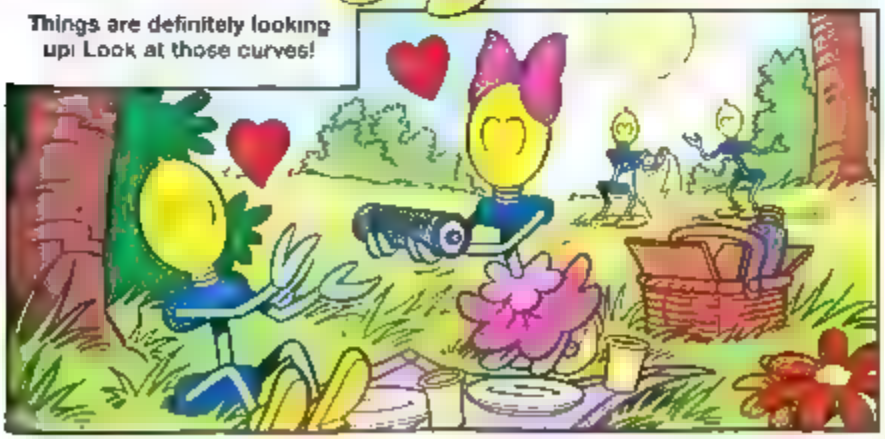
Even Uncle Scrooge —
Gyro, I gotta hand it to you! My helper's worth his weight in gold!
My coins have never gleamed so brightly!
COIN POLISH
The boys? Ditto!
Our helpers are great, Gyro!
Homework's never been so easy!
Yay! More time for play!
But you didn't get to play with your new pals! Is that it, helper?
Well, wait till Sunday!
?
Sunday comes
See? Here it is!
Helper



meet **helper-2**!
!?!
I built him so **you'd** have free time too, helper!
H-2 is so **efficient** he can do your work in **half** the time!
Now go and **play** with your new **friends**, helper! **Helper-2** will take care of everything
We won't **need you** at all!

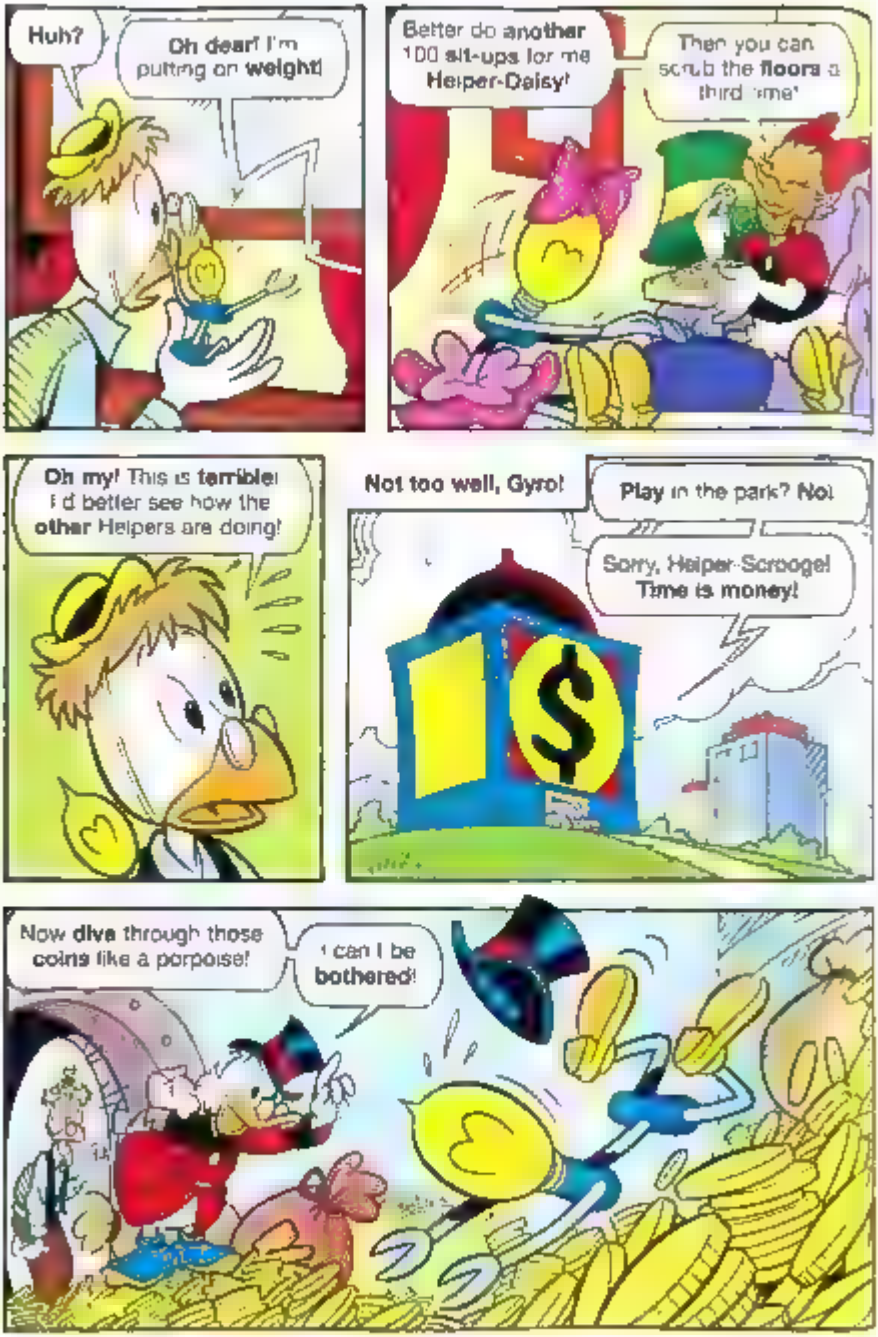
But maybe it just takes a little getting-used-to?



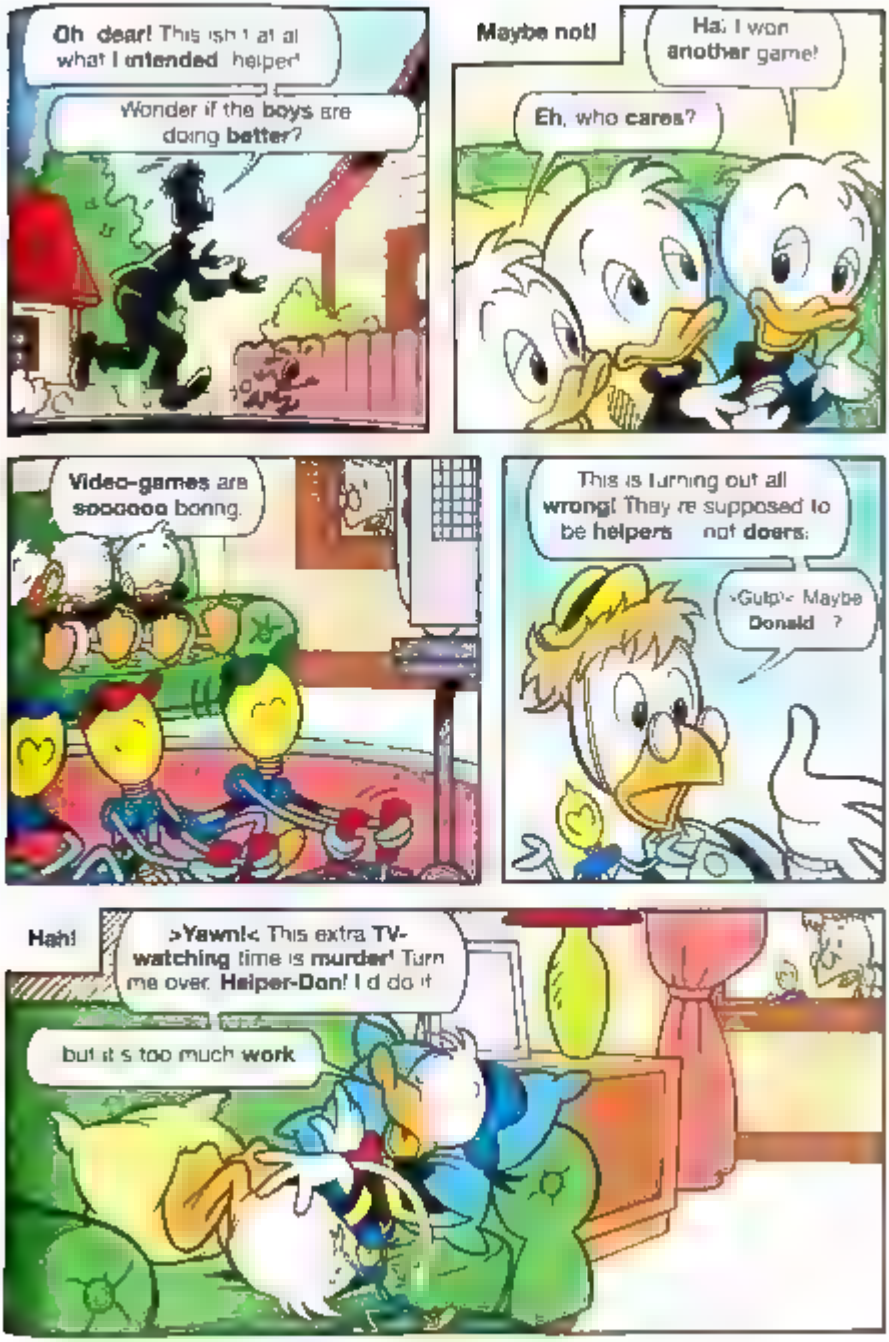


And so a new way of life begins —
Going out **again**? Don't worry! **H-2** will take care of your chores
Stay as long as you like!
>Sigh<
I sure **miss** my helper! H-2 s more **efficient**, but it's not the **same**!
But I can't be **selfish**! Helper deserves some **fun** with **pals**!
Speaking of which...
?
Where are all the other helpers?

Working!
Yoo-hoo! Helper Daisy! Hurry!
Those Bon-bons are sooo far away! Be a dear and pass me some!
Thanks H-D! Now finish my facial! Then scrub the floors again!
BON BONS
Helper? What's wrong?
The other helpers? What about them?
Okay! Okay! I'm coming!



Huh?
Oh dear! I'm putting on weight!
Better do another 100 sit-ups for me Helper-Daisy!
Then you can scrub the floors a third time!
Oh my! This is terrible! I'd better see how the other Helpers are doing!
Not too well, Gyro!
Play in the park? No!
Sorry, Helper-Scrooge! Time is money!
$
Now dive through those coins like a porpoise!
I can't be bothered!

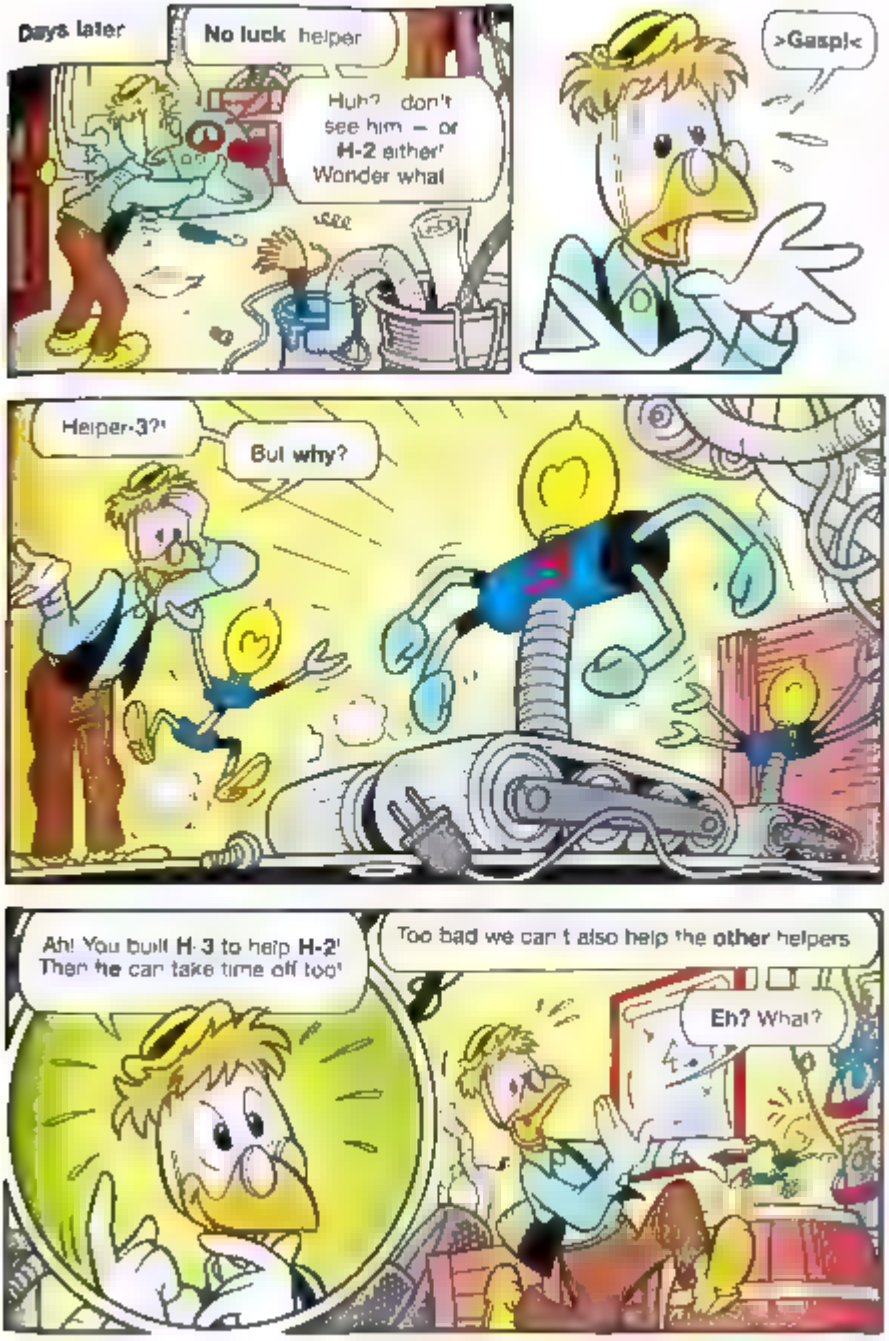


Oh dear! This isn't at all what I intended helper!
Wonder if the boys are doing better?
Maybe not!
Ha! I won another game!
Eh, who cares?
Video-games are sooooo boring.
This is turning out all wrong! They're supposed to be helpers not doers.
>Gulp!< Maybe Donald ?
Hah!
>Yawn!< This extra TV-watching time is murder! Turn me over, Helper-Don! I'd do it
but it's too much work

Fetch me some donuts
H-Don then watch TV
for me! I'm too tired
Oh, dear!
Yes it's unfair,
helper. What
can I do?
know! I'll talk to them!
They'll listen to reason!
They will?
No!
Give them back?
Are you nuts?
Who'll peel my grapes?
And play our games?

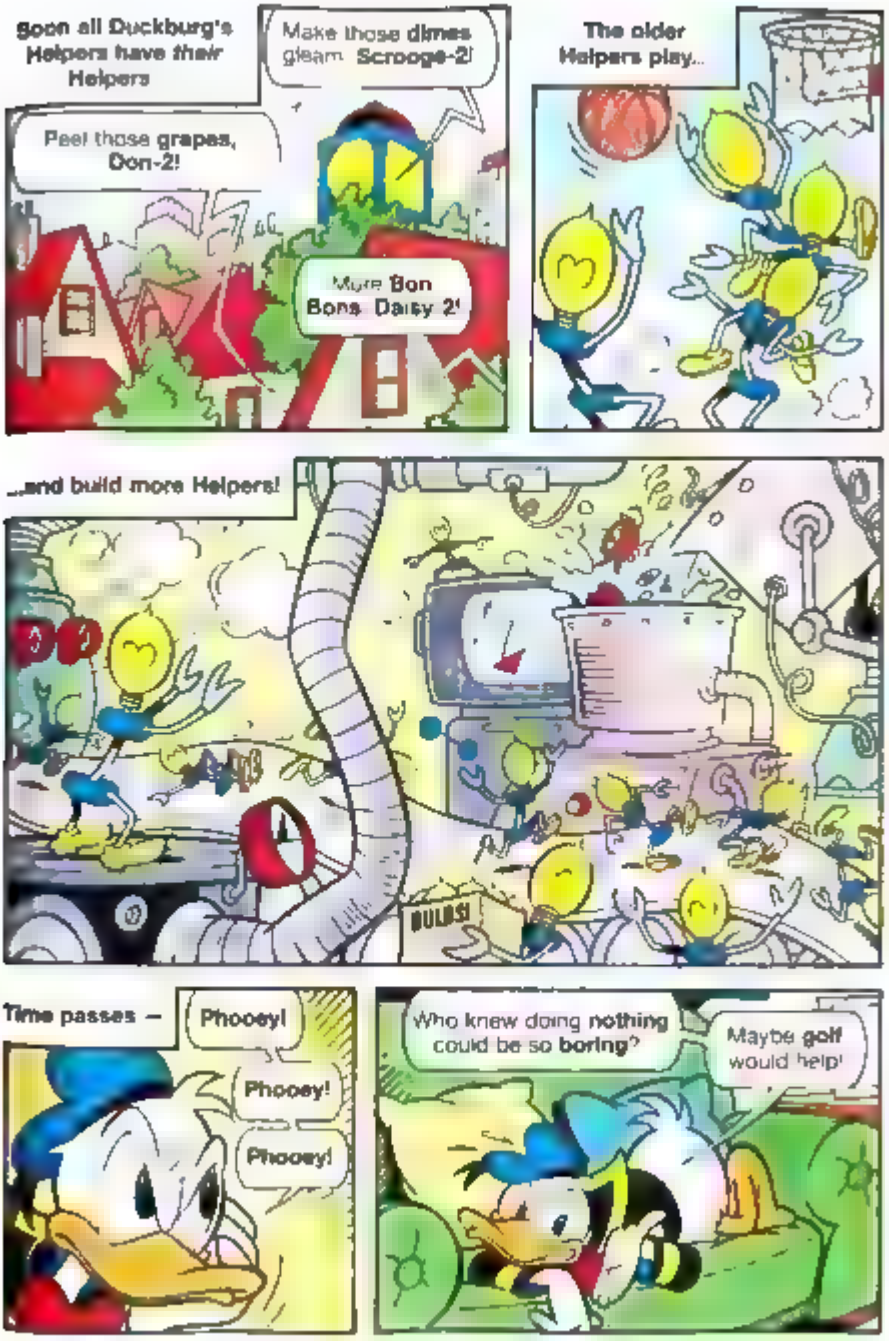
Sorry helper. I tried, but what can I do?
Helper?
Oh, dear! I've never seen him so mad!
But... don't blame him!
Everyone's treating their helpers like slaves.
THE SULTANS
They owners are getting lazy. It's my fault.
>Sigh!< And I can't invent myself out of this situation.

I know... I'll ask **Professor Grump** for advice! He knows **people** so well he decided to live by himself on a deserted **island**!
I'm one of the few he can **stand**!
promised to bring him **supplies**! In return, he might **help** me!
Better hurry, Gyro! Your helper is up to something!

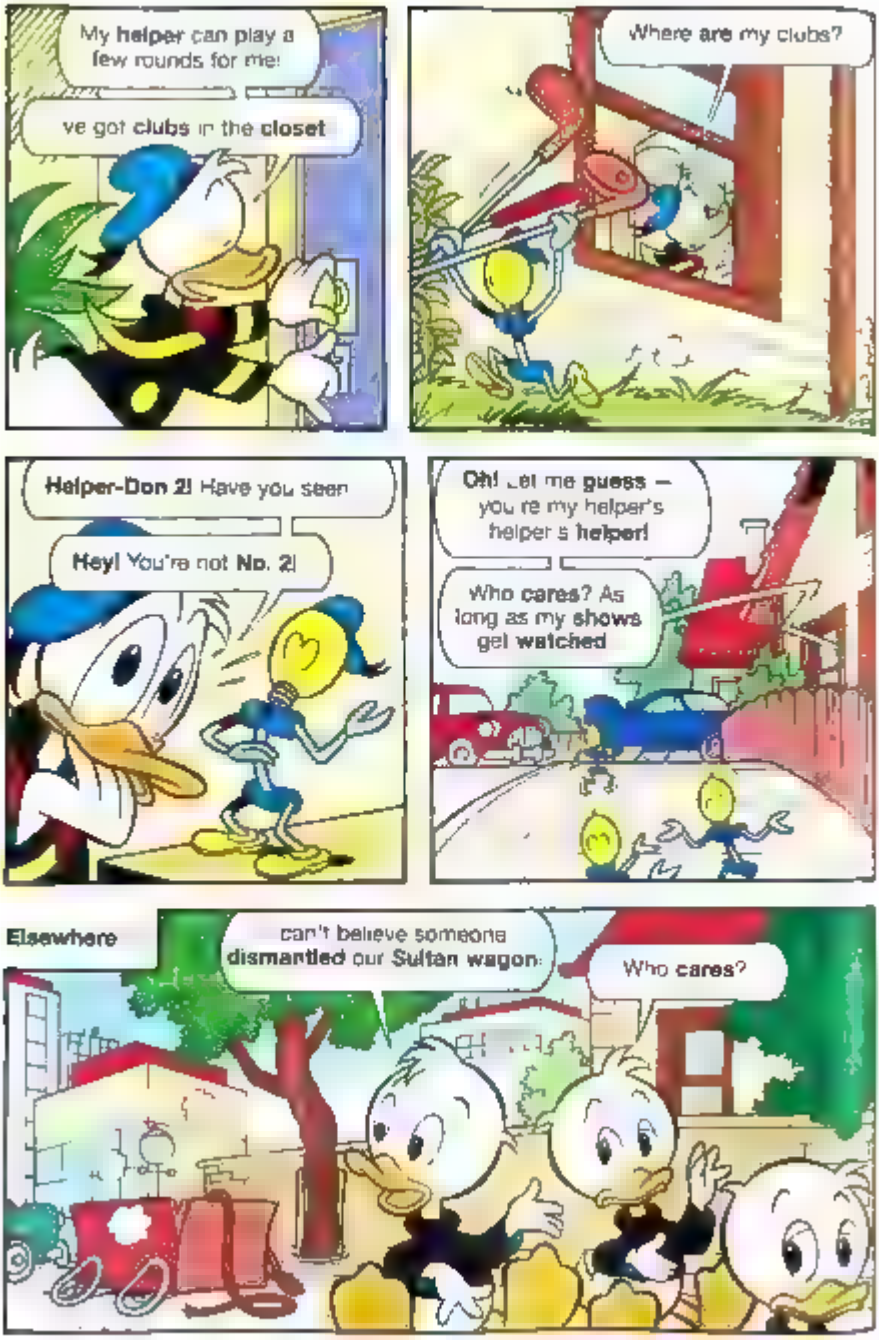


Days later
No luck helper
Huh? don't see him — or H-2 either! Wonder what
>Gasp!<
Helper-3?!
But why?
Ah! You built H-3 to help H-2! Then he can take time off too!
Too bad we can't also help the other helpers
Eh? What?

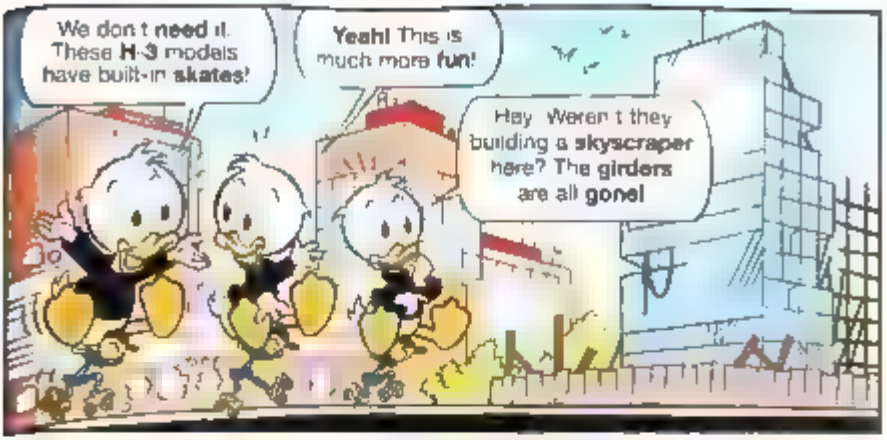
Oh, my!
You two have been busy!
And so —
A helper for my helper? That's crazy!
You have a helper, so why can't he? It's only fair!
Well, okay
But he'd better not goof off!
I hate slackers!



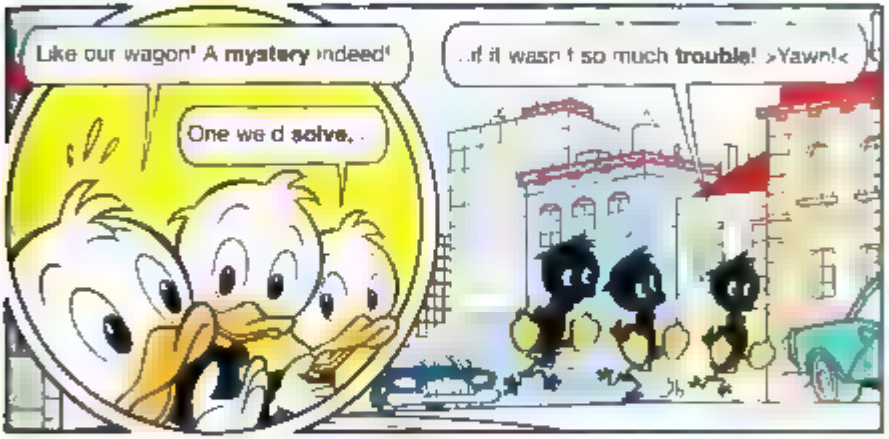
Soon all Duckburg's Helpers have their Helpers
Make those dimes gleam, Scrooge-2!
Peel those grapes, Don-2!
More Bon Bons, Daisy 2!
The older Helpers play...
...and build more Helpers!
BULBS!
Time passes —
Phooey!
Phooey!
Phooey!
Who knew doing nothing could be so boring?
Maybe golf would help!



My helper can play a few rounds for me!
...ve got clubs in the closet
Where are my clubs?
Helper-Don 2! Have you seen
Hey! You're not No. 2!
Oh! Let me guess — you're my helper's helper's helper!
Who cares? As long as my shows get watched
Elsewhere
...can't believe someone dismantled our Sultan wagon
Who cares?



We don't need it. These H-3 models have built-in skates!
Yeah! This is much more fun!
Hey! Weren't they building a skyscraper here? The girders are all gone!



Like our wagon! A mystery indeed!
One we'd solve...
...if it wasn't so much trouble! >Yawn!<

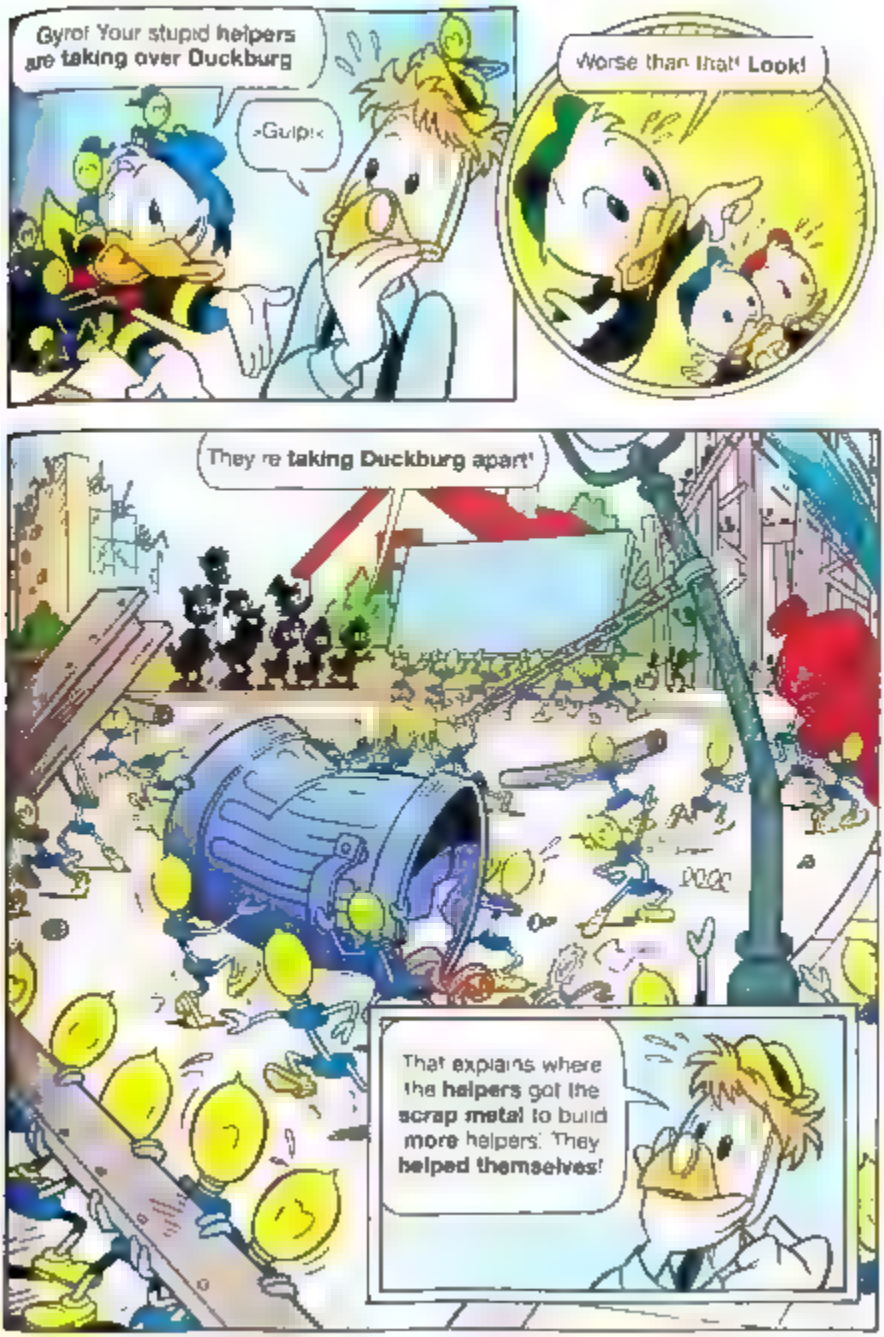
Meanwhile
Helper Daisy 3! Where's my favorite frying pan?

Daisy 4?
Where's Daisy 3?

These models change faster than my lipstick!
Daisy isn't kidding!
Wow! Series 5 models already? Amazing!
Your new factory is great helper! Soon every helper's helper's helper will have a helper too!
But wonder
when will it all end?
GYRO GEARLOOSE
HELPERS, INC

Yes, when?
Phooey! Loafing used to be fun! But if you never work you can't loaf!
Hey, helper! Gimme that clicker!
>Yipes!<
And they call me lazy!
My helper's helper's helper needs a helper just to pass me clicker!
That does it! I'm taking you all back to Gyro!
As of now, Donald Duck watches TV personally!

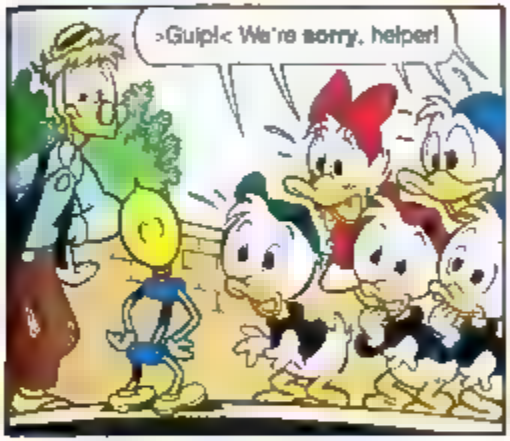
Similar thoughts are being voiced all over Duckburg —
Diving through money isn't work – it's fun!
I'm getting a refund!
Sorry! I'm taking you back. The more sit-ups you do for me,
the fatter get!
Too much fun isn't fun, man! It's boring! I'm tired of doing nothing!
C'mon! Let's take these guys back
And so –
Daisy?
Donald?
Unca Scrooge?
Boys?
?
?



Gyro! Your stupid helpers are taking over Duckburg
>Gulp!<
Worse than that! Look!
They're taking Duckburg apart!
That explains where the helpers got the scrap metal to build more helpers. They helped themselves!

That's where our wagon went!
And my pan!
And my golf clubs!
This is all your fault, helper!
No it isn't! It's yours! See what happens when you let others do all your work?
Helper was just trying to help his pals!
What's your excuse?

Gyro s right
We were so busy doing nothing, we didn't even see Duckburg was disappearing beam by beam!
Our own laziness made this mess!



>Gulp!< We're sorry, helper!

But what now? We can t just throw away the helpers!
They re too cute!

We won t have to! I've got an idea!

And so ~

Thanks for letting the helpers live on your island, Professor Grump!
>Hmph!< You know I can t stand people.

...but I love machines! And I did need a little excitement!
It's great!
WELCOME TO HELPER ISLAND!
More cold battery-juice helper? Anyone who works as hard as you
deserves a nice long vacation!

The Dewdrop of Avalon

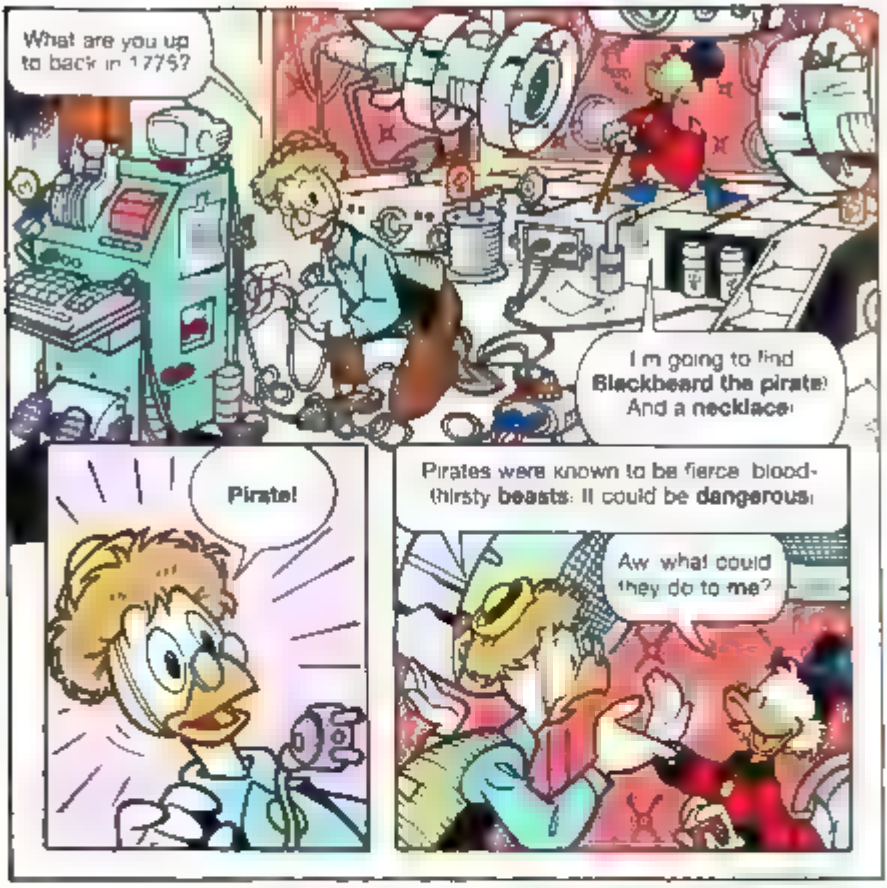
Walt Disney

Scrooge has taken an interest in 18th-century history, but why?

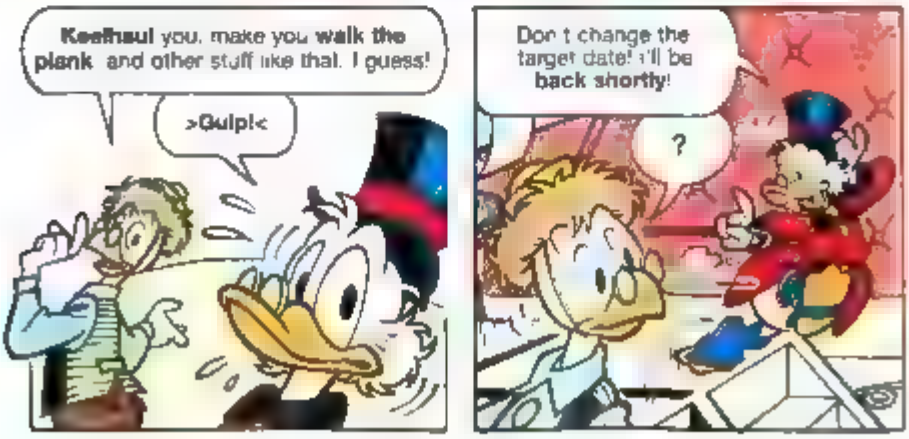
"It is believed that the pirate **Blackbeard** took the famous **necklace** the **Dewdrop of Avalon** to sea, and it was never heard of again."
BAD BOYS AT SEA

"The Dewdrop of Avalon was owned by a rich merchant who gave it to his daughter
DEWDROP OF AVALON
Blackbeard stole the necklace from the daughter and fled to his pirate ship
But what happened to the necklace after that?
BAD BOYS
>Bah!< These history books never tell the full story!
SPLAFF!
That necklace must be worth millions! Any museum would buy it if only I had it
>Sigh< The only way to find out what happened to the Dewdrop of Avalon is to ask Blackbeard himself!
Come to think of it, that might not be as crazy as it sounds...

Gyro! I need your help more than ever!
Buy a new pair for crying out loud! I've repaired your old spats 20 times
It's not the spats.
They can't be fixed again. I'm only human. There's a limit to what I can do
It's not the spats
RIP!
TEAR
Don't tell me it's your spats again?
I want you to send me back in time to 1775!
What? That's all?
I thought you were going to pester me about your spats again



What are you up to back in 1775?
I'm going to find **Blackbeard the pirate**! And a **necklace**!
Pirate!
Pirates were known to be fierce bloodthirsty **beasts**. It could be **dangerous**!
Aw what could they do to **me**?



Keelhaul you, make you **walk the plank** and other stuff like that. I guess!
>Gulp!<
Don't change the target date! I'll be **back shortly**!
?

And very soon —
Rent? You want the rent now?
You're three months behind!
Yes. But I always am!
RIIIP!
Don't worry! You'll find a new place real soon
What are you doing?
Helping you pack! You've got to move to a place you can afford!
>WAK!<
Please, Uncle Scrooge! Can't we work something out?
No!

Please Please with **sugar** on top We do **anything**
Hm
All Right! I have a simple **assignment** for you Do t and extend your **credit**
Good ol Uncle Scrooge
Do you think we re having our **beaks pulled**?
I sure **looks** like
Gyro s part of it m getting **a bad feeling** about this
You re going to put us into that **machine** and do **bad things** to us isn t it right Uncle Scrooge?
Think of it as an **adventure holiday**

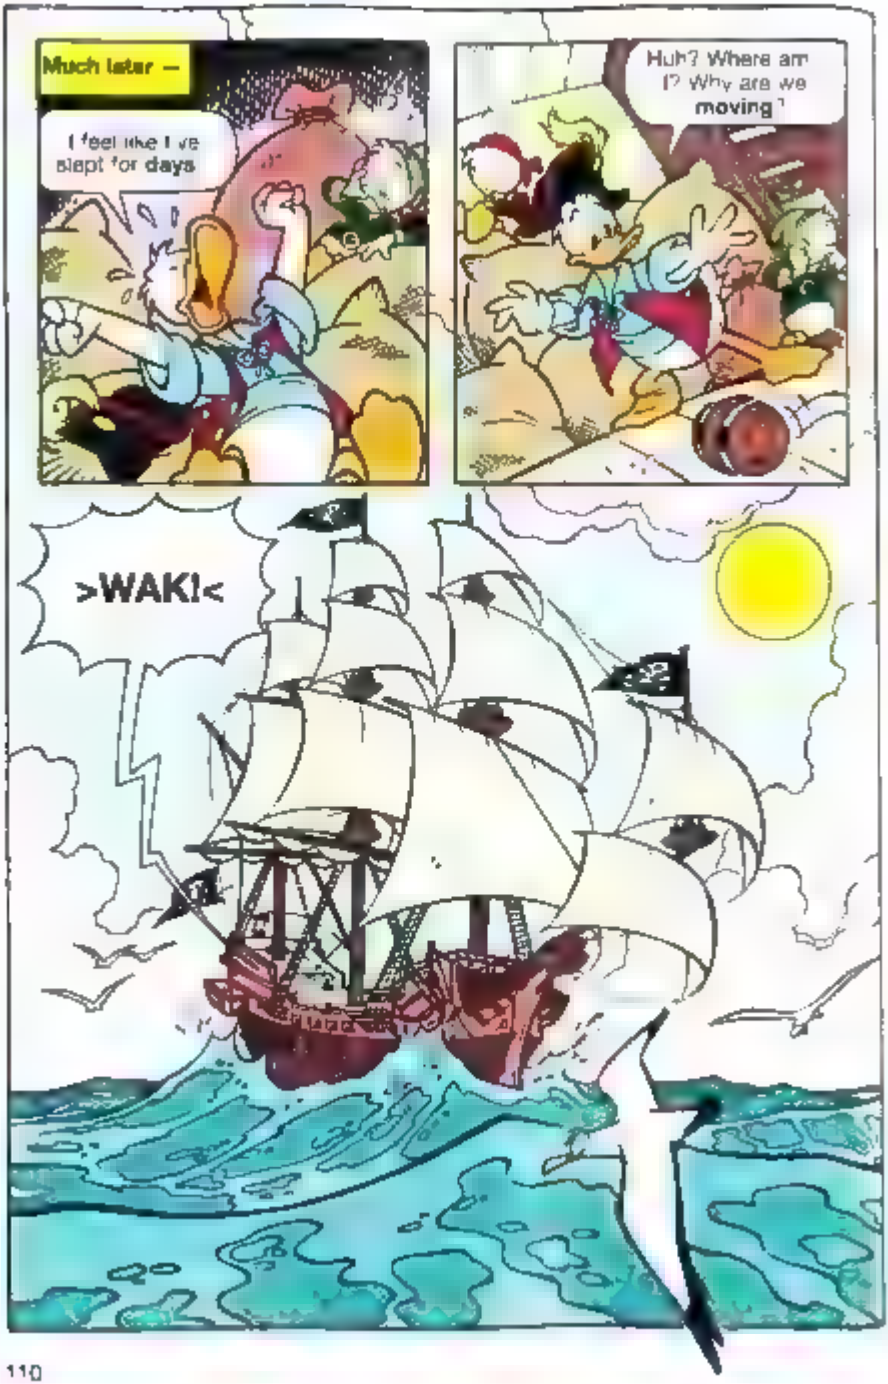
And after a brief lesson in history --
But that's insane! You want us to go back in time, find this pirate, take his necklace, and return here?
You make it sound difficult!
Forget it! C'mon! We're going home!
What, home?
>Gulp!<
Right. Now be a good boy and listen to Gyro's instructions!
I've invented this thing I call a Locater! It can find any spot in Duckburg with the precision of a few centimeters!
Like a GPS?
Exactly! With the Locater you're sure to find the pick-up spot where it bring you back to the present!
Now I'll show you your outfits!

What's the idea of dressing us up like **circus clowns**?
You look **cool** Junca Donald
You'll blend right in with the **sailors** of 1775!
I'll make an **open time window** for your return 3 days from now at **exactly** 14:00!
We won't miss it
Good luck!
ZAP!

ZAP!
Whoa
Everybody safe? Good!
Gee, look at that!
Duckburg
It looks like a different planet
We've got a pirate to find

The **harbor** is probably the best place to start!
This looks like a place where Blackbeard's kind would **hang out**
YE RUSTY ANCHOR
Ahoy, sailors! What wish ye to drink?
Er... **hot cocoa!** **Extra** hot.
And... could you tell us where to **find Captain Blackbeard?**
E... not a **popular** name around here
Them sailors sure look **silly** don't they?
Aye! Let's **greet** them

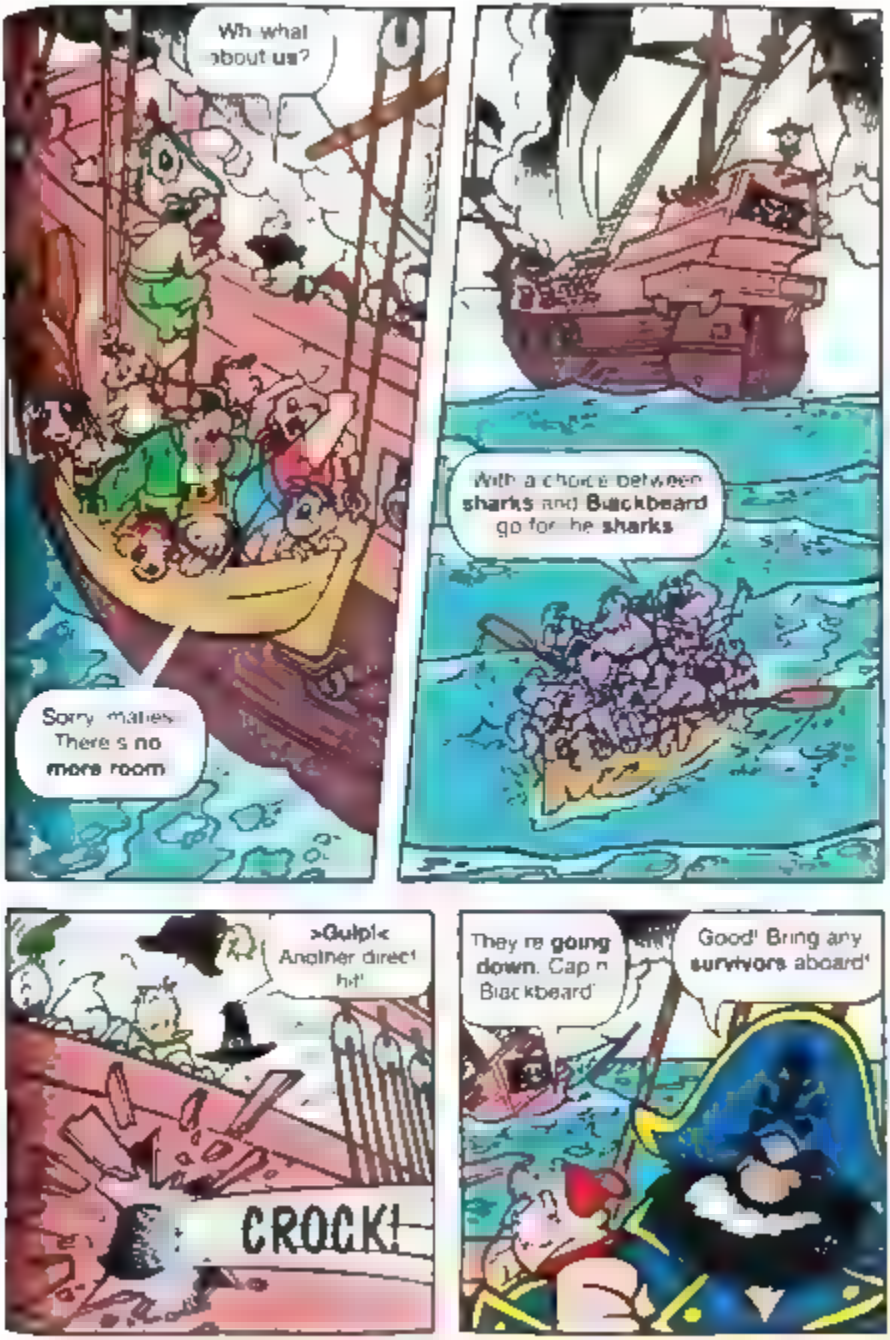
Ey there! Next round is on us!
Happy to bid strangers welcome!
Actually we've lived here for quite a while!
Well then pals: Drink up!
Cheers!
Yaawn! I'm suddenly getting sleepy!
We should get a room
Waiter! We'd like a bed with rooms. Er I mean Zzz
Out cold! Not even a royal salute would wake them!
A fine potion you put in their cocoa!



Much later —
I feel like I've slept for days
Huh? Where am I? Why are we moving?
>WAK!<

So you finally come back to life! About ruddy time too!
Where are we? On a pirate ship?
Aye, and you're the crew! Now get goin' and scrub the deck.
We refuse!
Well, you don't have to! You can leave anytime you want.
>Gasp!<
We're slaves, Unca Donald.
I'm used to that. working for Uncle Scrooge but this
CRACK!
Yikes!

We're being attacked! By pirates!
Pirates ye say?
BOOM!
Hey! We're pirates!
That can only mean one thing
ZOW!
It's Blackbeard!
How do you know!
Only Blackbeard attacks other pirates. He hates competition!



Wh what about us?
Sorry mates. There s no more room
With a choice between sharks and Blackbeard go for the sharks
>Gulp!<
Another direct hit!
CROCK!
They re going down. Cap n Blackbeard
Good! Bring any survivors aboard!

Ye re outta luck lads! The cap n wants you aboard!
Better for ye had the sharks eaten ya!
So this is the miserable remains? Well let's see if we can find any use for you!
Er Sir, can we have a word with you?
The men don't want to attack more pirate ships!
They are after all colleagues of a sort
What?! Mutineers? Disobeying me orders?
Noo

I challenge **anyone** to raise his voice against me **Speak up** rascals can slay ye all down
·Shudder
You **dirty seadog**! Who's the **cap'n** around here??
Y-y-you are!
Don't ye want to **fight** for it? Come on! I'll give ye a taste of me **blade**!
Er no need to. really!
Ha! Cowards. The **lot** of you! Now **lock the prisoners up**!
ikeable ellow isn't he?

Oh, woe is upon us! More captives of that cruelsome captain!
Who are you?
My name is Miss Bluebell... am on this ship against my will
Your necklace! It's...
Aye! It's the Dewdrop of Avalon! My father gave it to me!
Did Blackbeard bring you here because of it?
No! My father is rich! I think Blackbeard wants him to pay to get me back!
So the history books were only partially correct!
What books? You speak strangely!
Er... nothing! We have to find a way to escape!

I've heard rumors about Blackbeard... if they're true, it might help us
What have you heard?
Well, for one thing, that he's... bzzz
Heh heh, is that so?
Aw, what's the use anyway? We're locked up in here
That's no problem! Look
A hairpin and lots of time means that you learn the trick!
Why didn't you escape before?
CLICK!
And run to where? You're a funny one, aren't you!?
Trying not to be!
At night
I've been out on many a stroll at night on the ship! The captain's cabin is this way!

KNOCK KNOCK
ZzZ what the who ??
Who dares disturb me at this hour?
Morning, sunshine!
NNNGH
Bring the razor! We'll see if the rumor is true!
We sure hope this works Uncle Donald
Me too boys

Come morning ...
On your feet! The prisoners knocked me out and escaped! We must find them!
Who are you matey?
...m yer captain ye miserable
Oooh, now see! >Pfrrrt<
Ha ha ha! Look at the cap n!
Those vermin shaved me!
But he s got a healthy bite
Who dared do this to the cap n ?
I did!
I never knew he was so scrawny under his greatcoat!

I'm your captain now. My first order is to lock up Blackbeard!
Long live Captain Duck! The bravest of the brave!
Don't you know who I am?
Aye! The former cap'n!
Now we change course and set sail to Duckburg!
But
We've plundered and robbed in Duckburg! We'd go to the gallows!
Trust me! I have great plans.
What plans, exactly?
Our escape!

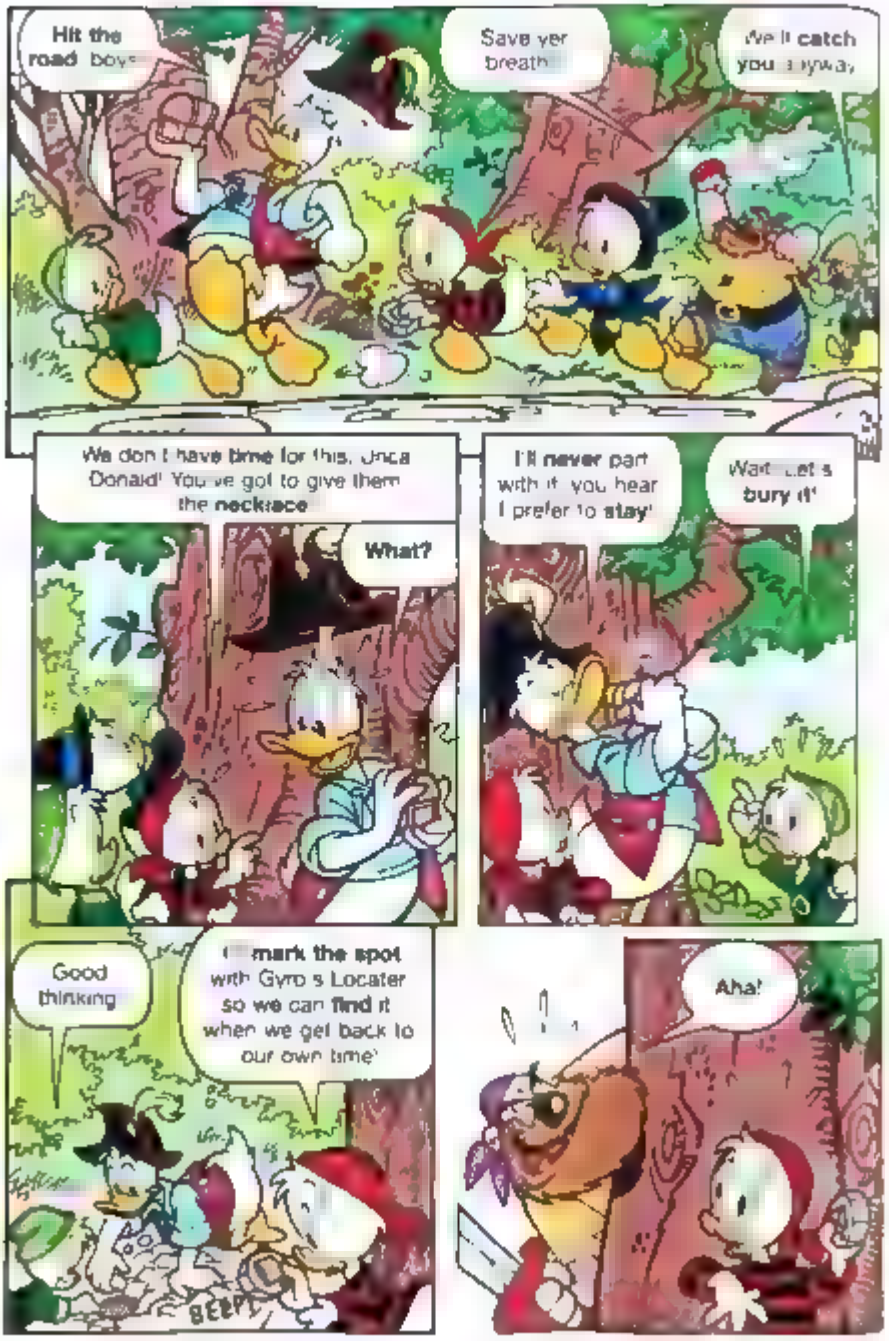
Did we exchange one crackpot cap'n for another?
I'll put me money on this one! Don't forget he clobbered Blackbeard!
It's sheer madness to go near that city!
Eventually...
Laaaand ahoy! Duckburg in sight!
Think I have another word with the cap'n about it and... Aha.
After you, Miss Bluebell!
Going somewhere?
>GACK!<

A little **boat ride**, eh? Going to speak with the **marshal**, are ye? Never **meant** to be our **cap'n**, did ye?
Er... I meant to **pass the job on**
Blimey, **mate** — it **fits**! You're right! **I'm cap'n**! I'll make my men **regular** seamen and we'll **drop** the pirate gig!
I knew it right away
...to you!
To me!
Try the **greatcoat** on. It's too **big for me** anyway!
I **do** know a thing or two about running a ship!
You have your **moments**, Inca Donald!

Gosh! We have to be at Gyro's pick-up spot soon!
You're staying put!
Huh?
You must give my father a chance to thank you!
The merchant is thrilled to have his daughter back –
m forever in debt to you, brave lads. How can I repay you?
Don't worry about it. Your daughter helped too.
You must let me give you something
He'd better be fast or we'll be stuck here forever!

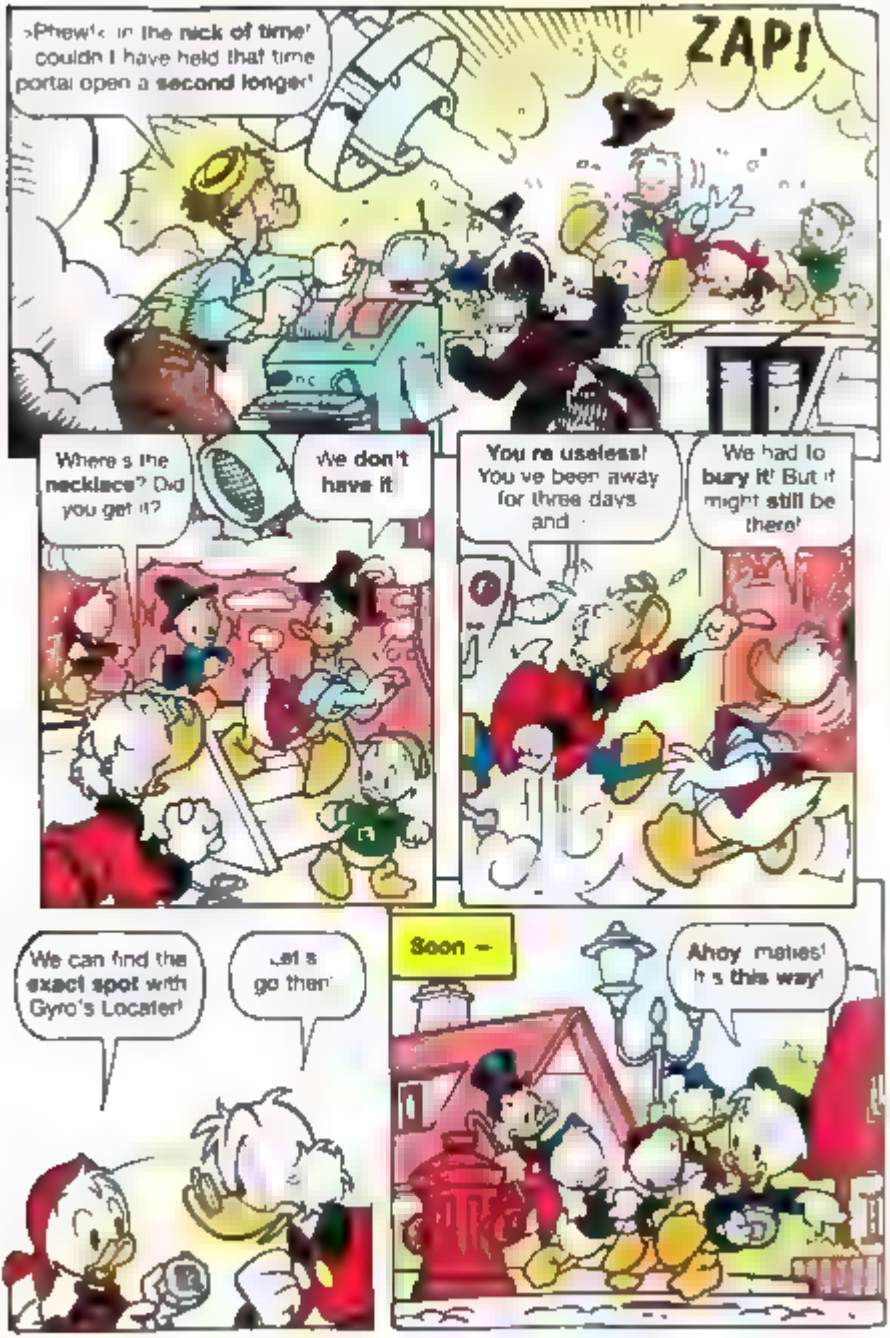
own a nice little hill here in Duckburg, which I be glad to give you!
It's a good spot where a strapping young lad like you could build a house and settle down!
Why thank you
Unca Donald we have to go now!
Okay! Goodbye, everybody and thanks!
Wait! monsieur
I never really thanked you for saving me from that dreadful pirate!
B-but
The Dewdrop of Avalon!
Please don't forget me!

I'd never forget
Farewell Monsieur Duck!
SMACK!
Snap out of it, Unca Donald! We're in a hurry!
According to Gyro's Locater, the time portal pick-up spot should be just around here
Yes! That must be it!
Raise yer hands, lads
Time to part with yer valuables!
Aaargh Robbers!



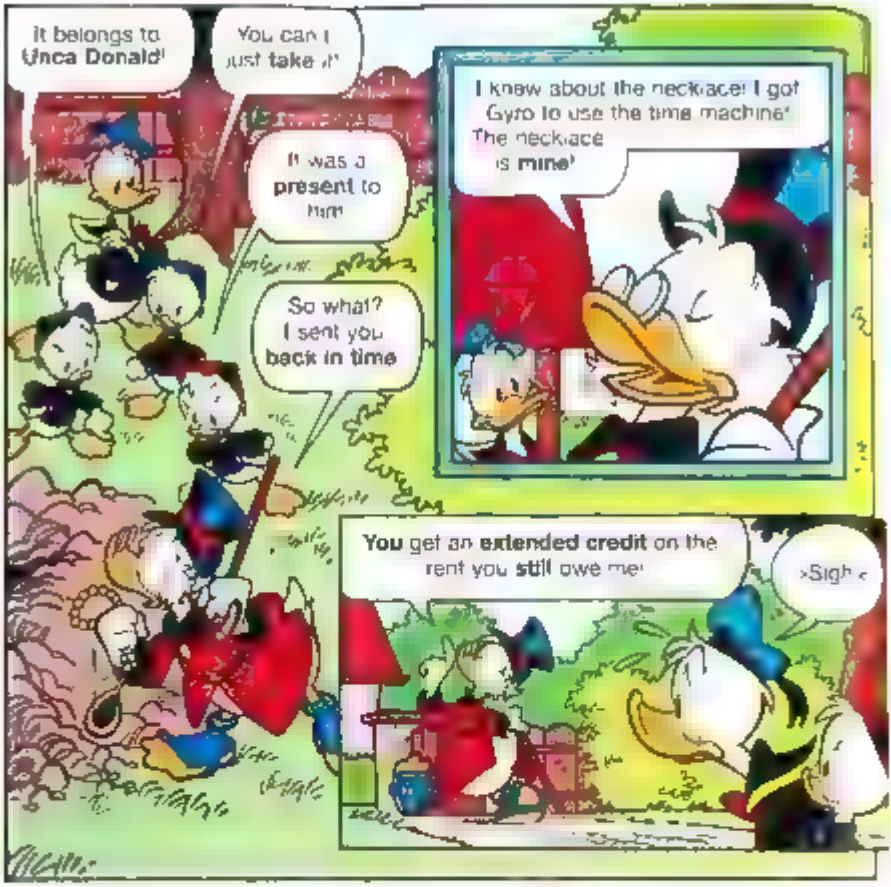
Hit the road boys!
Save yer breath!
We'll catch you anyway.
We don't have time for this, Uncle Donald! You've got to give them the necklace
What?
I'll never part with it, you hear I prefer to stay!
Wait! Let's bury it!
Good thinking
Mark the spot with Gyro's Locater so we can find it when we get back to our own time!
BEEP
Aha!

The big one only has a useless paper with them scribbled signs they all letters!
All right I check the little ones
What's this
SLAP!
SHAKE! RATTLE!
Press the tiny button!
Avast! It's sorcery! Ye be enchanted!
BEEP! BEEP!
Ye needn't have fled like raccoons. Ye had naught!
Everybody gets scared seeing you
Hurry! The time portal is still open!

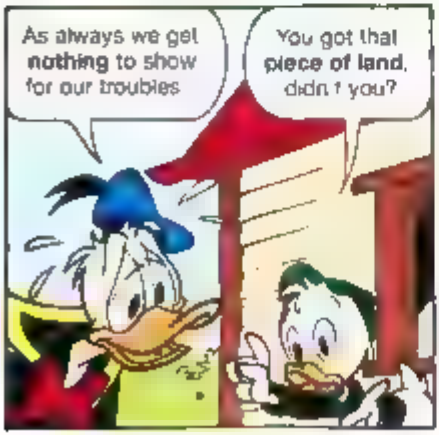


>Phew!< In the nick of time! Couldn't have held that time portal open a second longer!
ZAP!
Where's the necklace? Did you get it?
We don't have it
You're useless! You've been away for three days and
We had to bury it! But it might still be there!
We can find the exact spot with Gyro's Locater!
Let's go then!
Soon –
Ahoy mates! It's this way!

The Locater says this is the spot
Wow! We buried it in what was to become our own garden
Can it really still be there after so many years?
I see something!
A chest
And the necklace is still inside! What a beauty!
The Dewdrop of Avalon!
Good work, boys!
CRUSH



It belongs to Unca Donald!
You can't just take it!
It was a present to him!
So what? I sent you back in time
I knew about the necklace! I got Gyro to use the time machine! The necklace is mine!
You get an extended credit on the rent you still owe me!
>Sigh<



As always we get nothing to show for our troubles
You got that piece of land, didn't you?

Yes! Let's go see which Duckburg hill we own!

Soon —
Mr McDuck you have visitors!
I don t want to see anybody now!
Er they say they'll have you kicked out unless you see them!
Donald'? Boys? What are you doing here? The matter is finished!
We re here to collect the rent you owe for having lived more than 50 years on our property
I own your money bin hil and this deed proves it
?
And with 50 years of interest, and interest on interest, it comes to a nice ten-digit sum!
Donald what are you talking about?

Let me **compare** your deed to my **own** estate papers.
Please do!
merchant Bluebell lawfully gives this land to Donald Duck hm hm
Surely **my** proof of ownership must be **older**
But --
It s it s **authentic** You **do** own this property!
I prefer payment in **cash** thank you!
Er can t we **work something out?**
You **know** what I want
>Sigh!<

Museums and collectors are eager to buy it!
I guess!
You'd be rich!
I'm don't want to sell it!
What! But why?
You wouldn't understand!
I do understand that I want your deed to my money bin hill!
Not so fast. There's one more thing.
So what was that last part of the deal, Unca Donald?
That we don't have to pay rent for the next 50 years!

On a rainy night the first thief's clothes were dry! The next crook had no shadow and the next left no footprints in the mud!

In the heat of battle I didn't notice but with a little brainwork I figured it out
suspected was being watched so I pretended to go on holiday
You tricked me!
Yep! And the gold transport was the perfect bait to nab you!
>Grrk< And fell for it
Let's just say you slipped up on that banana peel!

Later, that night —
Well, all's well that ends well!
Aha! A scofflaw

Me, outrun you? No way!
>Heh!< My reputation precedes me again!
This is your lucky day. You're free to go

It's a deal!

THE END

Old Number One
Scrooge McDuck loves nothing more than making more millions —
You say the Battle Beastie craze has peaked? Dump my shares. Sell! Sell!
Pork bellies are down? Gobble them up! Buy! Buy!
My holdings in Porto Gordo are in a flux? Don't lose your nerve, nitwit! Ride it out!

Yessir! I'm a **happy clam** when I'm manning phones, monitoring E-mails and surveying the stock market!
My fingers firmly on the **pulse** of a **vast financial empire!**
And it **all** started with **Old Number One!**
When I earned this first dime, who'd have **foreseen** the huge fortune I'd end up with?
You're the **symbol** of **my fortune** Old Number One! I'll never let **anyone** come between us
Even if a certain scoundrel of **a sorceress** would give her **eyeteeth** to do just that.

Who is that scoundrel of a sorceress? *Magica de Spell*, of course
»Grrrr!« I've tried and **tried** to get my hands on McDuck's Number One Dime
And the old cluck **foils** my plans every time! Why oh why am I **plagued** by him?
All I want is the first coin earned by the richest man on the planet. Is **that** too much to ask?
KICK!
Then I could **melt it** in the fires of Mount Vesuvius and magically attain the **Midas Touch**! Where's the **harm** in that?
But no! That crafty skinflint won't let me **near** it! »Sob!« Why does **he** have to be the world's richest man?

Don't throw in the towel yet, Magica! Back in Duckburg --
..and that's the assignment, children! And remember, your reports are due **tomorrow**
Gee! This will actually be **fun**!
Unca Donald! You won't believe it! Our homework this week is **way** cool!
Homework? **Cool?** Could one of you termites call the ear doctor? I need a check-up!
Get this! We're supposed to research and report on an intriguing, adventurous **family ancestor**!
»Hmph!« Don't get your hopes up, kids! You're **not** gonna get a very good grade!
Huh?

Why not, Unca Donald?
Well, with the exception of Uncle Scrooge, there just aren't any adventurous characters in our lineage!
Nope! All our ancestors were lazy layabouts
You mean like you?
I'fraid so!
We're sunk. We'll get an "F" for sure
Are you certain, Unca Donald? Maybe we have an ancestor nobody's ever heard of!
C'mon! Let's check out the Genealogy Library! It's a long shot, but what the heck! I don't want your miserable grades on my head!

I leave you gentlemen to your endeavors! Please be careful with th

Omigosh! That shelf is toppling under Uncle Donald's weight!
Look sharp, men, or we might end up victims of the domino theory!
WAK
CRASH!
GRUNT
BA-BOOOM!

Goodness gracious! What have you done to my books?
Er... gave 'em a good dusting!
Hey! Look at this! "The Lineage Of Pirates In The Caribbean"!
So what?
So it's opened to an entry on Bluebill the Pirate, that's what. His real name was Johannes de Duck!
Wow! One of our ancestors!
Unfortunately, the entry's pretty thin! We need to ferret out more info on the rascal!
And where can we do that?
Follow me, fragments! I'll take you where no responsible parent would ever take his tykes
Sounds exciting!

Feast your eyes on that bar boys This grimy quayside dive is a preserve of seafaring lore
Then somebody in there might know about old Bluebill! Let's go!
THE SLIMY SEAGULL
It is as long as you follow my lead! Don't let 'em intimidate you! Be like me! Act tough!
Not so fast! The joint is full of rough unsavory characters
That doesn't sound safe!
Hey barkeep!
Huh? What do ye miserable, snivaling landlubbers want?
Er... uh... w-we just w-want some information on Bluebill the Pirate!
That's Unca Donald A pillar of brute strength!

Bluebill eh? Best ye have a word wi th ol **Jasper** there! He be a teller o tales
Thanks barkeep! Give us a **Fizzy Pop!**
M Jasper sir We want the **bird's-eye lowdown** on Bluebill the Pirate!
BLUB! BLUB BLUB!
Bluebill? >Smack!< Me mind is fulla **cobwebs!** Let me just **clear** it a bit
GLUG! GLUG! GLUG!
Sure! It s comin back now The legend of **Bluebill** as it was passed down from me father and me father's father

"Bluebill was exceedin'ly successful at his chosen profession! His accumulated fortune was a whoppin 40 million gold smoldoons."
"Me great-great-grandfather was on the merchant ship that last sighted Bluebill! The dreaded pirate was standing on the deck of his ship — all alone in a savage storm!"
"He was clutching a single gold coin and talking to it as the ship went down! Me great-great-grandpap's vessel tried to reach him, but the sea was too rough!"

And that was the last time any livin' creature set eyes on Bluebill the Pirate
Wow! What a story
Have you kids got enough for your research paper now
I say! We'll get top marks for sure!
Thanks, M. Jasper. Here! Buy yourself another
Can I say that can Barkeep!
Soon —
Man! Bluebill was a real character!
What do you make of him talking to that coin? Sound like anyone we know?
Yeah, it's the of the way Unca Scrooge croons to his number one dime
You're right! That must have been Bluebill's very first coin
How about that? The love of Old Number One runs in the Duck family!

Next day –
and that's our report on our adventurous ancestor!
Incredible. The rest of you kids might as well tear up your papers right now.
You mean we get an "A"?
No, I'm calling the media! The whole world must hear this terrible, titillating tale!
A+! But your exhilarating epic shouldn't be confined to this classroom!
And so –
Okay! Tape's rolling! Start talking, boys.
Well, our ancestor was Bluebill, a ruthless pirate! During the course of his career he amassed over 40 million smoldoons

Everybody watches the show —
n today's economy — adjusting for inflation Bluebill's fortune would be worth billions and jillions and gazillions of dollars
This would make him the richest person ever in the world! Richer even than our Unca Scrooge!
>Hmph!<
He was last seen in a wicked storm at sea, grasping a single coin
And he was talking to it
The same way our Unca Scrooge talks to his Number One Dime
We figure that coin was Bluebill's number one!
What? The richest person ever? And his number one coin is at the bottom of the sea?
Forget that old goat McDuck! If I can lay my hands on the pirate's smoldoon, my dreams will come true!

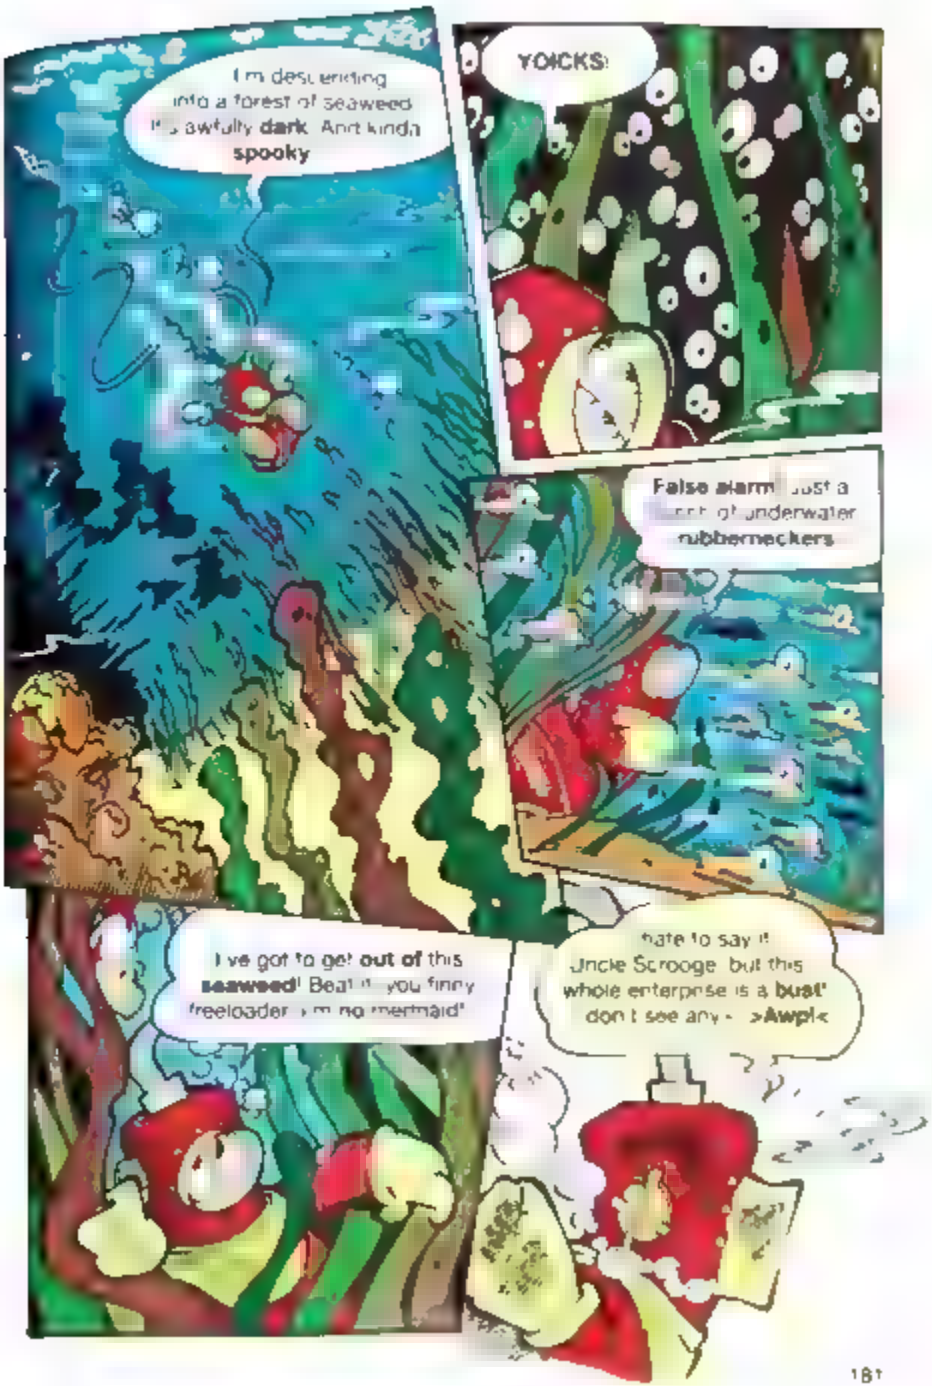
Later that afternoon
You bungling, blabbermouth babies! You boys have **ruined** me!
Unca Scrooge? What did we **do**?
Don't you realize that? **Magica de Spell** gloms onto that number one smoldoon, **my goose is cooked**?
All that hag needs to do is lower that coin into the fires of Vesuvius and she'll have the **Midas** touch!
The **gold standard** will be a **joke**! My fortune will be **worthless**!
We're sorry, Unca Scrooge! We **goofed**!
Why don't **we** just get to the coin **before** Magica does?
Great! You book a salvage ship while I **hire a crew** at the Slimy Seagull!

Our heroes better act fast —
If I play my cards right, McDuck himself will lead me to that submerged smoldoon! Taxi!
Hm... if I was looking for a shipwreck, where would I go?
I'yer askin' me, lady. I'd hire a salvage crew down at th' docks!
Try dis place!
The Slimy Seagull, eh? Thanks for the tip, cabbie!
But I don't want to stand out like a sore thumb! Time for a transformation spell! Mixti, maxti, moxti!
KA-ZORG!
Heh! Now to blend with the local yokels and wait for a certain gaggle of feathered fools to show their faces!

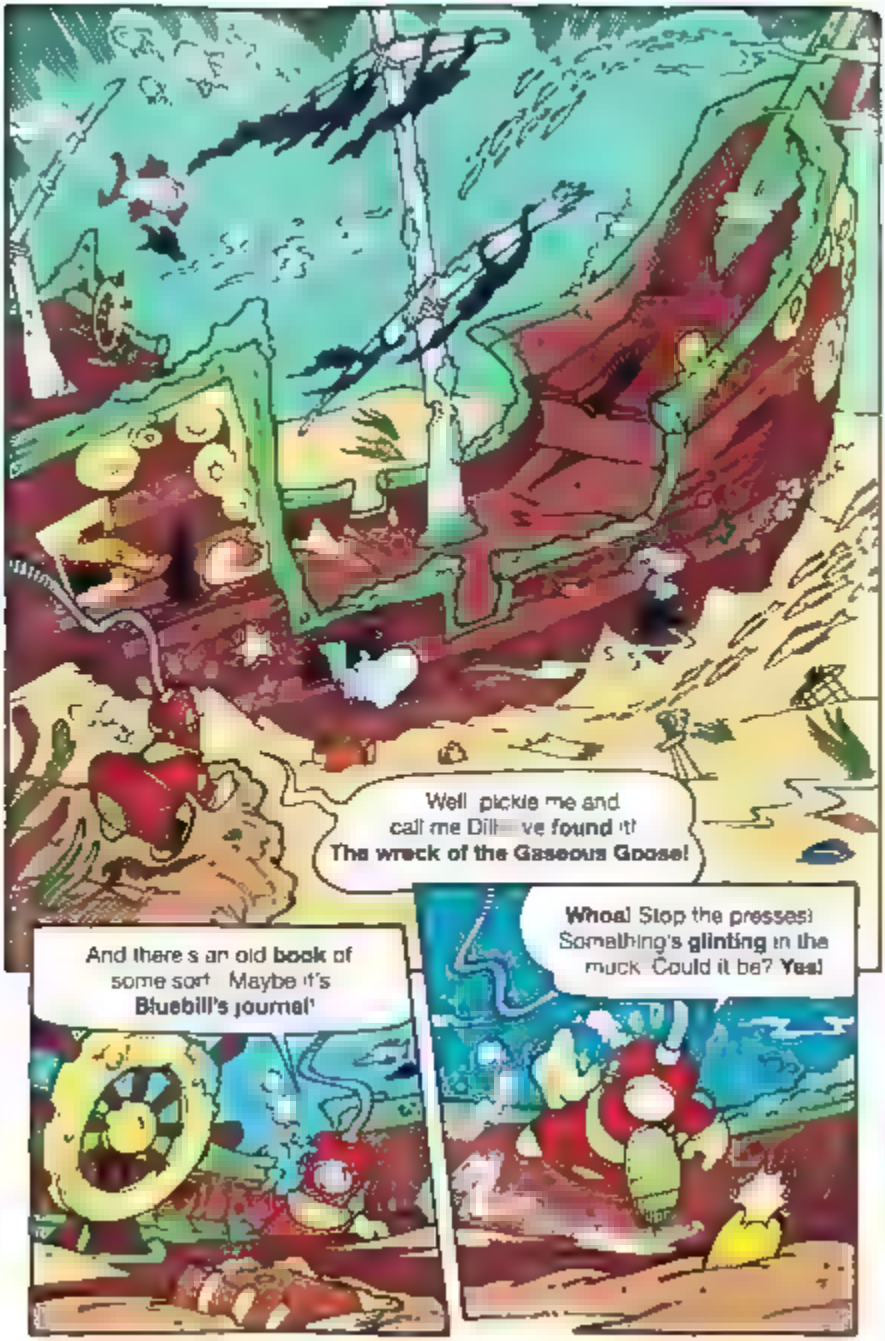
Moments later —
What say we appoint Jasper as First Mate and let him select a crew!
Sounds good to me!
It sounds good to Jasper as well —
Aye! Fall to ye barnacles! I need seaworthy salts!
I'll take you! And you! And... do I know you?
Of course you do! I'm the best sailor in this dive! You want me for the crew!
I want you for the crew
ZING
Okay! I've rented a salvage vessel. Let's do it!
Hear that ye crusty crustaceans? We're shippin' out

Finally, after several days at sea —
Well, Jasper? Are we close?
Aye! Accordin' to these charts and me great-great grandpap's story, this is th' spot where Bluebill's galleon went down!
Unca Scrooge! Sonar just picked up a large object on the ocean floor!
It can only be Bluebill's ship, the Gaseous Goose!
And the Number One Smeldoon! Let's get a diver down there pronto! Where's Donald?
Heh heh! Things are going perfectly! As soon as I'm sure the coin is down there, I'll make my move!

Nap time's **over**, nephew! Climb into this deep sea diving suit and **hit the drink**!
ZZZZZ...
Huh?
Why not just use the **mini-submarine**?
Way too **expensive**! What do you think? Ocean explorations like this grow on trees!
I'm **not** paying the rates the owners want for the use of that sub!
Fine! But why **me**?
I can't do it. I've got to **oversee** the operation! And wouldn't trust this task to a hired hand!
It'll be a breeze! And remember! **Don't** come back up without that smoldoon!
And we don't want to put a **child** in danger! So that leaves you!
Danger? But--but--
>slip!< I feel like **bait** on the end of a hook.



I'm descending into a forest of seaweed. It's awfully **dark**. And kinda **spooky**.
YOICKS!
False alarm! Just a [illegible] of underwater **rubbernecker**s.
I've got to get **out of** this **seaweed**! Beat it, you finny freeloader. I'm no mermaid!
I hate to say it, Uncle Scrooge, but this whole enterprise is a **bust**! I don't see any—>**Awp!**<

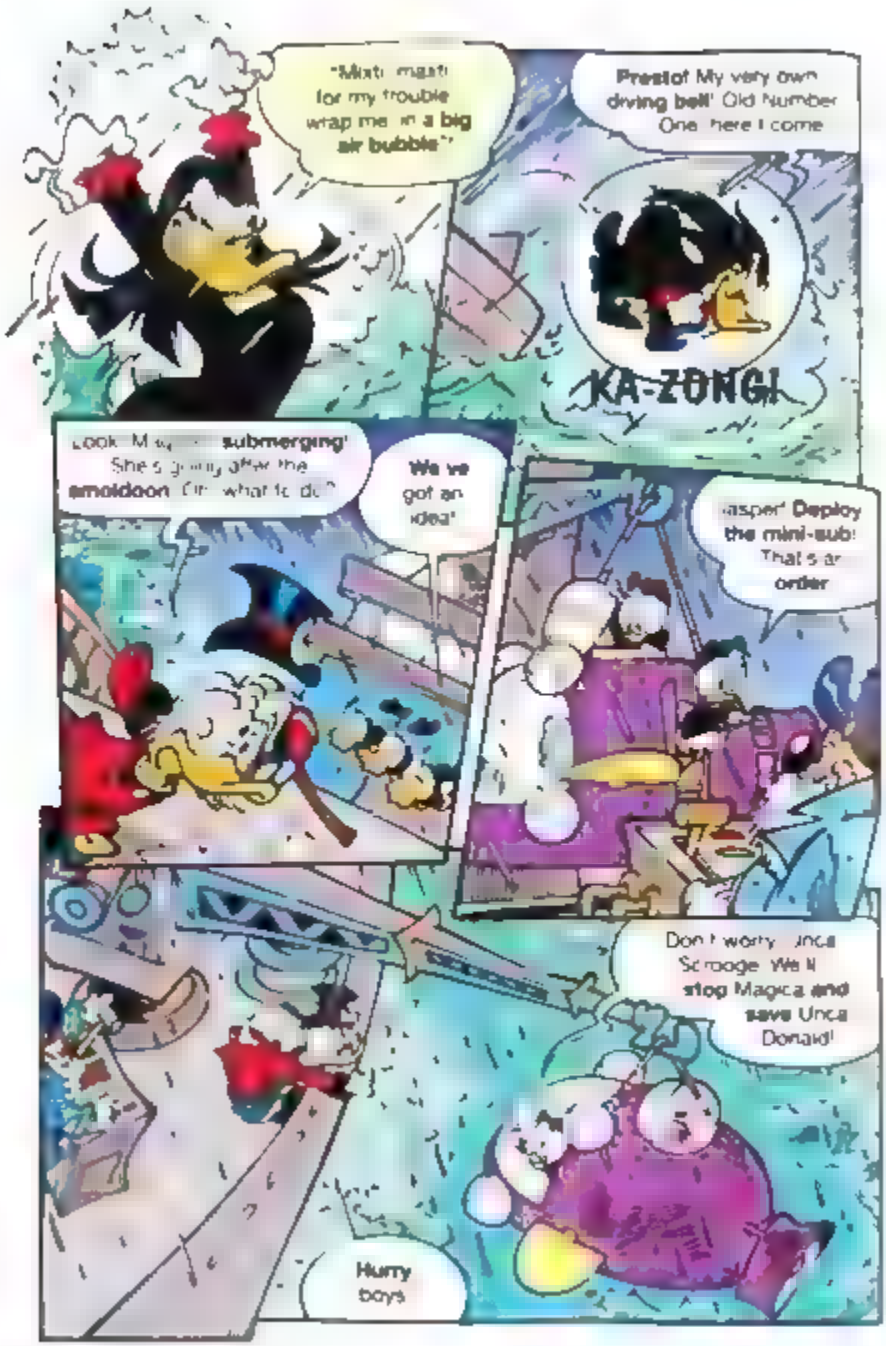


Well, pickle me and call me Dill... ve found it! The wreck of the Gaseous Goose!
Whoa! Stop the presses! Something's glinting in the muck. Could it be? Yes!
And there's an old book of some sort. Maybe it's Bluebill's journal!

Bluebill's old **Number One Smoldoon** I found it!
Good work, Donald! Nab that coin and get topside on the double!
That's all I've been waiting for! First, I'll summon a **sea monster** to keep Scrooge's dimwit nephew occupied!
Xerxes shimenaes, vast and all. Kraken heed me when I call!
KA-BOOM!
That should take care of the diving duck! And I don't need this disguise any longer!
POOF!
Heh heh! Won't Scrooge **be surprised** when I swipe the smoldoon from right under his nose!
Unca Scrooge! **Look!** It's **Magica de Spell!**

Huh? Something's going on up there!
Hey! Where's everybody going? What's the rush?
>Awp!< Tell me I've got the bends! If this isn't a hallucination, I am bait on the end of a line!
RRRROOO AAARRRR!!

Forget the smoldoon! I've gotta **ditch** that overgrown guppy!
I'm a **genius** It won't spot me here!
Then again
KA-RACK!
Wak! I'm done for! Oh momma! Mayday **Mayday!**



"Mixti-maxti for my trouble wrap me in a big air bubble"
Presto! My very own diving bell! Old Number One here I come
KA-ZONG!
Look! Magica submerging! She's going after the amoldoon Oh what to do?
We've got an idea!
Jasper! Deploy the mini-sub! That's an order
Don't worry Unca Scrooge We'll stop Magica and save Unca Donald!
Hurry boys

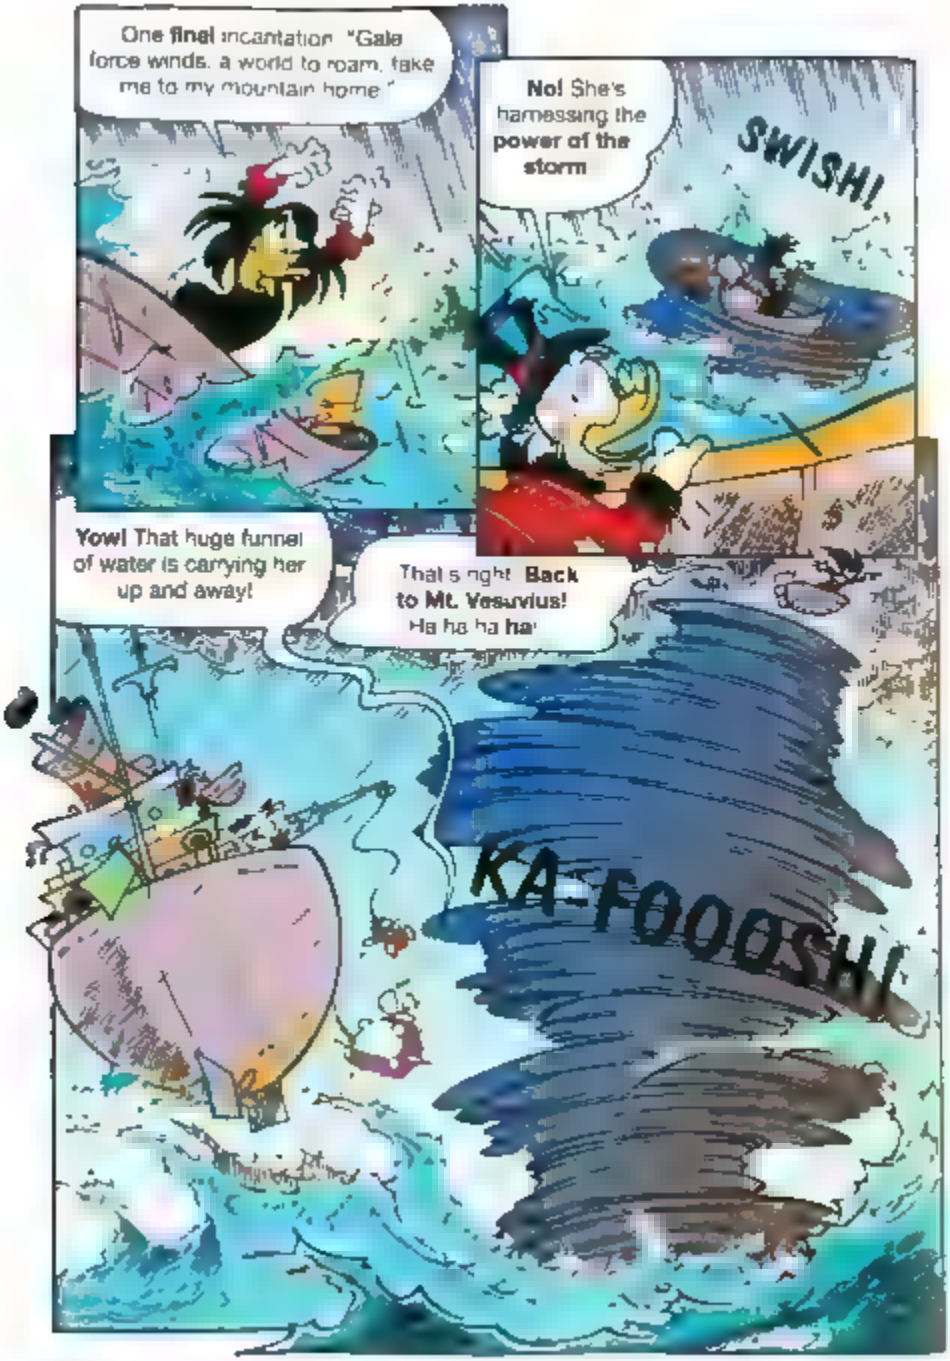
Meanwhile, down below —
Yikes! I can't shake this slithering sonuvagun. Maybe a shortcut through the captain's cabin
No good! Now there's a tentacle behind me and one ahead! >Grrl< I'm beginning to get steamed!
ve had enough of your shenanigans, you slabs of sushi! Here's where I make my stand!
Let's see your get out a perfect half-hitch!
How do you like that buster? Teach you to mess with—
Uh-oh! Here comes Magica
Drat. The simpleton's overcome my beautiful beasties!

She's making for the smoldoon! But I can still **beat her to it**
Hm... Looks like I've got to do a little more **conjuring**! "Inky binky rinky dink snarl his air-hose with a kink!"
What?
POINK!
>Argh < My air **supply's** been cut off! **I can't breathe!**
Yes! The oaf is out of commission. The smoldoon is within reach! **It's mine!**
Holy Hecate! I've sprung a leak! What's going on?

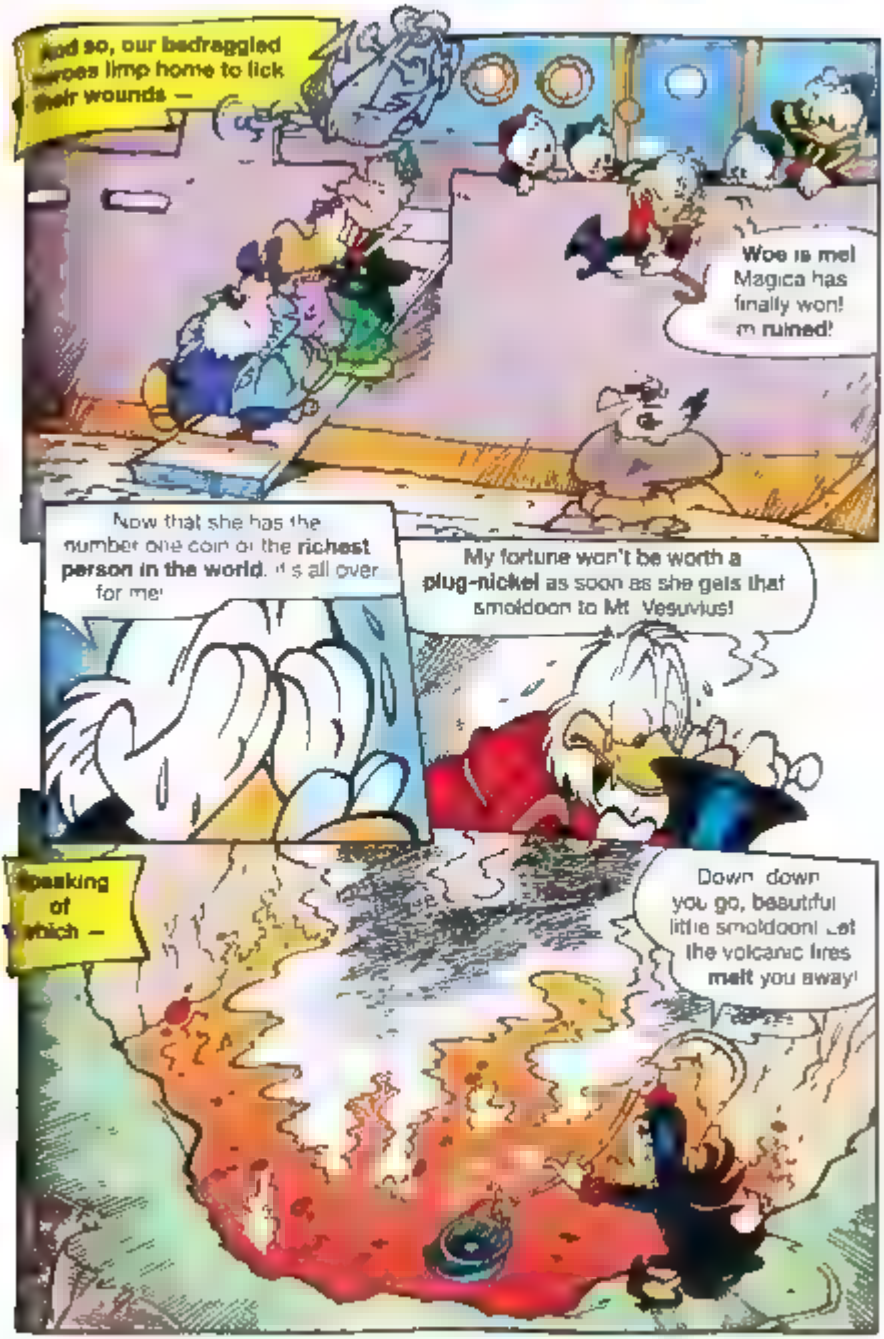
Simple! We just poked a **hole** in your plans, lady!
Face it Magica **you're all wet!**
You won't thwart me, quacklings. The smoldoon is **mine**! It's written in the stars
Whatever! A little to the left, Dewey! That's it
Nice and easy! We're **almost there**
Looks like **we're** the ones who're gonna get the prize!
Greedy! Greedy! What about your **uncle**?

Unca Donald?
Come to think of it, where is he?
Jeepers! We were so fixated on the coin, we clean forgot about Unca Donald!
switching on the emergency floodlights
There he is!
There's a snag in his feed line! He's out of air!
Unca Scrooge? Can you hear us? We've got a problem here!
What problem? Donald will be fine! Get the smoldoon! Get the smoldoon!
Well? What'll it be, boys? Your uncle or the coin?

Sorry, Unca Scrooge. Unca Donald needs us. We've gotta get him up to the surface right now!
It's a shame about the coin, but we tried our best.
Yes! I've just enough air left to grab the smoldoon. I've won!
GURGLE!
've won! ve WON! It's fate.
There she is! Stop her! Full speed ahead!
Of course, there's still the little matter of making an escape!



One **final** incantation. "Gale force winds, a world to roam, take me to my mountain home."
No! She's harnessing the **power of the storm**
SWISH!
Yow! That huge funnel of water is carrying her up and away!
That's right! **Back to Mt. Vesuvius!** Ha ha ha ha!
KA-FOOOSH!



And so, our bedraggled heroes limp home to lick their wounds —
Woe is me! Magica has finally won! I'm ruined!
Now that she has the number one coin of the richest person in the world, it's all over for me!
My fortune won't be worth a plug-nickel as soon as she gets that smoldoon to Mt. Vesuvius!
Speaking of which —
Down, down you go, beautiful little smoldoon! Let the volcanic fires melt you away!

Once the coin is dissolved in the mountain's flame she'll have the **Midas Touch**!
And my riches will be as **obsolete** as the tin type and the cracker barrel
>Bwaah:<
Chin up! There **must** be a bright side!
Well, I don't enjoy it! Not when that crone is probably **sealing my doom** at this very instant!
That's the ticket! Everybody seems to **enjoy** hearing about him!
Yeah! Maybe we can find out **more** about Bluebill from this journal we salvaged!
It's **done**! After all these years am at last the possessor of **the Midas Touch**!

You'd better listen to the final entry in old Bluebill's journal Unca Scrooge!
It reads "Today the unthinkable happened!
"Me crew mutinied and divided up me fabulous fortune amongst themselves!"
"They left me to me fate, alone on the deck of The Gaseous Goose! I fear me career on the high seas is over!"
What? What does it say?
Don't you get it, Unca Scrooge?

We were **wrong**! That smoldoon wasn't Bluebill's **first** coin – it was his **last**!
That means it's **useless** to Magica! You're **saved** Uncle Scrooge!
Yes, indeed –
Nooo! Nothing touch is turning to **gold**! Someone in that family of quackers has **bamboozled** me!
And somehow, ve got a feeling it was old **Bluebill himself**!

C'mon? That little kid? Terrorizing a tough hombre like you?
You did say your last adventure got to you, but I didn't think you meant it to this extent
YIKES!
Have you no shame?
Nope!

can't help it! I'm scared of **everything**!
"A week ago I could tackle a *whole jungle* full of danger..."
than I started getting these **panic** attacks!
Hmm... maybe you should see a **doctor**!
No doctors! I'm scared of **needles**! >Boo-hoo-hoo!<
Mickey persuades Indiana to seek medical help --
C'mon! We gotta cross the street!
Couldn't we go to a doctor's office on **this** side?

Don't worry! We've got a green light.
I'm keeping an eye on those cars anyhow!
Elevator? No way! Stairs are safer!
Ten floors later —
Who's the patient?
>Huff!<
>Puff!<
've been better, but he's your man!
After the examination —
He's got acute courage depletion!
In other words, the 'fraidy pants! After countless close calls, he's used up his courage!

His courage reserves are bone dry! The only cure

Armed with the diagnosis —

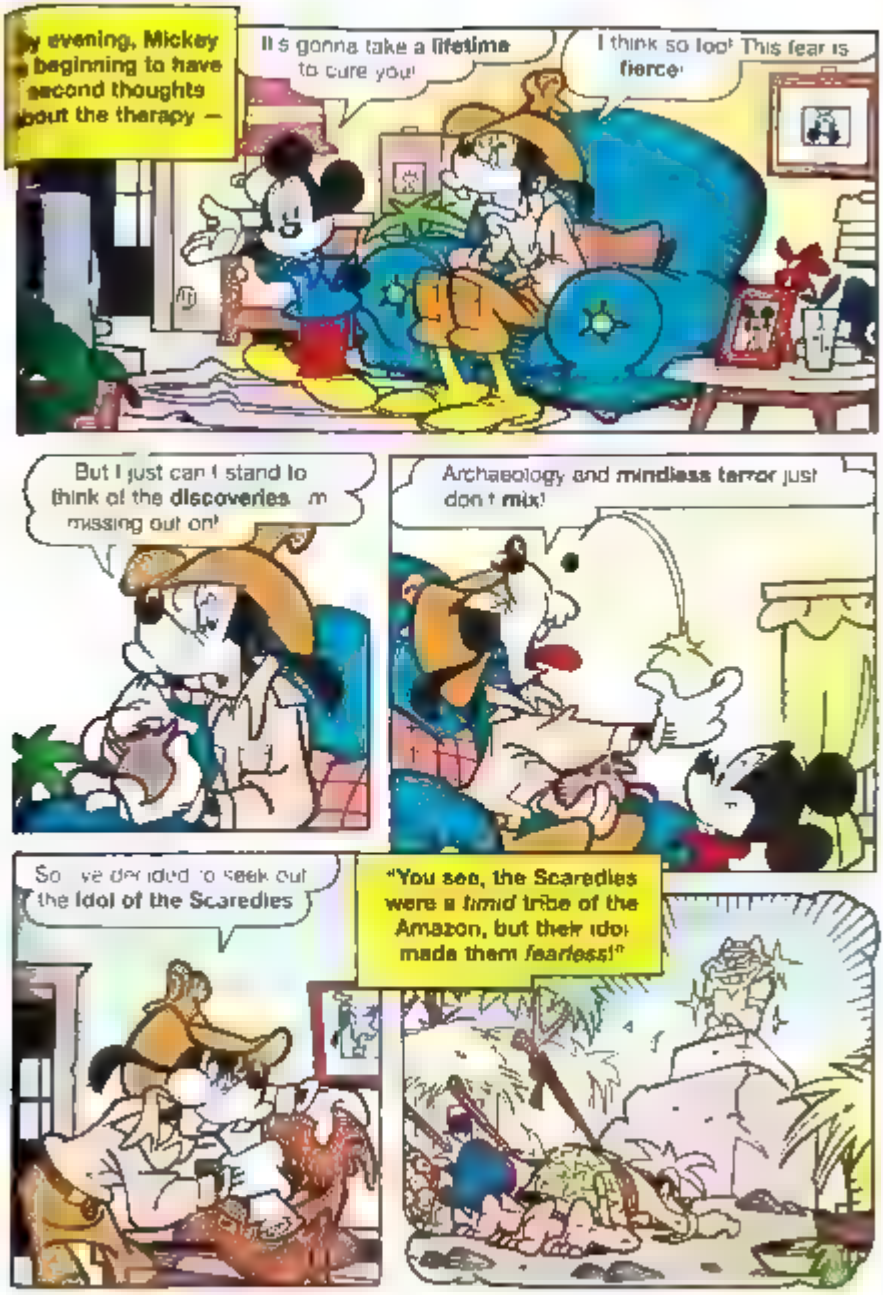
And what if a bloodthirsty worm goes for my throat?



By evening, Mickey is beginning to have second thoughts about the therapy —
It's gonna take a lifetime to cure you!
I think so too! This fear is fierce!
But I just can't stand to think of the discoveries I'm missing out on!
Archaeology and mindless terror just don't mix!
So we've decided to seek out the Idol of the Scaredies
"You see, the Scaredies were a *timid* tribe of the Amazon, but their idol made them *fearless*!"

This is the region where the Scaredies lived!
>Gulp!< Those mountains looke like swiss cheese!
SWAMP
That's a chance we gotta take! That idol is my only hope!
According to legend, the idol is in one of those caves!
If it exists!
All right. Let's buy our plane tickets
>Hee hee!< Now I know your secret!
If I get the idol first, you'll be stuck being Indiana Chicken forever

That region seems pretty wild! Won't you be scared?
Hope will give me courage
Yipe! An ant!
Heh heh! How sweet to see my prey so helpless!
The next day, above the Amazon jungle, Mickey descends –
But where's Indiana?
Everything okay in there?
>Klackity!<
>Klackity!<

Did you bring **maracas** along?
N-no >kiak!< It's just my chattering teeth!
But there were no **egg rolls** in there You **tricked** me!
No choice! You wouldn't have **parachuted** on your own
...and it's the **only way** to get here! There's no place for an airplane to **land** in this jungle!
We'll proceed on foot from here
when your knees stop **knocking**!
S-sorry!
>GAH!<
What the ?

A cobra! A double fanged leaping cobra!
Its bite is equal to a thousand
normal snakes
ZOOM!
Wow! Wha a leap
>Phew!< You sure gotta watch your step around these parts
A- and not just on the ground!

"...but what else could help you sleep now?"
You've always said the sounds of night are a lullaby to you
and the little pixies lived happily ever after
Good. He's finally asleep!
I sure hope we find that idol soon!

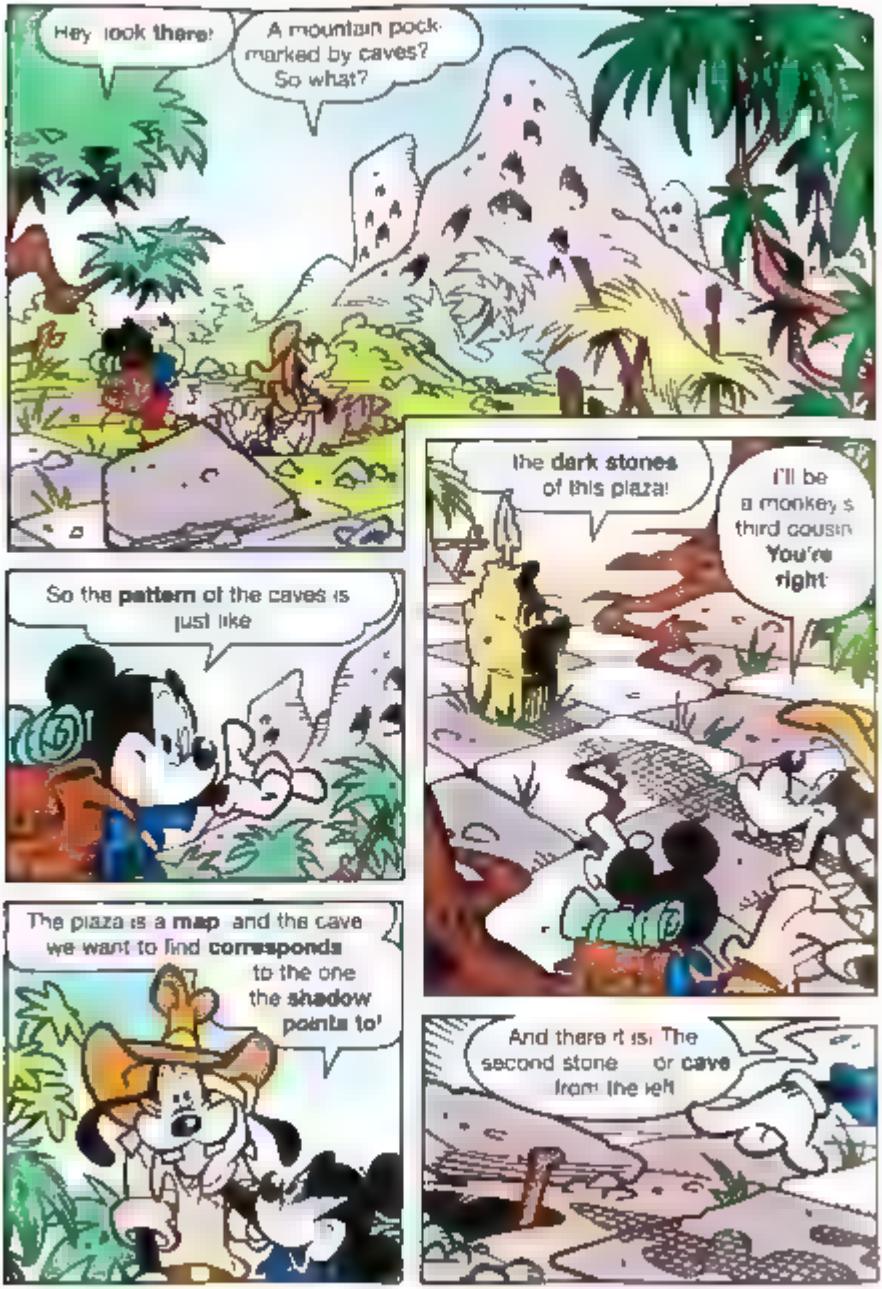
The next day —
Watch your step! There's quicksand everywhere!
Quicksand? B-but sandboxes are really scary!
Hang on, we're almost out of it. Look! The Mountains of Many Caves
>EEK!<
FLAP
FLAP
Why are you grinning? You almost fell into quicksand because of a silly parrot!
Look!
It's the writing of the Scaredies
So we're on the right track. Great!

And so am I! Heh-heh-heh...
Hey! A clay pot!
Good! The lost city must be close!
The jungle has overgrown just about everything here
No! These stones!
But it won't be easy to find it
They're paving stones, by the look of 'em!
Let's clear all the brush, Mickey! Maybe this is it!
All the brush?

I'm fired by the thrill of discovery
My [illegible] vanished
Help!
You were saying?
Ahem... That statue just took me by surprise, that's all!
The statue isn't all that's surprising –
Here it is... The Lost City of the Scaredies!
The ruins of houses and a town square!

It looks like a giant chessboard!
Next you'll want to prove the Scaredies.
were the inventors of chess
Maybe?
Maybe people were the playing pieces! Knight to C2!
Or maybe they used these statues to— Nope! Doesn't budge!
Then what is their purpose?
Dunno. That pictograph of a setting sun. Hmm. I wonder...?

Look! The sun is setting right now
and the statue casts a shadow that points
Here
"I know all about these things!"
Nothing!
The legend mentioned a cave!
Yeah but you can't always trust legends! Believe me!
>Hmph< Well as the feller said sometimes a shadow is just a shadow



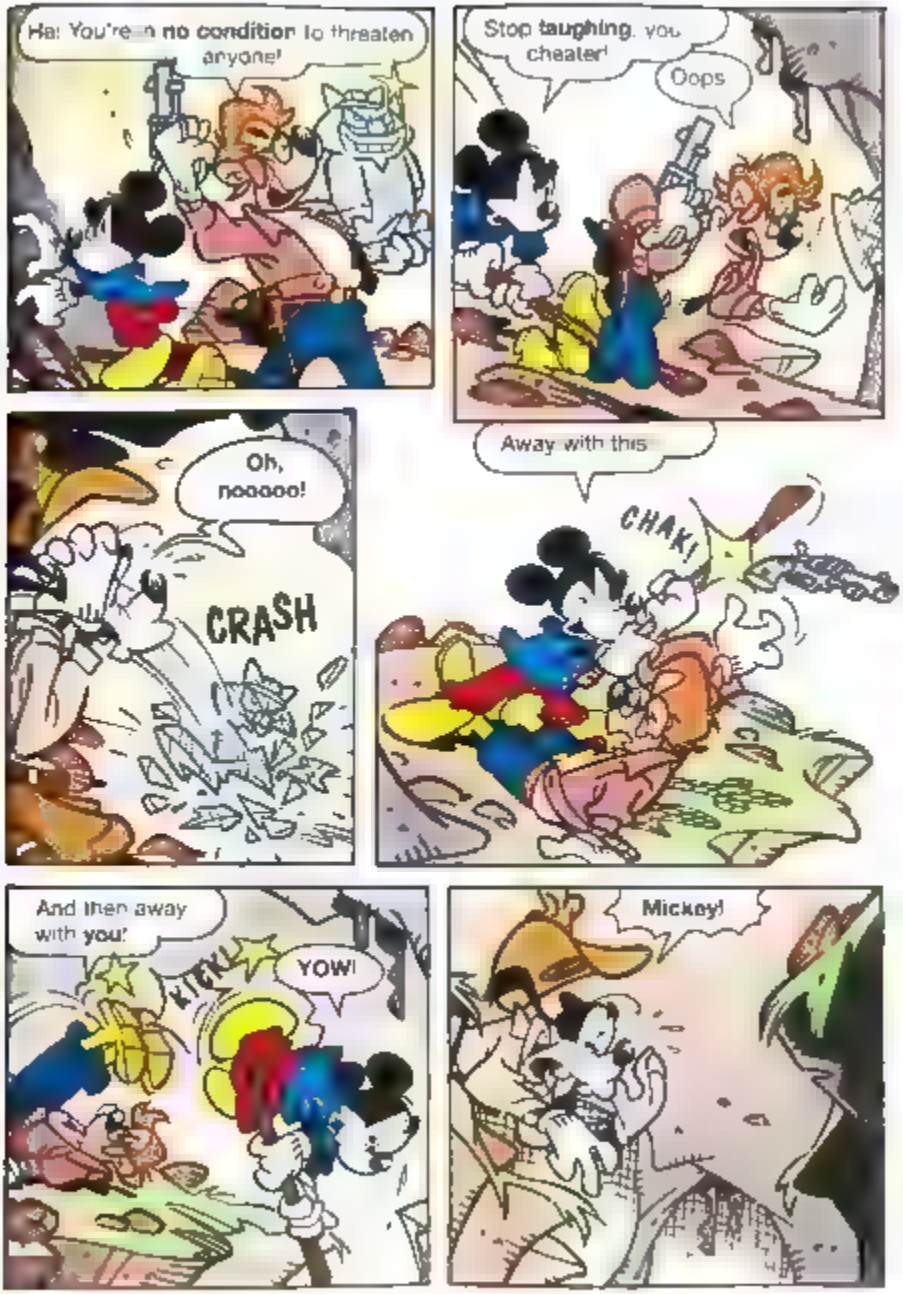
Hey look there!
A mountain pock-marked by caves? So what?
So the pattern of the caves is just like
the dark stones of this plaza!
I'll be a monkey's third cousin You're right
The plaza is a map and the cave we want to find corresponds to the one the shadow points to!
And there it is! The second stone or cave from the left

Soon enough ~
Wait! Don't forget your depleted courage! Let me go first!
What danger could there be?
Aren't there jaguars in the area?
So?
>EEYAAH!<
I knew it! It's a jaguar's den!
FLAP
FLAP
N-no just a bat cave! >Brrr!<
Give me the flashlight I'll go first!

If I see another ba or ferocious worm
I'll be sure to warn you!
MUNCH
Hey, where's that light coming from?
Hooray! The Idol of the Scaredies!
By Neddy! I feel braver just looking at it!

WHOA!
CRUMBLE
Look out for booby traps! That one almost sent you into an underground river!
Don't worry. Once I get my hands on the idol, I'll be able to tackle any
YIPES!

Hello, Indiana! I'll be taking the idol of the Scaredies! I know collectors who will pay handsomely
>Grrrk, Krang!
Not again
Heh! I followed you from Bangkok to find out what treasure you'd go after next!
"And when I saw how fearful you'd become, I thought that it might be nice if you stayed that way!"
>EEP!<
So no idol for you!
You can't do this to me! Give it back
BOO!
>YEEK!<



Ha! You're in no condition to threaten anyone!
Stop laughing, you cheater!
Oops
Away with this
CHAK!
Oh, noooo!
CRASH
And then away with you!
KICK!
YOW!
Mickey!

I know it's scary, Indiana, but I could really use a hand right now
That mouse could use a bath anyway! Farewell, Indiana Goof! I'm outta here!
>R-rattle!< I'm so scared but I gotta help Mickey!
Uh-oh!
GOTCHA!

nd so —
Thanks!
What're friends for, eh?
But so much for my courage. The idol's smashed!
You don't need the idol now. You're cured.
!
If your courage was still depleted, you couldn't have saved me!
True!
Ha! I'm back to normal!
>Gulp!< Good!

Well... you were right, Mickey! The cave is inhabited!
ROARR!
Now look here, kitty! Don't you go roaring at me!
Got it, or do I have to do this?
Whew... Indiana really is cured!
Reeyow?
Okay. Now to fix our friend Kranz! He can't have gotten too far yet
PET
PET
Certainly not far enough
Wait, Kranz, I'd like ya ta take a look at my jaguar!
Looks like Kranz caught a case of the 'fraidy pants.

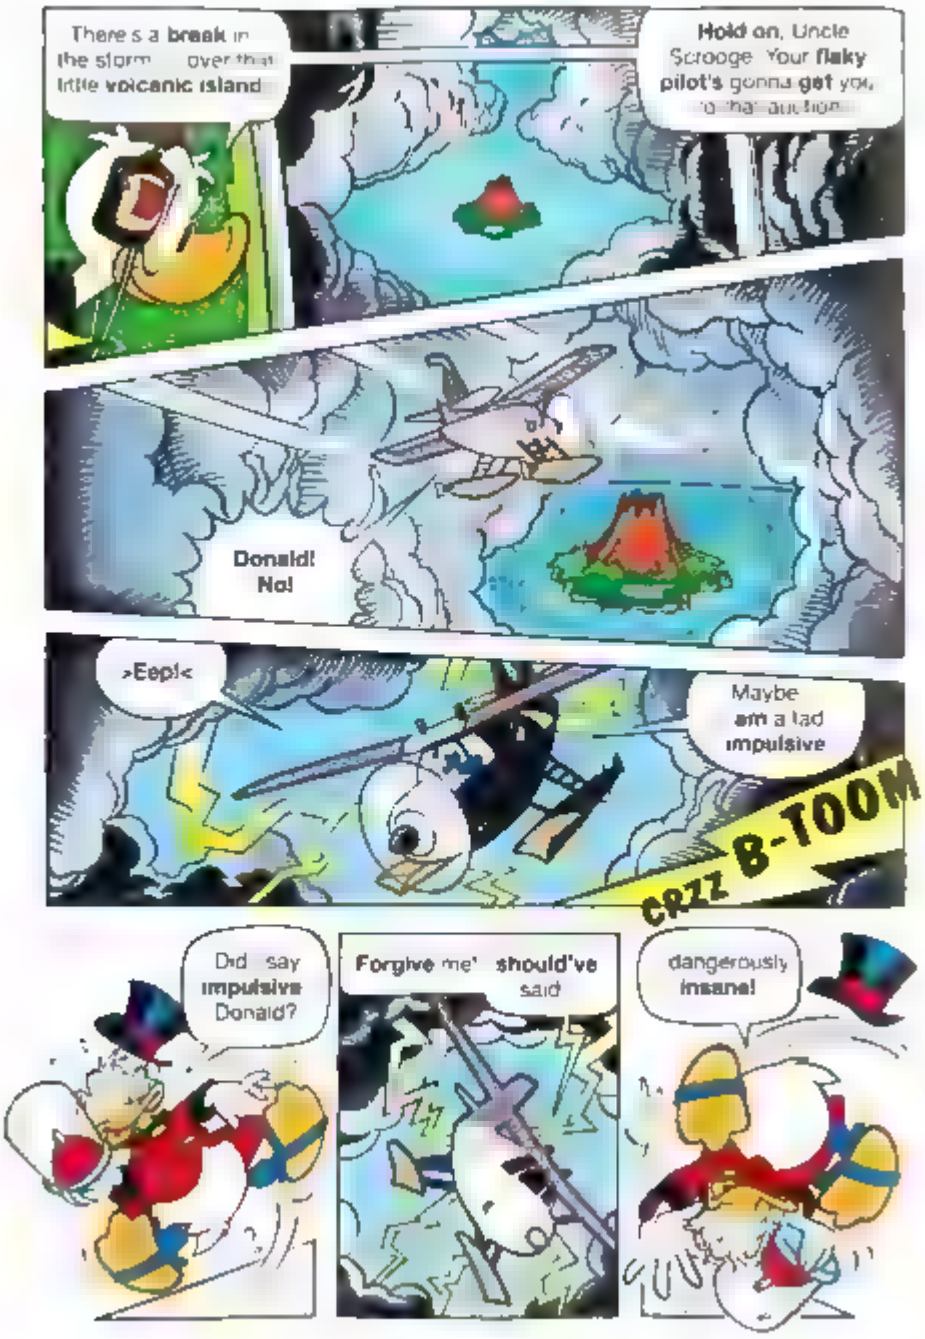
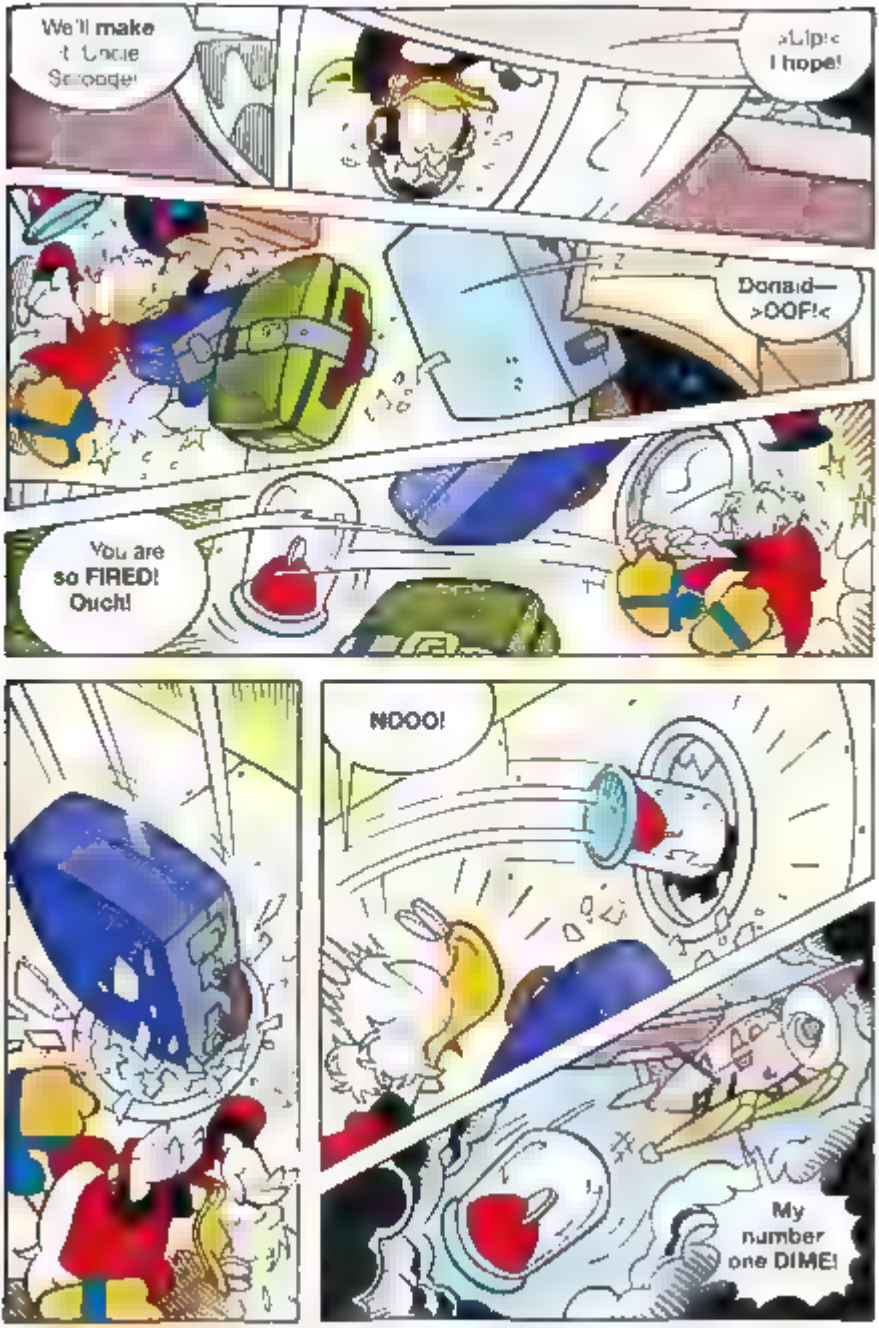
What's our E. T. A. Donald?
About two minutes less than the last time you asked!
late. I'll lose out on bidding for a high-profit Polynesian powder puff plantation!
What's the rush?
The auction we're going to is very important!
D 2004 33W

The bidding may go **high** — but my old **number-one dime's luck** will give me a **winning edge**!
But I **can't** if you don't **get** me there in time — so **step** on it!
I'm **flooring it now**!
Why didn't one of your **regular pilots** fly you, Uncle Scrooge?
Well **floor** it some **more**!
The **fewer** who know where I'm headed, the **better**!
And you're **cheaper**!
Oh! **That**!
I might've **known** you didn't pick me because of my **piloting skills**!
You're an okay pilot, Donald.
but you can be **impulsive**. And sometimes even **flaky**!
Thanks a **heap**!

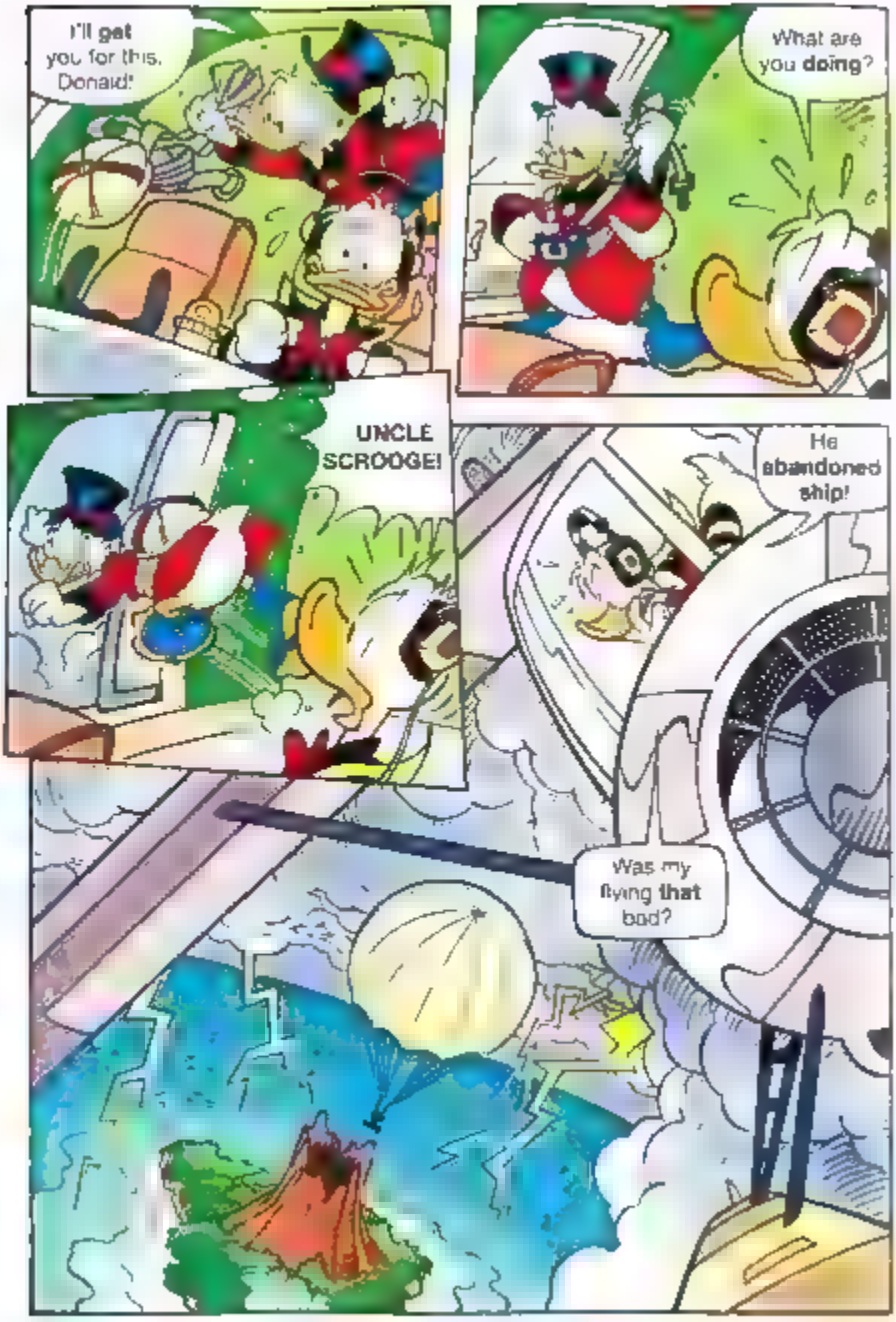
Now quit **jabbering** and focus on **getting** me there!
And look out for that storm!
Stop that back sea piloting!
Yikes! It's a **bad** one!
Too **big** to **fly over** and right in our **path**!
Oh my
We have to go **around** it. And it may mean **missing** my **auction**. What a **pain**.
Maybe **not**!



There's a break in the storm over that little volcanic island
Hold on, Uncle Scrooge! Your flaky pilot's gonna get you to that auction
Donald! No!
>Eep!<
Maybe I am a tad impulsive
CRZZ B-TOOM
Did I say impulsive Donald?
Forgive me! I should've said
dangerously insane!



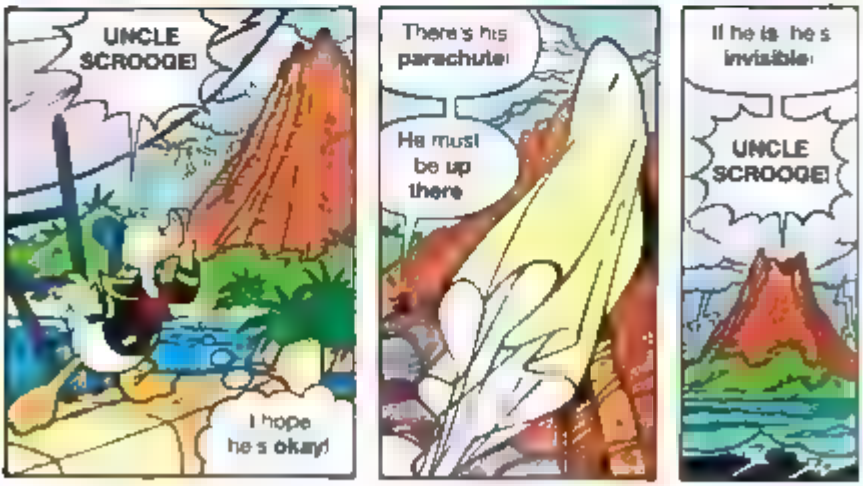
We'll make it Uncle Scrooge!
>Lip!< I hope!
Donald— >OOF!<
You are so FIRED! Ouch!
NOOO!
My number one DIME!



I'll **get** you for this, Donald!
What are you **doing**?
UNCLE SCROOGE!
He **abandoned ship!**
Was my flying **that** bad?

I saw it fall toward that volcano! Hope it didn't land in the crater!
>Ulk!<
That glint Can it be
Yes it is My display case Shattered!
So no dime! It must've fallen down that fissure!
Only one thing to do!
It'll be hard finding it in the dark but I bet I can locate it by smell!
I can smell silver a mile away!
>Snif!< >Snif!<
Can't catch its scent but what is this smell?

>Snort!< Smells kinda **sulfury**! >Kaff!
There must still be some **volcanic activity** in this old cone!
>Bleah.< It's getting **thick**
I feel **dizzy**! >Ulp!< >Uk!< Oooooh
Good thing this island has a **lagoon**
I'd hate to try landing on the **ocean** in this **storm**!



UNCLE SCROOGE!
I hope he's **okay**!
There's his **parachute**!
He must be up there
If he is, he's **invisible**!
UNCLE SCROOGE!

Where are you, Uncle Scrooge!
He can't have just vanished!
This island's too small to hide in — unless he's gone inside it!
Uncle Scrooge!
>Sniff!< This place is thick with fumes!
Smells like rotten eggs
I'm getting light-headed
clearin' out
might be poisonous
If Uncle Scrooge went in there he's done for!
Oh woe!
This is all my fault. Oh! Why was I such a flaky, impulsive idiot!
WHAM WHAM WHAM

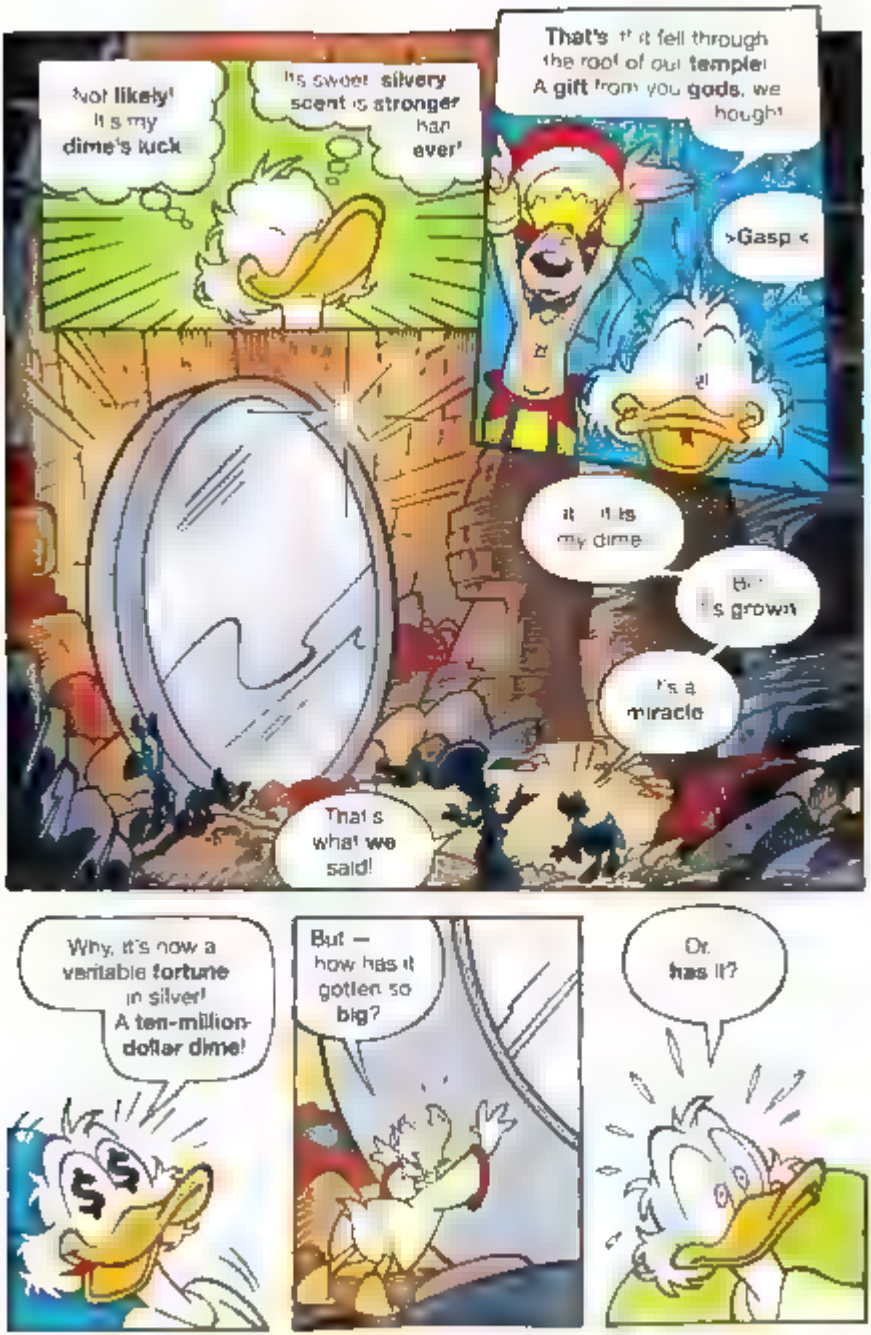
Later —
>Yawn!<
>Grmph!<
>Hmm!<
Say! Where am I?
This isn't my bedroom!
Where are my glasses?
And these aren't my pajamas!
Hm... I remember falling!
>Ulp!<
I can smell it clearly! It must be near!
>Sniff Sniff<
My dime!
Right after losing my dime!
An underground city – lit by volcanic fires!
Or maybe just really need those glasses!

>Sniff!< The smell of my dime is overwhelming.
If one of those natives has it I have to barter for it.
Shouldn't be hard — they seem pretty primitive!
But who are they? And where is this?
I'm glad you're awake, oh heavenly one!
!
>Ahem!<
We apologize for the crude accommodation!
We know it's nothing compared to your heavenly abode
A Polynesian dialect!
Luckily it was Polynesian I brushed up on for that auction
I'm taken for some sort of god!
Ought to be easy getting my dime back
Tut-tut, my child! I slept like a godling!

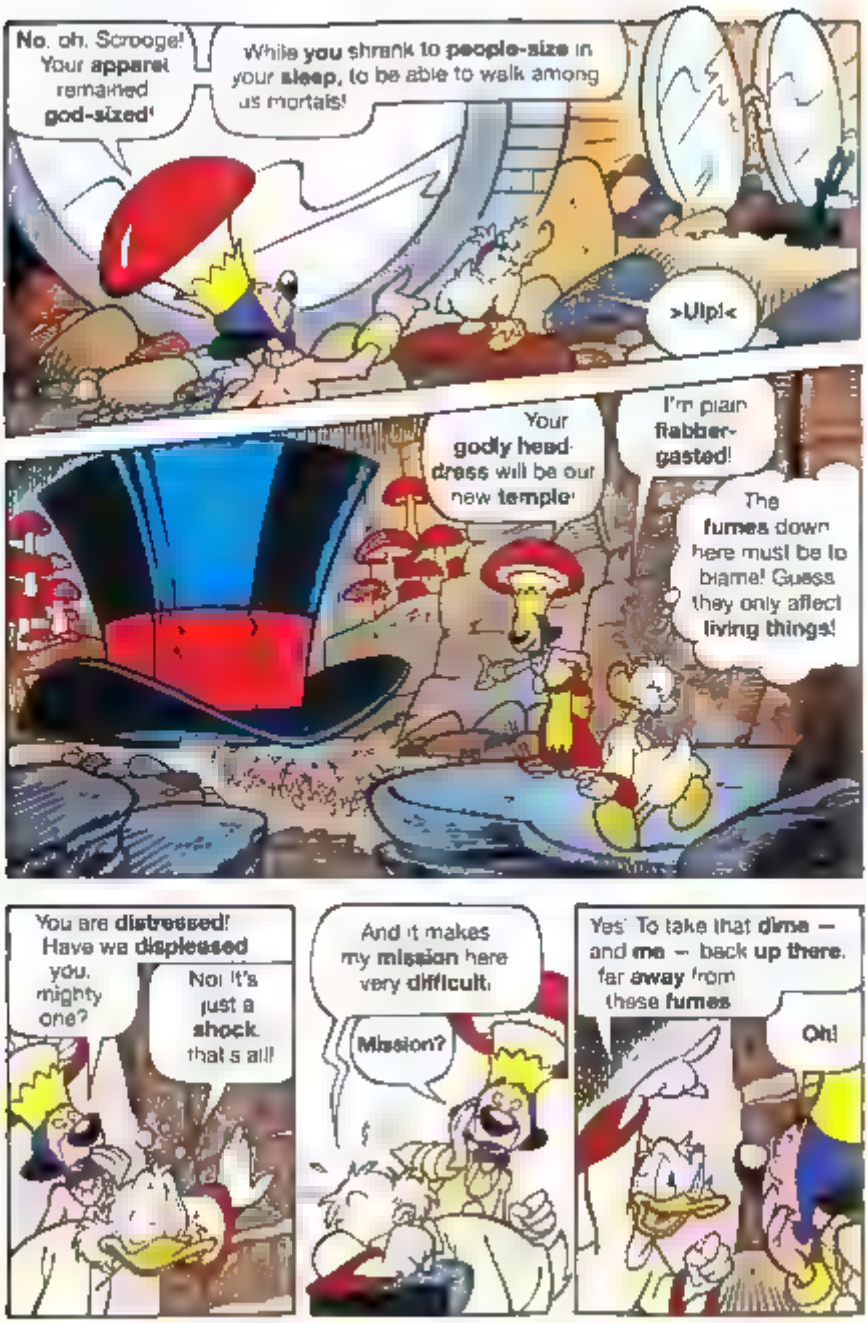
Our king wishes to speak with you
Good ! hope he'll help me find something lost
He'll be thrilled to serve you!
He pleases me already!
They seem to be almost starving!
It's no wonder living in this cave!
Looks like their only food is giant fungi!
But, why don't they farm
It's the feathery all-father! Look
Praises, oh great duck from above
Your exalted presence blesses us!
Hail to the heavenly one!
Well! If the king is this impressed I'll be all night here!

He is!
am thrice-honored by your visit, oh godly one!
Please! Take my throne... it's the best seat in the house
Thanks, kingy! You make me feel right at home
How are things up in godland, oh feathered father
It's perhaps not as godly as you imagine
And call me Scrooge please
Scrooge! A mighty name! bid you welcome to Papa Ana
Nice er... place you have here!
How do you happen to be here?
You test my knowledge! Well, we're not too sure ourselves
Our ancestors somehow traveled to this demonic world and found shelter here where the eternal fires give warmth and light
and the fungus plant blooms in the dark

I notice that's all you eat!
Yes! Have some! Baked, boiled or stewed
No! bad! But why do you all look half starved
It's barely enough to live on! But our luck has changed suddenly!
Your luck changed?
Yes! Our harvest this morning quadrupled!
You brought the talisman didn't you?
Talisman? That's why I'm here I'm looking for my lost dime
Dime?
Yes! A little circular piece of metal about this big
An object did fall from heaven before you — but it doesn't quite match your description!
It must be my dime! Take me to it
Okay Okay
I hope we didn't get it by mere accident! We believe it has brought us the good fortune!
Or perhaps it is you who has blessed us not this thing!



Not likely! It's my dime's luck
It's sweet silvery scent is stronger than ever!
That's it! It fell through the roof of our temple! A gift from you gods, we thought!
>Gasp<
It... it is my dime
But... it's grown!
It's a miracle
That's what we said!
Why, it's now a veritable fortune in silver! A ten-million-dollar dime!
But — how has it gotten so big?
Or, has it?



No, oh, Scrooge! Your apparel remained god-sized!
While you shrank to people-size in your sleep, to be able to walk among us mortals!
>Ulp!<
Your godly headdress will be our new temple!
I'm plain flabbergasted!
The fumes down here must be to blame! Guess they only affect living things!
You are distressed! Have we displeased you, mighty one?
No! It's just a shock, that's all!
And it makes my mission here very difficult.
Mission?
Yes! To take that dime — and me — back up there, far away from these fumes.
Oh!

Meanwhile...
I've been over this rock pile three times — and no sign of him!
I'll have to fly home and get help!
How did I miss this? His dime case! Now I get it!
He jumped out of the plane chasing it!
The dime rolled down this fissure! He went after it!
He must be down there still!
UNCLE SCROOGE!
UNCLE SCROOGE!
UNCLE SCROOGE!
Yi!
That deafening voice!
What is it?
It's vibrating my innards!
Omigosh — it's Donald!
You know this terrifying belcher?
I'm sorry — it's my blowhard nephew!

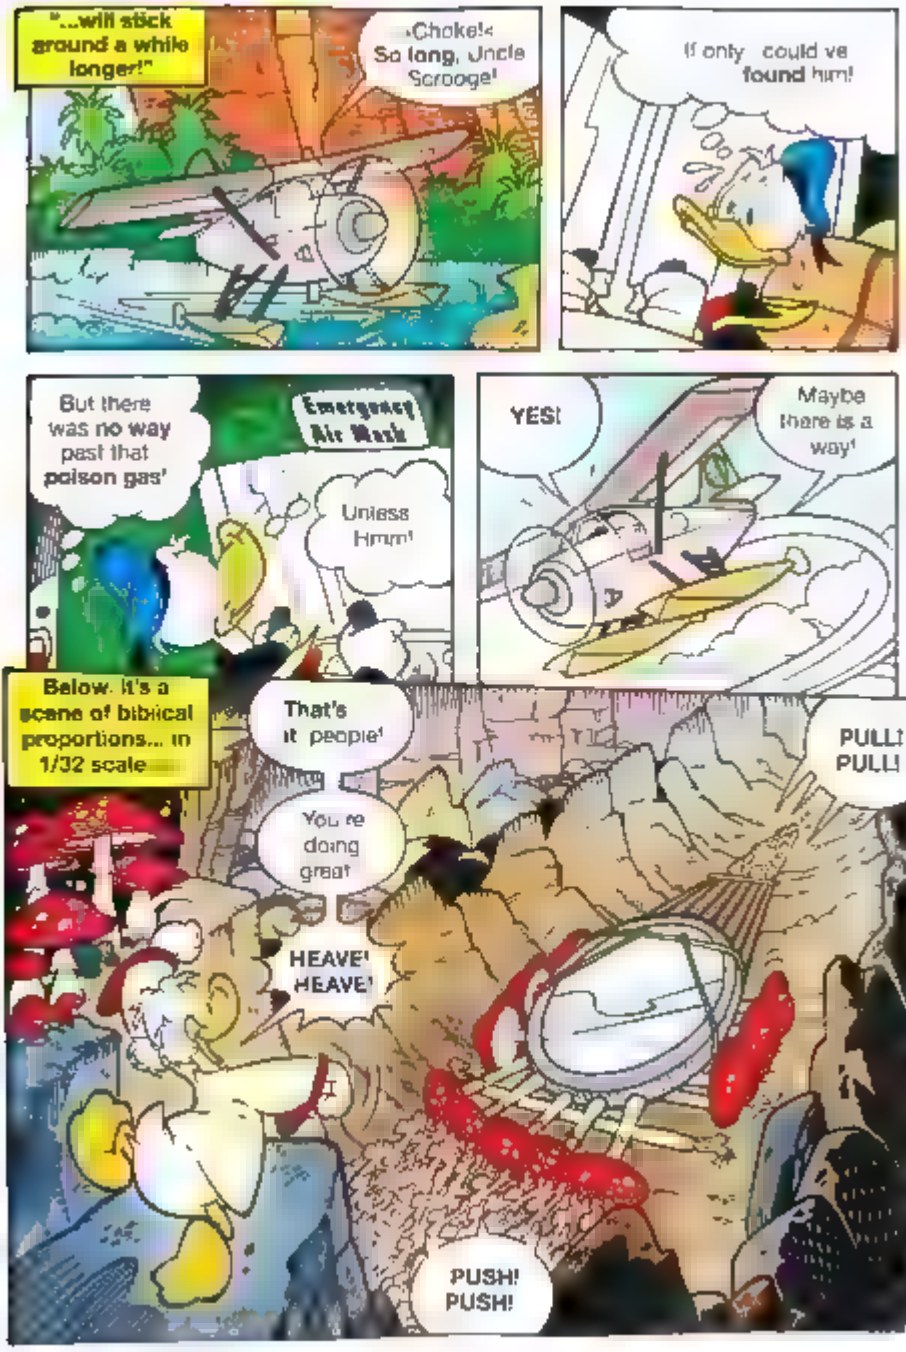
>Gasp
A ight
heavens
A
godly
Donald!
m here
Look! It s
me!
Can't see anything
but rocks down there!
Donald!
You
imbecile!
hear
something
a mouse
squeaking?
Poor Uncle
Scrooge! He
fell amongst
vermin!
He turned off the
light! Maybe can
signal him with fire!
DONALD!
Look, you
fool!
SQUEAK
Oh
>boo-hoo!< Uncle Scrooge is probably
eaten by now. But can't give up

Uncle Scrooge! I'm coming! Say something! I'll hear you! promise!
How can you hear anything if you don't shut up ... idiot?
PROMISE!
THUD
Oh-oh! It's those sulfuric fumes again!
They must be all over the volcano
Gotta get out before I succumb – like Uncle Scrooge must've done!
>Yeep!<
I guess I'm lucky! He could've fallen on me!

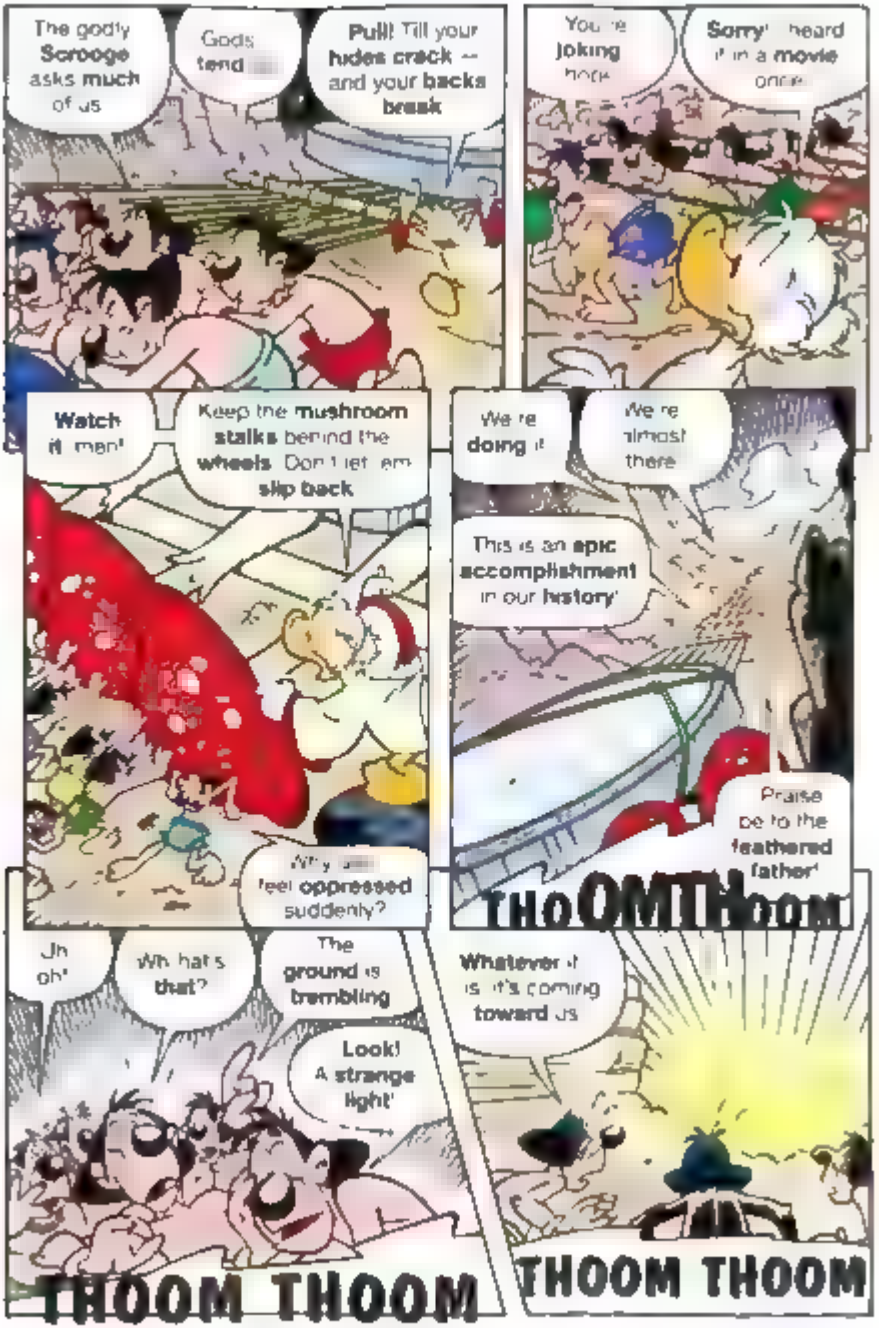
I'm sorry Uncle Scrooge There's nothing more I can do
Boo hoo!<
>BOO-HOO!<
>SOB!<
...your godly nephew always so...
>Sniff!< Guess better go home and report this
Flaky?
My only chance is to get up there before Donald leaves!
...there any way out of this place besides straight up?
Legends say the slope over there leads to a demonic, giant world with no ceiling!
That's it then! The exit.
You aren't going there, are you oh Scrooge?
I sure am. And I want you to come with me!
Me?
You and your people!
All of us? Why?
Because it'll take all of you to haul that god-size dime back.
But

And so —
The god Scrooge asks our help to take his dime back to heaven
!
He needs us?
Since when do gods need mortal help?
Is he god-like?
But since that holy object he calls a dime fell
our fungus-plant yield has been miraculous
I brought good luck
If you take it away we might starve again
Listen, folks
That dime isn't special! It's only money! To worship it is dumb
So why do you want it?
Well, I mean! It has sentimental value to me
Then it isn't a talisman?
Oh no! How could a piece of metal bring anyone good luck?
>Hoh-hoh<

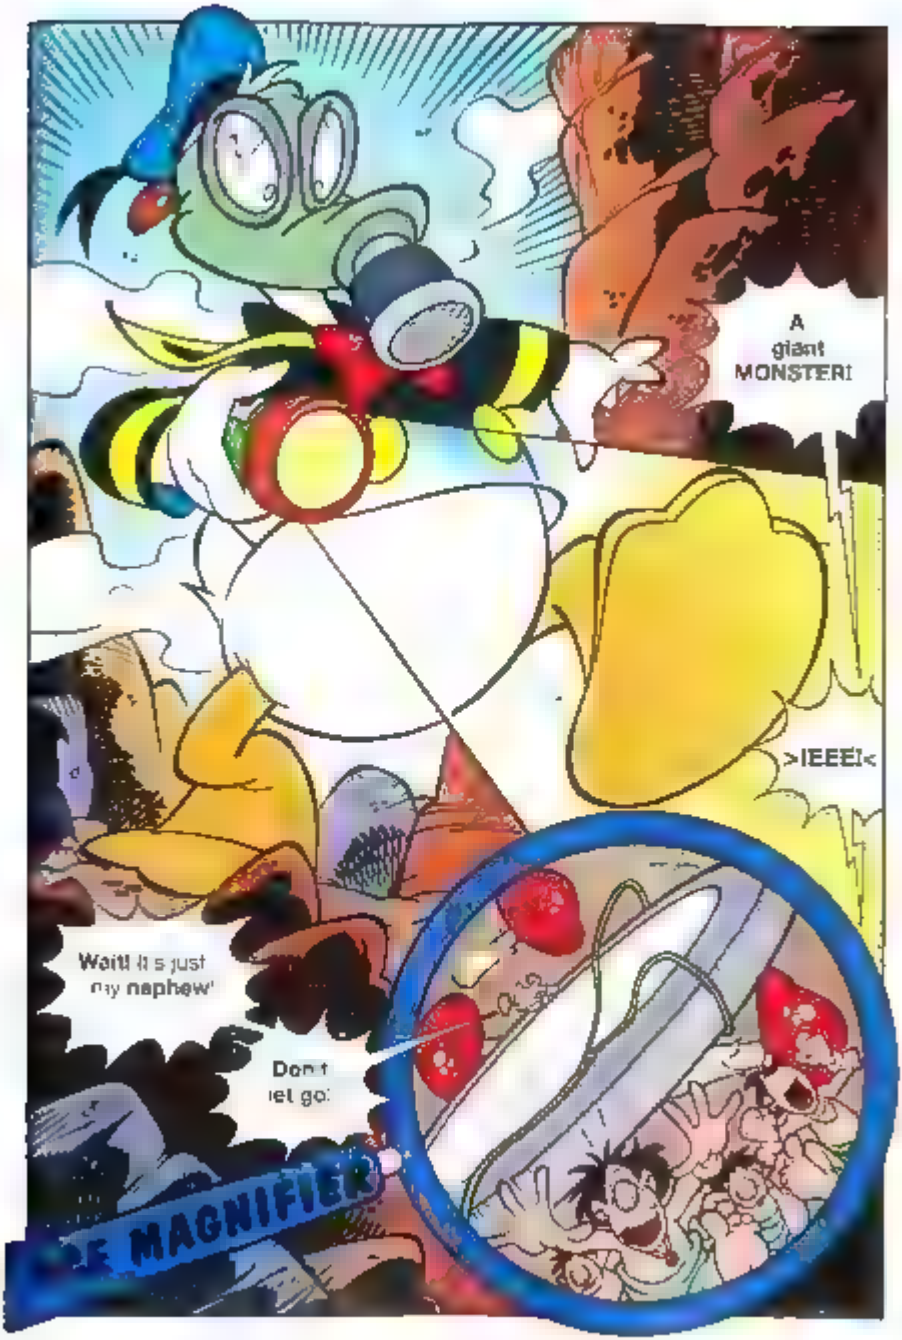
»Ugh!« These poor people need my dime's luck just to survive
What do you think
dunno
But I'll make it up to 'em
Listen! If you help me your reward will be more than a few paltry mushrooms
Without it my poor fortune will dwindle to mere quadrillions!
I've gotta get it back
Your reward will be godly!
And I mean it!
What do you say Papa Anans? Shall we slave for the fallen all father?
Whew! Now if only Donald
YES!
Should we ?
believe in the feathered one
Me too!



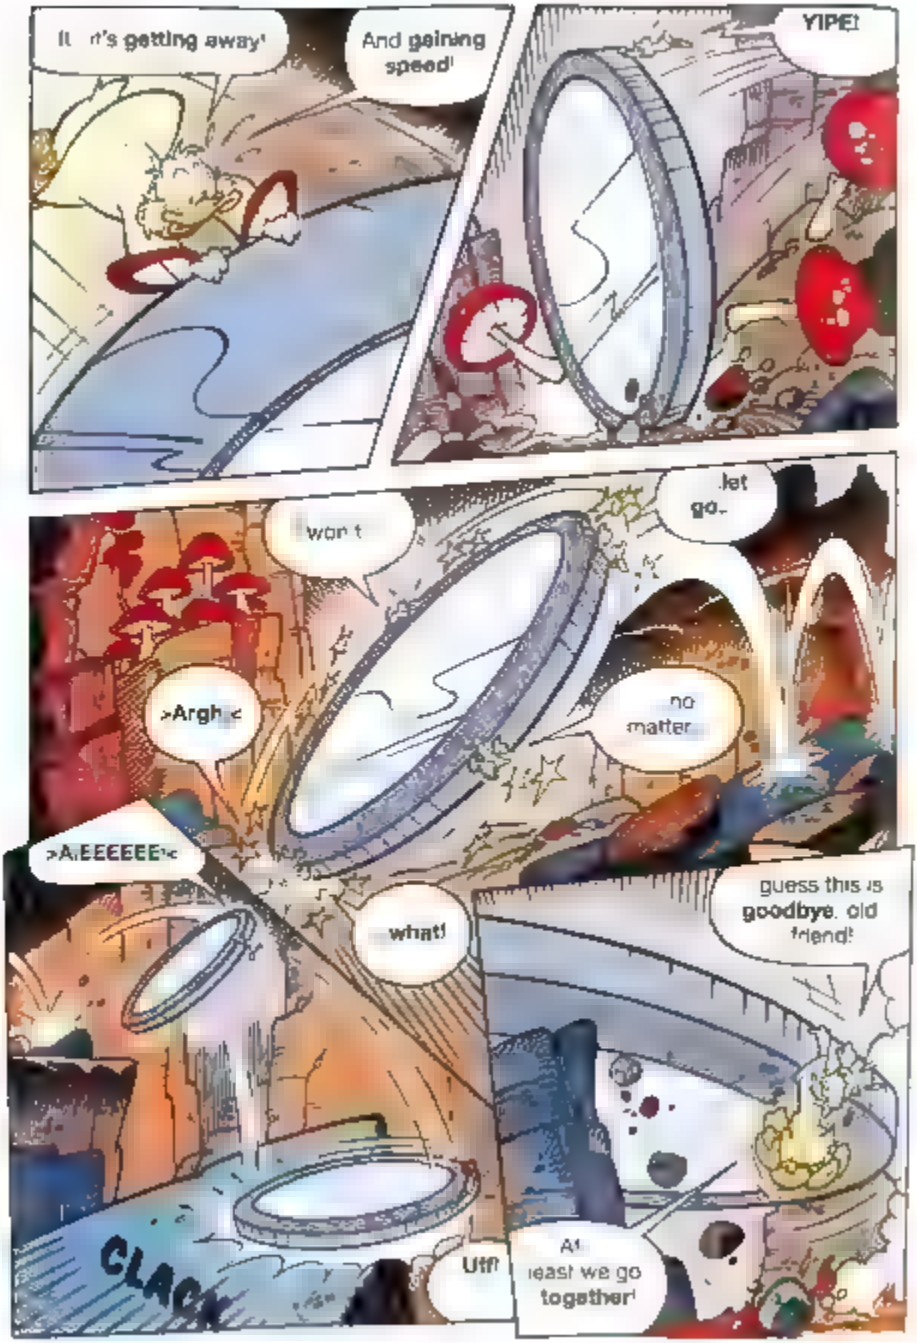
"...will stick around a while longer!"
»Choke!« So long, Uncle Scrooge!
If only could've found him!
But there was no way past that poison gas!
Emergency Air Mask
Unless Hmm!
YES!
Maybe there is a way!
Below, it's a scene of biblical proportions... in 1/32 scale
That's it people!
You're doing great
HEAVE! HEAVE!
PULL! PULL!
PUSH! PUSH!



The godly Scrooge asks much of us
Gods tend
Pull! Till your hides crack -- and your backs break
You're joking
Sorry! heard it in a movie once
Watch it, man!
Keep the mushroom stalks behind the wheels. Don't let 'em slip back
We're doing it
We're almost there
This is an epic accomplishment in our history
Praise be to the feathered father
THOOMTHOOM
Why feel oppressed suddenly?
Uh oh!
What's that?
The ground is trembling
Look! A strange light!
Whatever it is, it's coming toward us
THOOM THOOM
THOOM THOOM



A giant MONSTER!
>IEEE!<
Wait! It's just my nephew!
Don't let go!
E MAGNIFIER



It n's getting away!
And gaining speed!
YIPE!
Let go-
won't
>Argh<
no matter
>AIEEEEEE!<
what!
guess this is goodbye, old friend!
CLACK
Uff!
At least we go together!

Hold on! Is that what I think it is?
>Up.<
Uncle Scrooge's dime!
>SEE-ING!
DONALD!
He must be around here
But where?
>Oof!<
>Ugh.<
I wonder if other gods have such flaky relatives?
There's no sign of him!
@*#?!
Nothing but these odd-looking ant hills
>AIEE!<
>ARGH!<
Run for your life!
TWUM!

Our city! Our fungus plants! Everything is destroyed!
This is the worst luck ever to befall Papa Ana
I found Uncle Scrooge's hat and glasses! He must've fallen in the lava!
-Choke!- That's it, then!
Later —
I still hear Uncle Scrooge's voice in my head!
As if tiny and far away Screaming at me
Oh, I didn't want this to happen
It's all this cursed dime's fault!
This is the last anyone will see of you, you bad luck charm!
Don't you dare!
Huh!

Have I got things to say to **you**!
>Ulp!<
Don't you dare **faint** your way out of it either buster!
Don't look so **shocked**!
Away from the fumes I'm slowly **growing** again!
You're going to fly me **home**! And after we **pick up** a few things
we're coming **right back** here
...ve got a few **chores** for you Donald!
Down in that **cave**!

And so —
Faster Donald The Papa-Anans can't wait to start living in their fancy new city!
— hurrying
But don't get it!
It's their decision to stay live here and stay small
but you'd make billions if you moved them and exploded the shrinking gas
They wouldn't be able to stay small then!
My scientists are analyzing samples of the gas but I won't disrupt the Papa-Anans lives any further!
That's not like you
Well maybe fancy a place where a dime is like ten-million-dollars worth of silver!
And perhaps I also fancy
the chance to play a god for a little while!
END

Und es geht weiter ... Entenhausen wird zu Duckburg, Micky zu Mickey - aber Donald bleibt Donald. Eine treffende Kernaussage für den vierten Band der LTB English Edition, mit der erstmals englischsprachige Disney-Comics im deutschsprachigen Raum verlegt werden. Beste Unterhaltung mit sorgsam überarbeiteten Texten, die neben einem umfassenden Vokabelteil dafür sorgen, dass die Lektüre auch wirklich leichtfällt. Lernen und Lachen - learn and laugh – das ist ganz einfach mit Entenhausen, oder hier eben ... Duckburg.
